Tourism Grade 11 June Paper 2014:

The Intersection of Star Culture in America and International Medical Tourism Kathy Merlock Jackson, Lisa Lyon Payne, Kathy Shepherd Stolley, 2015-12-24 Celebrity culture health care and travel attract attention in America's media saturated society. These worlds curiously intersect in the study of medical tourism. Although the US touts some of the finest and best known medical facilities in the world, many jet-setting A-list celebrities who can well afford the finest of health care seek treatment far away from home, popularizing international sites, physicians and procedures. These travelers whose every move is chronicled by the media both reflect and influence health care concerns in America. An analysis of these high-profile cases of celebrities with both life-threatening and non-life-threatening conditions sheds light on the link between medical tourism and celebrity, showing how health care and entertainment intersect and the American public responds. *The Intersection of Star Culture in America and International Medical Tourism* Celebrity Treatment argues that celebrity cases and media content drive awareness of medical tourism among Americans at a time when the medical system is under intense scrutiny. By popularizing international sites for treatment, procedures not available in the US, and different approaches to patient care, media narratives present options for health care, triggering dialogue on one of America's most important human welfare issues.

Qualitative Methods in Tourism Research Wendy Hillman, Kylie Radel, 2018-01-05 This volume seeks to expose and illustrate new approaches and thinking in qualitative methods that are being developed and implemented in tourism research. The contributions bring together various qualitative methods and approaches while also providing suggestions for the juxtaposition of qualitative and quantitative methods in mixed methods research. The book has been written with a cross-disciplinary approach which provides an insight into the art of research development from business, sociology and tourism perspectives. The chapters provide readers with a context and practical application examples for each method. They present a distinctive opportunity for social researchers from a range of disciplines, in particular tourism, to examine how to adapt the wide variety of qualitative approaches to their particular research needs.

Heritage, Screen and Literary Tourism Sheela Agarwal, Gareth Shaw, 2017-11-15 This book examines the main issues and concepts relating to heritage, screen and literary tourism (HSLT) and provides a comprehensive understanding and evaluation of these three forms of tourism in the context of global tourism development. It analyses the demand and supply of HSLT within the frameworks provided by service dominant logic and value creation to enable a critical perspective on how HSLT tourist experiences are created, produced and shaped. The volume explores the challenges which relate to the role of the consumer in the co-creation of the tourist experience and the implications this has for the development, marketing, interpretation, consumption, planning and management of HSLT. It will appeal to researchers and students of heritage, tourism, film and literary tourism, media-driven tourism, tourism planning and destination development and management.

The Future of Tourism Eduardo Fayos-Solà, Chris Cooper, 2018-08-22 This book presents the foundations for the future of tourism in a

structured and detailed format The who is who of tourism intelligence has collaborated to present a definitive blueprint for tourism reflecting the role of science market institutions and governance in its innovation and sustainability The book adopts a comprehensive approach exploring recent research and the latest developments in practice to inform the reader about instruments and actions that can shape a successful future for tourism Broad in scope the book incorporates the perspectives of leading tourism academics as well as the views of tourism entrepreneurs destination managers government officials and civil leaders The book is divided into three parts the first of which addresses the scientific facets of innovation analyzing the challenges and opportunities that technology provides for organic and disruptive developments in tourism which will shape its future In turn the second part examines socio cultural paradigms with a view to dismantling traditional barriers to innovation It also explores the role of heritage and the ethics of inclusiveness as drivers for sustainable tourism The third part investigates new ways and means in governance and policy making for tourism It introduces advances such as strategic positioning symbiotic partnerships and innovative management and closes by presenting governance frameworks for an inclusive and sustainable future of tourism

Exploring Civic Innovation for Social and Economic Transformation Kees Biekart, Wendy Harcourt, Peter Knorringa, 2016-05-12 This edited collection examines the globally rising phenomenon of civic innovation Combining nuanced theory with rich empirical examples this book defines the dynamic and complex process of civic innovation as the multiple economic political and social processes where peoples organizations movements and ideas are shaping struggles for global justice on the interface of capitalism Exploring Civic Innovation for Social and Economic Transformation reflects the increasingly holistic approach to development in terms of both teaching and research and illustrates how civic innovation happens everywhere at the global and institutional level as well as in communities and for individuals Through conceptual debate and narrative accounts this book explores the new practices emerging from varying economies transformative empowerment strategies in global value chains local politics of social movements and the struggles for rights in regards to race gender and sexuality Bringing together scholars from a range of disciplines this book would be of interest to post graduate students of development studies with an interest in social research

The Routledge Handbook of Second Home Tourism and Mobilities C. Michael Hall, Dieter Müller, 2018-04-17 Second homes have become an increasingly important component of both tourism and housing studies They can directly and indirectly contribute a significant number of domestic and international visitors to destinations and may be part of longer term retirement lifestyle and amenity migration that can have significant economic and social effects on communities and destination development This volume offers an overview of different disciplinary and methodological approaches to second homes while simultaneously providing a broad geographical reach Divided into four parts exploring governance development community and mobile second homes the book provides a contemporary account of the major issues in an area of growing international interest This timely handbook covers a wide range of dimensions from planning to the role of second homes in development
