Villas And Saunas In Finland 2nd Extended Edition:

Books from Finland ,1994 Finnish Summer Houses Jari Jetsonen,Jetsonen Sirkkaliisa,2008-03-20 Summer is when Finland is at its spellbinding best Emerging from a seven month long winter Finns head outdoors to savor the magical light of the all too brief Scandinavian summer Cityscapes give way to pristine lakes endless forests and idyllic seaside vistas The Finnish summer house offers a unique opportunity for their owners to relax get back intouch with nature and enjoy outdoor activities such as boating swimming and hiking Not surprisingly the architecture of the Finnish summer house occupies an almost mythic even mystical place in the hearts of their inhabitants as well as their architects Indeed many Finnish architects regard the design of their own summer residence or weekend studio as one of their most important works For them the summer house is not only a place to spend leisure time but also a chance to study specific technical details and experiment with new spatial concepts Finnish Summer Houses presents in detail twenty villas cottages and cabins by architects such as Eliel Saarinen Oiva Kallio Alvar Aalto and Juhani Pallasmaa among many others Authors Jari and Sirkkaliisa Jetsonen use contemporary photographs archival images drawings and plans to illustrate the diversity found in the designs of Finnish summer residences From Lars Sonck s Lasses Villa 1895 with its traditional farmhouse elements and Alvar Aalto s Muuratsalo Experimental House 195254 to Erkki Kairamo s sparse Villa Aulikki 19952003 which seems to grow out of its landscape the works in this book are of a highly personal nature indeed most of the summer houses are still used by the architect or the families of their children The very best examples of these fantastic summer homes are collected here making Finnish Summer Houses an inspiration for anyone dreaming about a summer home of their own **Helsinki** Neil Kent,2004 Kent explores the history and culture of the Daughter of the Baltic a small fishing village that became a powerhouse of design and technology Illustrations maps *Lonely Planet Finland* Lonely Planet, **Land of the Olympians** Robert Corfe,2009 This is a penetrating study of many aspects of life thought and everyday existence in Scandinavia as experienced through the author s 9 year residence in the enlightened far north in the 1960s Robert Corfe is primarily known as a thought provoking writer of books published in the 21st century but this work comprises a selection of his articles published in the Finnish press popular magazines and learned journals in the 1960s The collected articles are put into context for a contemporary readership by a lively introductory chapter entitled Seeing The Future Through The Past which describes how Scandinavia was 50 years in advance of Britain in terms of political thinking and social development And now Britain has caught up and shares in the benefits and also the dis benefits of a modernised technological society Of considerable interest are the articles on British society and its problems as viewed through the eyes of a British resident acclimatised to the cultural environment of Finnish life The articles reflect clearly the development of the author s political ideas on the need for a classless society in more effectively contributing to communal prosperity and internal harmony The Scandinavians enviable policy of neutrality and disengagement from the conflicts of the great power blocs in achieving national security is highlighted as contributing to

the happiness of their people In view of an impending new Cold War between Russia and the West the arguments developed are perhaps of greater significance today than when they were formulated more than 40 years ago Many of these ideas were to be given greater depth in the author s major works published many years later in the 21st century Perhaps most entertaining in this collection is the delicious satirical story What The Watchdog Saw a savage attack on the absurdities of the British far left as well as those of the far right As a percipient introduction to the mindset of the enlightened Scandinavian people based on both scholarship and personal experience this book could hardly be bettered for such a purpose **The Spectator** ,1973 A weekly review of politics literature theology and art *Form Function Finland* ,1984
 Spartacus International Gay Guide ,1997 Avery Index to Architectural Periodicals. 2d Ed., Rev. and Enl Avery
Library,1995 The Architects' Journal ,1979-10
