Nobel Prize in literature as it gained a central position in 20th century global literary culture Few scholars would deny that the Nobel Prize is the most prestigious literary award in the world But what mechanisms made it possible for 18 Swedish intellectuals to become the world s most influential literary critics Paul Tenngart argues that the Nobel Prize in literature has become a special kind of international canonization exerted from a non central semi peripheral position the award sometimes confirms and reinforces hierarchical relations between literary languages and cultures and sometimes disturbs established patterns of dominance and dependence Drawing from a wide range of contemporary theories and methods this multifaceted history of the Nobel Prize questions how the Swedish Academy has managed to keep the prize s global status through all the violent international crises of the last 120 years how the selection of laureates shaped the idea of universal literary values and defined literary quality across languages and cultures and what impact the prize has had on the distribution and significance of particular works literatures and languages The Nobel Prize and the Formation of Contemporary World Literature explores the history and impact of the Nobel Prize in literature from the first award in 1901 through recent controversies involving Bob Dylan and MeToo arguing that the prize is a unique performative act that has been and still is central in our continual and collective construction of world literature *A Masterpiece of World Literature : From Classical to Present Era* Dr. Rishikesh Tewari,2025-05-14 This magnum opus A MASTERPIECE OF WORLD LITERATURE From Classical To Present Era is a seminal work that encapsulates the vast expanse of literary theory and criticism traversing the realms of American Australian and Indian literature This comprehensive tome delves into the complexities of colonial and post colonial literatures while also exploring the ancient and new literatures in English Furthermore it ventures into the domain of comparative literature offering a nuanced understanding of the diverse literary traditions that have shaped the world s cultural heritage A distinctive feature of this book is its focus on Contemporary Indian Literature in English Translation providing a platform for the voices of Indian writers to be heard globally Additionally it examines the significance of English studies in India highlighting the impact of linguistic and cultural diversity on literary expression By weaving together these disparate threads this masterpiece presents a rich tapestry of world literature serving as an invaluable resource for scholars students and literature enthusiasts alike *Whitaker's Shorts 2015: The Year in Review* Bloomsbury Publishing,2014-11-20 Now in its 147th edition Whitaker s Almanack is the definitive reference guide containing a comprehensive overview of every aspect of UK infrastructure and an excellent introduction to world politics Available only as ebooks Whitaker s Shorts are selected themed sections from Whitaker s Almanack 2015 portable and perfect for those with specific interests within the print edition Whitaker s Shorts 2015 The Year in Review includes a digest of the 2013 14 year s events in the UK and abroad and articles covering subjects as diverse as Archaeology Conservation Business and Finance Opera Dance Film and Weather There is also an A Z listing of all the results for the major sporting events from Alpine Skiing through to Fencing Football Horse Racing Polo and Tennis The English Short Story in Canada Reingard M.
