Violence Inequality A:

Violence, Inequality, and Human Freedom Peter Iadicola, Anson Shupe, 2012-10-26 *Violence Inequality and Human Freedom* is a sociological introduction to the study of violence that looks at violence on three different levels structural institutional and interpersonal The third edition is updated throughout including a new chapter on educational violence and revised sections on economic and international violence

Violence for Equality (Routledge Revivals) Ted Honderich, 2014-10-14 *Violence for Equality* first published in 1989 questions the morality of political violence and challenges the presuppositions inconsistencies and prejudices of liberal democratic thinking This book should be of interest to teachers and students of philosophy and politics

Climate Change, Human Security and Violent Conflict Jürgen Scheffran, Michael Brzoska, Hans Günter Brauch, Peter Michael Link, Janpeter Schilling, 2012-05-26 Severe droughts damaging floods and mass migration Climate change is becoming a focal point for security and conflict research and a challenge for the world's governance structures But how severe are the security risks and conflict potentials of climate change Could global warming trigger a sequence of events leading to economic decline social unrest and political instability What are the causal relationships between resource scarcity and violent conflict This book brings together international experts to explore these questions using in depth case studies from around the world Furthermore the authors discuss strategies institutions and cooperative approaches to stabilize the climate society interaction

Explaining Collective Violence in Contemporary Indonesia Z. Tadjoeeddin, 2014-05-07 Tadjoeeddin uniquely explores four types of violent conflicts pertinent to contemporary Indonesia secessionist ethnic routine everyday and electoral violence and seeks to discover what socio economic development can do to overcome conflict and make the country's transition to democracy safe for its constituencies

Family Violence in the United States Denise A. Hines, Kathleen Malley-Morrison, Leila B. Dutton, 2012-12-04 Thought provoking and insightful this book encourages readers to question assumptions evaluate information formulate hypotheses and design solutions to problems of family violence in the United States Using an ecological framework the authors engage readers in an informative discussion on the most well recognized forms of maltreatment in families as well as on less understood and more controversial forms such as maltreatment of male partners of parents and within LGBT relationships Rich in useful scholarly references and practical case materials the book also reviews and evaluates major efforts at intervention and prevention

Lethal Intersections Patricia Hill Collins, 2023-10-09 School shootings police misconduct and sexual assault where people are injured and die dominate the news What are the connections between such incidents of violence and extreme harm In this new book world renowned sociologist Patricia Hill Collins explores how violence differentially affects people according to their class sexuality nationality and ethnicity These invisible workings of overlapping power relations give rise to what she terms lethal intersections where multiple forms of oppression converge to catalyze a set of violent practices that fall more heavily on particular groups Drawing on a rich tapestry of cases Collins

challenges readers to reflect on what counts as violence today and what can be done about it Resisting violence offers a common thread that weaves together disparate antiviolence projects across the world When parents of murdered children organize against gun violence when Black citizens march against the excessive use of police force in their neighborhoods and when women and girls report sexual abuse by employers coaches and community leaders the ideas and actions of ordinary people lay a foundation for new ways of thinking about and combating violence Through its ground breaking analysis Lethal Intersections aims to stimulate debate about violence as one of the most pressing social problems of our times Also available as an audiobook *Economic Liberalization and Political Violence* Francisco Gutiérrez Sanín, Gerd Schönwälder, 2010-09-15 Globalisation has spread neoliberal political economies worldwide but is the globalising of this economic system a tool for spreading peace and prosperity or a harbinger of conflict and war The authors examine the effect of neoliberalism on violent conflict and war making in Sudan the Ivory Coast Peru and Colombia Through quantitative and qualitative analyses they challenge advocates and opponents of neo liberal reforms revealing that the shift to neoliberal policies has produced widely diverging outcomes in different contexts proving that the notion of global neoliberal homogeneity is flawed **Violence and Inequality** Thomas P. Leppard, Sarah C. Murray, 2024-02-01 Violence and Inequality explores the deep time archaeological relationship between violence and inequality focusing on prehistoric archaeology s contribution to the understanding of the human dynamics among coercive force aggression and the state Detailed archaeological case studies within a strong theoretical framework built from historical studies consider the role of coercive violence in trajectories toward complexity how levels and types of violence can be traced alongside emerging wealth disparities and the social role of violence The assumption that violence and its threat buttressed elite social control is now challenged from various perspectives This volume incorporates new models of the relationship between violence and social inequalities into the archaeology of social complexity building more complicated and nuanced understandings of how different modes of social violence can militate different types of social constitution Contributions from a variety of methodological angles such as the bioarchaeology of health and trauma and radiogenic isotope studies and the aesthetics of violence use a comparative perspective drawing on data from the Southwestern US Bronze Age China early dynastic Egypt ancient Mesopotamia Roman Britain and the Andes Violence and Inequality offers an original and deep history of violence and inequality Understanding the long term intersection of violence and inequality and how they support or erode one another is of intrinsic importance making this work significant to the study of archaeology economic history and collective action **Global Burden of Armed Violence 2011** Keith Krause, Robert Muggah, Elisabeth Gilgen, 2011-10-20 Maps the global distribution of lethal violence and presents an overview of the changing nature of conflict and crime **Gender Equality and Economic Development in Sub-Saharan Africa** Ms. Lisa L Kolovich, Ms. Monique Newiak, 2024-04-11 Efforts to achieve gender equality will not only help sub Saharan Africa revive its inclusive growth engine but also will ensure progress towards the Sustainable Development Goals and help

address the main disruptive challenges of this century This book explores the progress made in gender equality in the region highlighting both the challenges and successes in areas such as legal reforms education health gender based violence harmful practices such as child marriage and financial inclusion It takes stock of initiatives towards integrating gender into core macroeconomic and structural reforms such as through implementing gender budgeting and examines the role that fiscal and other policies can play in closing gender gaps when they are mindful of distributional impacts Drawing from extensive research across different institutions the book underscores the macroeconomic significance of gender equality emphasizing its potential to drive GDP growth enhance economic stability reduce income inequality and foster sustainable development It lays out how gender gaps interact with emerging challenges such as digitalization and explores the impact of global megatrends such as climate change on gender inequality offering strategies for inclusive policy responses including in a context where women and girls are still carrying a disproportionate care burden that is often not captured in economic measurement The book aims to serve as a roadmap for policymakers stakeholders and advocates seeking to harness the untapped potential of gender equality for its own sake and for the region s inclusive sustainable and green development It calls for concerted efforts to dismantle structural barriers transform social norms and prioritize gender responsive policies to unlock the full economic potential of sub Saharan Africa
