Evolving Business Models Christoph Franz, Thomas Bieger, Andreas Herrmann, 2017-05-09 This book addresses the core challenges currently faced by traditional companies In the age of digitization many industries are now challenged by disruptions of the traditional value chain new competitors are coming into play traditional products don't sell any more and profits are at risk As such CEOs need to adopt new business models for these established industries while many companies have to reinvent themselves by developing new products for new markets In this book leading CEOs share their experiences in transforming established companies They provide insights on transforming industries and demonstrate what it takes to redefine companies from the ground up Issues such as organizational transformation new product development implementing a new organizational spirit and many more are discussed

Leading Collaborative Architectural Practice Erin Carraher, Ryan E. Smith, 2017-03-27 The groundbreaking guide to modern leadership in architectural practice Leading Collaborative Architectural Practice is the leadership handbook for today's design and construction professionals Endorsed by the American Institute of Architects this book describes the collaborative approach to leadership that is becoming increasingly prevalent in modern practice gone are the days of authoritative star architects today's practice is a brand and requires the full input of every member of the team This book builds off of a two year AIA research project to provide a blueprint for effective leadership the ability awareness and commitment to lead project teams who work together to accomplish the project's goals Both group and individual hands-on exercises help facilitate implementation and extensive case studies show how these techniques have helped real world firms build exemplary success through collaborative teamwork and leadership Highly illustrated and accessible this approach is presented from the practicing architect's point of view but the universal principles and time tested methods also provide clear guidance for owners contractors engineers project managers and students Build a culture of collaboration commitment and interpersonal awareness Adopt effective leadership techniques at the team project or practice level Handle conflict and resolve communication issues using tested approaches Learn how real world projects use effective leadership to drive success The last decade has seen a sea change in architectural leadership New practices no longer adopt the name and identity of a single person but create their own identity that represents the collaborative work of the entire group Shifts in technology and changing workplace norms have made top down management structures irrelevant so what does it now mean to lead Forefront presents effective contemporary leadership in the architectural practice and real world guidance on everyday implementation

The Routledge Companion to Lean Management Torbjorn H. Netland, Daryl J. Powell, 2016-12-08 Interest in the phenomenon known as lean has grown significantly in recent years This is the first volume to provide an academically rigorous overview of the field of lean management introducing the reader to the application of lean in diverse application areas from the production floor to sales and marketing from the automobile industry to academic institutions The volume collects contributions from well known lean

experts and up and coming scholars from around the world The chapters provide a detailed description of lean management across the manufacturing enterprise supply chain accounting production sales IT etc and offer important perspectives for applying lean across different industries construction healthcare logistics The contributors address challenges and opportunities for future development in each of the lean application areas concluding most chapters with a short case study to illustrate current best practice The book is divided into three parts The Lean Enterprise Lean across Industries A Lean World This handbook is an excellent resource for business and management students as well as any academics scholars practitioners and consultants interested in the lean world

The Public Sector in an Age of Austerity Bryan M. Evans, Carlo Fanelli, 2018-07-23 Following the 2008 global financial crisis Canada appeared to escape the austerity implemented elsewhere but this was spin hiding the reality A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered the burden The Public Sector in an Age of Austerity examines public sector austerity in the provinces and territories specifically addressing how austerity was implemented what forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes and what if any political responses resulted Contributors focus on the period from 2007 to 2015 the global financial crisis and the period of fiscal consolidation that followed while also providing a longer historical context austerity is not a new phenomenon A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances highlighting the consequences such changes have had for public sector workers and users of public services The first book of its kind in Canada The Public Sector in an Age of Austerity challenges conventional wisdom by showing that Canada did not escape post crisis austerity and that its recovery has been vastly overstated

The Excellent Education System Daniel Bloom, 2017-12-12 The Excellent Education System Using Six Sigma to Transform Schools helps you discover and understand the technique of evidence based learning and operations through which the modern school satisfies the need to increase the flow of successful students through the educational system from Kindergarten through Grade 12 This book explains in clear terms what educational excellence means and the principles of process improvement In addition it gives your an introduction to the Six Sigma methodology Included in the discussion are case studies of educational professionals who have found a new world centered in the evidence based educational processes These processes lead to many examples of dramatic turnarounds in some failing schools The author presents strategies and actions that you can use to improve schools such as those presented in the case studies The Appendices provide a wide variety of tactical resources for implementation

The Dynamics of Care Eric Wolstenholme, Douglas McKelvie, 2019-10-10 This book describes numerous projects which shed light on some of the most persistent issues of the day in health and social care The work demonstrates the importance of embedding the concept of flow into everyday health and social care thinking and creates insights into patient journeys through different conditions and treatments It suggests that improving throughput

across agencies is the key way to improving the performance of health treatment whereas increasing capacity is the key way to improving the performance of social care by retaining independent living The authors conclude that for state provided care balancing health and social care provision can eliminate the many stressful fire fighting strategies hospitals have to undertake when faced with high demands and this is a win win scenario in terms of patients staff and costs Further that there is a need for better understanding of the dynamics of population ageing the dynamics of health conditions and the provision of better integrated information systems The book will be a valuable resource for practitioners clinicians managers and academics in health social work public health and public policy in many countries In this important book Eric Wolstenholme and Douglas McKelvie bring two lifetimes of award winning experience in applying system dynamics to improving our very clinically advanced but often dysfunctional care systems David F Andersen O Leary Distinguished Service Professor Emeritus State University of New York Albany USA Health and social care suffer from some persistent and serious problems which not only undermine well intended care but also impose considerable costs in many societies This very welcome and exceptional book offers the hope of sound and sustainable solutions to many of these issues Kim Warren Strategy Dynamics London UK
