Touched Duane C. Scott, 2001-09 **Light Touches** Alice Barnaby, 2016-11-10 *Light Touches* Cultural Practices of Illumination 1800 1900 explores how urban lives in the nineteenth century were increasingly touched by innovations in the technologies and aesthetics of illumination Dramatic changes in qualities of light and darkness became acutely palpable to the human sensorium using seeing feeling and being in light were now matters of intense personal and cultural concern Light gave meaningful vitality to the period s material culture and light itself became something to be perceptually consumed Over the course of six chapters Alice Barnaby traces how light was used in amateur artistic pastimes interior design and clothing fashions spectacular public amusements volatile street demonstrations and art gallery designs From these previously unexplored examples a more complex history of light in the period emerges Society s fascination with illumination its desire to work with it and make meaning from it gave rise to a distinctly new set of cultural practices Through these practices unexpected discoveries about the modern world were revealed Light proved to be instrumental in everyday acts of experimentation and imaginative enquiry Barnaby offers an intervention into the dominant scholarly narrative of the nineteenth century which traditionally reads modernity as synonymous with the formation of a spectacular disembodied visuality *Light Touches* in contrast returns vision to the body and foregrounds the actively felt as well as seen sensation of light In coming to understand these cultural practices of illumination the book reconsiders many assumptions about nineteenth century modernity Aristaenetus, Erotic Letters , 2014-04-15 The first complete English translation of Aristaenetus in nearly three centuries Through allusion and adaption of earlier authors Aristaenetus recounts tales that are the stuff of comedy erotic poetry and ancient novel Here we read of lovers who use every trope of erotic literature to praise their beloveds in over the top speeches Aristaenetus amazes us with tales of paramours hatching complicated schemes to achieve their desires while wily go betweens help smooth their way He presents us with accounts of unfaithful spouses who barely avoid capture in the midst of hair raising and amusing infidelities This sixth century collection is perfect for anyone interested in classical and postclassical literature Features English translation and Greek text on facing pages Introduction with history of the text Discussion of intertextual connections with Greco Roman authors **The Gleaming Clouds** Murray Alfredson, 2013-01-08 Alfredson has many moods many dictions many themes He at once glories in and laments the ephemeral the only lasting quality in his world This harmonises with his Buddhist outlook on life His is a religious sensibility that draws however on many traditions and myths one of respect for all beings the soils the rocks the plants the people and other animals the living the dead *Love* Anna G. Jónasdóttir, Ann Ferguson, 2013-11-12 This unique timely book of original essays sets the stage for a new materialist feminist debate on the analysis ethics and politics of love The contributors raise questions about social power and domination situating their research in a materialist feminist perspective that investigates love historically in order to understand changing ideologies representations and practices The essays range from studies of

particular representations and examples of love feminist translation mass media images and internet love blogs to feminist theories of love and marriage to ethical and political theories describing critiquing or advocating the use of love in groups as a radical force They break new ground in bringing together questions of gendered interests in love temporal dimensions of loving practices and the politics of love in radical transformations of society *The Beats* Harvey Pekar, Ed Piskor, 2010-04-13 Details the history of the Beat movement which began in the 1940s and describes the lives of Jack Kerouac Allen Ginsberg and William Burroughs along with other writers artists and events in a graphic novel format **The Collected Poems of Philip Lamantia** Philip Lamantia, 2019-10-22 The Collected Poems of Philip Lamantia represents the lifework of the most visionary poet of the American postwar generation Philip Lamantia 1927 2005 played a major role in shaping the poetics of both the Beat and the Surrealist movements in the United States First mentored by the San Francisco poet Kenneth Rexroth the teenage Lamantia also came to the attention of the French Surrealist leader Andr Breton who after reading Lamantia s youthful work hailed him as a voice that rises once in a hundred years Later Lamantia went on the road with Jack Kerouac and shared the stage with Allen Ginsberg at the famous Six Gallery reading in San Francisco where Ginsburg first read Howl Throughout his life Lamantia sought to extend and renew the visionary tradition of Romanticism in a distinctly American vernacular drawing on mystical lore and drug experience in the process The Collected Poems gathers not only his published work but also an extensive selection of unpublished or uncollected work the editors have also provided a biographical introduction Touch and Intimacy in First World War Literature Santanu Das, 2006-04-06 The First World War ravaged the male body on an unprecedented scale yet fostered moments of physical intimacy and tenderness among the soldiers in the trenches Touch the most elusive and private of the senses became central to war experience War writing is haunted by experiences of physical contact from the muddy realities of the front to the emotional intensity of trench life to the traumatic obsession with the wounded body in nurses memoirs Through extensive archival and historical research analysing previously unknown letters and diaries alongside literary writings by figures such as Owen and Brittain Santanu Das recovers the sensuous world of the First World War trenches and hospitals This original and evocative study alters our understanding of the period as well as of the body at war and illuminates the perilous intimacy between sense experience emotion and language as we try to make meaning in times of crisis Touching and Imagining Jan Svankmajer, 2014-03-27 Jan Aevankmajer wrote this remarkable book on tactile art when he stopped directing films after censorship by the Czechoslovakian government and experimented intensively with tactile phenomena and the creative imagination Illustrated with over 100 images the book is organised around many reproductions of Aevankmajer s wondrous tactile art objects tactile poems experiments and games It also includes dialogues with and artworks by other collaborating artists from the Group of Czech and Slovak Surrealists Aevankmajer also gathers together as contributors such notable exponents of tactual experience as Edgar Allen Poe Guillaume Apollinaire Salvador Dali Marcel Duchamp Meret Oppenheim Ay O and F T
