Torana Manual:

Torana 1900 General Motors-Holden's,1972 *Holden TA Torana* General Motors-Holden's Sales Pty. Ltd. Service Division,1974 **MALABAR MANUAL by William Logan** , Commentary William Logan s Malabar is popularly known as Malabar Manual It is a huge book of more than 500 000 words It might not be possible for a casual reader to imbibe all the minute bits of information from this book However in this commentary of mine I have tried to insert a lot of such bits and pieces of information by directly quoting the lines from Malabar On these quoted lines I have built up a lot of arguments and also added a lot of explanations and interpretations I do think that it is much easy to go through my Commentary than to read the whole of William Logan s book Malabar However the book Malabar contains much more items than what this Commentary can aspire to contain This book Malabar will give very detailed information on how a small group of native Englishmen built up a great nation by joining up extremely minute bits of barbarian and semi barbarian geopolitical areas in the South Asian Subcontinent *The Student's Manual of Indian-Vedic-Sanskrit-Prakrut-Pali Literature* P.
