Violette Nozire A Story Of Murder In 1930s Paris:

Violette Nozière Sarah Maza, 2011-05-31 On an August evening in 1933 in a quiet working class neighborhood in Paris eighteen year old Violette Nozière gave her mother and father glasses of barbiturate laced medication which she told them had been prescribed by the family doctor one of her parents died the other barely survived Almost immediately Violette's act of double parricide became the most sensational private crime of the French interwar era discussed and debated so passionately that it was compared to the Dreyfus Affair Why would the beloved only child of respectable parents do such a thing To understand the motives behind this crime and the reasons for its extraordinary impact Sarah Maza delves into the abundant case records re-creating the daily existence of Parisians whose lives were touched by the affair This compulsively readable book brilliantly evokes the texture of life in 1930s Paris It also makes an important argument about French society and culture while proposing new understandings of crime and social class in the years before World War II **Violette**

Nozière Sarah C. Maza, 2011 Sarah Maza has written a vivid gripping and clear-eyed account of the celebrated Violette Nozière case which captivated French society in the 1930s A bold and imaginative story Violette Nozière opens an unexpected and revealing window onto interwar Parisian life Colin Jones author of Paris Biography of a City Sarah Maza's absorbing new book on Violette Nozière flapper fantasist and perpetrator of one of the most sordid and sensational French homicides of the 1930s is a scholarly true crime tale of the most intelligent sort Why might a seemingly respectable little mademoiselle from a nice bourgeois family want to poison her maman et papa at the breakfast table Alongside her riveting account of the crime and its aftermath Maza investigates the various pathologies familial social economic cultural psychosexual that may have figured in the mayhem At her trial Nozière claimed among other things that her father had sexually abused her for years The result is both a fascinating case history Greek tragedy rewritten as seedy policier and a chilling glimpse into the less salubrious aspects of French lower middle class life between the wars Terry Castle author of The Professor One of those rare and sophisticated works that tells a gripping story while evoking a complex historical period There exist very few cultural histories of the interwar years Carolyn Dean author of Aversion and Erasure The Fate of the Victim after the Holocaust Sarah Maza's book tells an arresting story that deftly combines conventional social history with a subtle analysis of gender and culture Using all the arts of the best storytellers she is careful not to give too much away and it is only with time and a remarkable conclusion that we realize that Violette Nozière is no ordinary tale Ruth Harris author of Dreyfus Politics Emotion and the Scandal of the Century **Stalin's Singing Spy** Pamela A. Jordan, 2016-01-21 Stalin's Singing Spy follows the

remarkable life of Nadezhda Plevitskaya a Russian peasant girl who achieved fame as one of Tsar Nicholas II's favorite singers and infamy as one of Stalin's agents Pamela A. Jordan traces Plevitskaya's life from her childhood in an isolated village to national stardom She always declared that she was foremost an artist who sang for all people regardless of their ideological leanings or socioeconomic background She claimed throughout her career to be fundamentally apolitical yet

decades later in Europe Plevitskaya was unmasked as one of Joseph Stalin's secret agents along with her husband White Russian General Nikolai Skoblin Their experiences in exile shed light on Stalin's covert operations and the hardships Russian migrants faced in interwar Europe an era of great political and economic turmoil In addition this book uncovers the roles that the couple played in one of the Soviets major intelligence coups the 1937 kidnapping of White Russian General Evgeny Miller in Paris Jordan recreates Plevitskaya's sensationalized 1938 criminal trial in the Palace of Justice where she was accused of conspiring to kidnap Miller and portrayed as a Red femme fatale The first Western biography of Plevitskaya and the first to reconstruct her dramatic trial this book provides a fascinating window into Soviet era espionage in interwar Europe

Becoming Beauvoir Kate Kirkpatrick, 2019-08-22 PROSE Award for Excellence in Biography and Autobiography Finalist 2020 One is not born a woman but becomes one Simone de Beauvoir A symbol of liberated womanhood Simone de Beauvoir's unconventional relationships inspired and scandalised her generation A philosopher writer and feminist icon she won prestigious literary prizes and transformed the way we think about gender with *The Second Sex* But despite her successes she wondered if she had sold herself short Her liaison with Jean Paul Sartre has been billed as one of the most legendary love affairs of the twentieth century But for Beauvoir it came at a cost for decades she was dismissed as an unoriginal thinker who applied Sartre's ideas In recent years new material has come to light revealing the ingenuity of Beauvoir's own philosophy and the importance of other lovers in her life This ground breaking biography draws on never before published diaries and letters to tell the fascinating story of how Simone de Beauvoir became herself France and Its Empire Since 1870 Alice L. Conklin, Sarah Fishman, Robert Zaretsky, 2015 Providing an up to date synthesis of the history of an extraordinary nation one that has been shrouded in myths many of its own making *France and Its Empire Since 1870* seeks both to understand these myths and to uncover the complicated and often contradictory realities that underpin them It situates modern French history in transnational and global contexts and also integrates the themes of imperialism and immigration into the traditional narrative Authors Alice L Conklin Sarah Fishman and Robert Zaretsky begin with the premise that while France and the U S are sister republics they also exhibit profound differences that are as compelling as their apparent similarities The authors frame the book around the contested emergence of the French Republic a form of government that finally appears to have a permanent status in France but whose birth pangs were much more protracted than those of the American Republic Presenting a lively and coherent narrative of the major developments in France's tumultuous history since 1870 the authors organize the chapters around the country's many turning points and confrontations They also offer detailed analyses of politics society and culture considering the diverse viewpoints of men and women from every background including the working class and the bourgeoisie immigrants Catholics Jews and Muslims Bretons and Algerians rebellious youth and gays and lesbians **France and Fascism** Brian Jenkins, Chris Millington, 2015-03-24 *France and Fascism* February 1934 and the Dynamics of Political Crisis is the first English language book to examine the most significant political event in interwar

France the Paris riots of February 1934 On 6 February 1934 thousands of fascist rioters almost succeeded in bringing down the French democratic regime The violence prompted the polarisation of French politics as hundreds of thousands of French citizens joined extreme right wing paramilitary leagues or the left wing Popular Front coalition This French civil war the first shots of which were fired in February 1934 would come to an end only at the Liberation of France ten years later The book challenges the assumption that the riots did not pose a serious threat to French democracy by providing a more balanced historical contextualisation of the events Each chapter follows a distinctive analytical framework incorporating the latest research in the field on French interwar politics as well as important new investigations into political violence and the dynamics of political crisis With a direct focus on the actual processes of the unfolding political crisis and the dynamics of the riots themselves France and Fascism offers a comprehensive analysis which will be of interest to undergraduate and postgraduate students as well as scholars in the areas of French history and politics and fascism and the far right

From Near and Far Tyler Stovall, 2022-12 From Near and Far relates the history of modern France from the French Revolution to the present Noted historian Tyler Stovall considers how the history of France interacts with both the broader history of the world and the local histories of French communities examining the impacts of Karl Marx Ho Chi Minh Paul Gauguin and Josephine Baker alongside the rise of haute couture and the contemporary role of hip hop From Near and Far focuses on the interactions between France and three other parts of the world Europe the United States and the French colonial empire Taking this transnational approach to the history of modern France Stovall shows how the theme of universalism so central to modern French culture has manifested itself in different ways over the last few centuries Moreover it emphasizes the importance of narrative to French history that historians tell the story of a nation and a people by bringing together a multitude of stories and tales that often go well beyond its boundaries In telling these stories From Near and Far gives the reader a vision of France both global and local at the same time

Surrealism in Egypt Sam Bardaouil, 2016-10-17 In the thick of the Second World War the Cairo based Surrealist collective Art et Liberté were pioneering new art forms and mounting subversive exhibitions that sent shockwaves across local artistic circles Born with the publication of their Manifesto Long Live Degenerate Art on December 22nd 1938 the group rejected the convergence of art and nationalism aligning themselves with a complex international and evolving Surrealist movement spanning cities such as Paris London Mexico City New York Beirut and Tokyo Art and Liberty created a distinct reworking of Surrealism which provided a generation of disillusioned Egyptian and non Egyptian artists and writers men and women alike with a platform for cultural reform and anti Fascist protest Surrealism in Egypt is the first comprehensive analysis of Art and Liberty's artworks literature and critical writings on Surrealism By addressing the group's long lost and often misconstrued legacy and drawing on a substantial body of previously unpublished primary documents and more than 200 field interviews the author charts Art and Liberty's significant contribution towards a new definition of Surrealism Moving beyond the polarizing dichotomies of

Saidian Orientalism this book rewrites the history of Surrealism itself advocating for a new definition of the movement that reflects an inclusive vision of art history The Velizh Affair Eugene M. Avrutin, 2018 The Velizh case was the longest ritual murder investigation in the modern world Drawing on newly discovered trial records historian Eugene M Avrutin looks beyond antisemitism as the single most important factor in understanding ritual murder accusations and in the process provides an intimate glimpse of small town life in eastern Europe **A Companion to the French Revolution** Peter McPhee, 2014-12-15 A Companion to the French Revolution comprises twenty nine newly written essays reassessing the origins development and impact of this great turning point in modern history Examines the origins development and impact of the French Revolution Features original contributions from leading historians including six essays translated from French Presents a wide ranging overview of current historical debates on the revolution and future directions in scholarship Gives equally thorough treatment to both causes and outcomes of the French Revolution
