Tough Choices Bringing Moral Issues Home:

Tough Choices Sean Lynch, Brian O'Brien, 2003 *Tough Choices Bringing Moral Issues Home* is a unique resource for use in Catholic high schools and parish religious education or youth ministry programs. It provides concrete ways for teenagers to learn about, apply, and make choices involving a number of current and practical moral issues. However, the real uniqueness of the material is that it suggests ways for these dilemmas to be shared and discussed between the teens and their parents. How so? Though applicable in several different courses and programs, the basic approach is for a teacher, catechist, or youth minister to assign a moral dilemma to be taken home, read, and discussed using the questions that accompany each. A due date for the assignment is given. By that date, the teenager is to return the sheet to class, signed by his or her parents. This accountability helps to assure that parents not only have a voice in their teen's moral development but continue in their God-given role as primary educators of their children. Each of the issues is prefaced by a general overview providing the teacher some needed background to help introduce discussion. Another section summarizes the Catholic Church's teaching on each of these issues. Moral dilemmas can be assigned based on their correlation to topics being covered in the curriculum, issues that arise in the school or among the teen's peer group, current events, or in many other situations relevant to the particular school or parish. *Tough Choices Bringing Moral Issues Home* also includes online access to allow teachers to adjust the dilemmas and change names and situations to better apply them to their own teenagers. Rooting Your Teen in the Faith Kim Cameron-Smith, 2023-01-03 While Catholic teens drifting away from the Faith is unfortunately an increasingly common occurrence, it's not inevitable. We as parents are uniquely qualified to lead our teens to a relationship with Christ. During the difficult teenage years, parents, not youth ministers, teachers, or parish programs, play a pivotal role in our children's faith development. In *Rooting Your Teen in the Faith*, family coach, catechist, author, and mom Kim Cameron-Smith empowers parents to shepherd their teens, guiding them to discover their mission, deepen their faith, and discern the truth about their identity and purpose. There is no perfect blueprint for evangelizing teenagers, but there is the right relationship, the parent-child bond. If we lean into our call to lead, inspire, free, and transform our children by the end of the teenage years, they will be equipped to respond to God's movements in their lives. Good Kids, Tough Choices Rushworth

M. Kidder, 2010-09-27 A practical analysis and inspiring guide for teaching kids ethical fitness. Parents are beginning to realize that deficiencies in ethics and character are becoming a big problem among our nation's children. According to the latest data, lying, cheating, and rampant insensitivity to other people are increasingly common. What can parents do? In this book, ethics expert Rushworth Kidder shows how to customize interventions to a child's age and temperament. He encourages parents not to give up, since what they do can always make a difference, regardless of how long or deep the bad habits of dishonesty may be. Encourages parents to intervene early and re-establish children on the right course. Explores the keys to ethical behavior: honesty, responsibility, respect, fairness, and compassion. All of Kidder's practical advice is based on the latest

psychological and neuroscientific research about how kids develop character and learn what's right and wrong
