### **Vip Ticket Subcribtion With Four Match:**

**Scum Airways** John Sugden, 2011-11-18 Football is big business and it doesn't come much bigger than Manchester United commercial giants and the richest club in the world. But in the shadow of Old Trafford a black economy is growing to rival the commercial power of the official sales channels. *Scum Airways* is an inside investigation of the Manchester grafters, touts, black marketeers and shady dealers who, led by characters like Big Tommy, have come up with a remarkably successful money-making venture. *Scum Airways* With the expansion of the Champions League came the opportunity for the grafters to move from ticket-touting and producing unofficial replica kits into the independent travel business. International Travel is the company for those who, through choice or because of their police records, prohibit them from traveling with the official clubs. Their customers include many straight supporters of Leeds United, arch-rivals of Man U, but Tommy's core clients are the Lads die hard, 30-something football hooligans. *Scum Airways* follows the exploits and adventures of Big Tommy and his team of grafters as they continue to build their empire. John Sugden went along for the ride and provides startling insights into professional football's burgeoning black economy. From Munich to Madrid, Amsterdam to Bangkok, through the streets and bars of Tokyo and Sapporo during the 2002 World Cup and beyond, *Scum Airways* reveals the dark side of the football business.

**Kicking Center** Rachel Allison, 2018-08-30 Investigation of a professional women's soccer league breaking through the ceiling of the male-dominated center of US professional sport. The author examines the challenges and opportunities and demonstrates how gender inequality is both constructed and disputed in professional sport.

**Show Me the Money!** Esteve Calzada, 2013-10-10 *Show Me The Money* is a fascinating sports marketing handbook that uses football to show how money can be made by clubs, tournaments, federations like FIFA, or by individual athletes. How do football clubs make their money? How do clubs become global brands and their stars recognised throughout the world? FIFA grossed over 2.3 billion from the 2010 World Cup in South Africa. The Champions League generates UEFA more than 1 billion in annual revenue. Sixty-five per cent of all the money spent on players in Ligue 1 in France for the 2012-13 season was spent by just one club, Paris Saint-Germain. Real Madrid's revenues increased 7 per cent in 2011-12 to 512 million, the highest in the world of football for the eighth consecutive year. The sums of money that bounce around elite football are staggering. Having revolutionised the sports marketing revenue streams for FC Barcelona, Esteve Calzada understands the numbers like no one before him. Full of real-world examples taken from his experiences at the frontlines, Esteve Calzada details how to get media presence, attract fans and generate revenue through the smart exploitation of facilities, sponsorships, television rights, players' image rights and the management of licensed products. This is a guide to sports marketing but not a dry textbook. It is essential reading for sports marketers and sports marketing students but fascinating to anyone interested in sport and the cascades of money in football.
