Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 **Sexual Harassment and Bullying** Susan Strauss,2011-12-15 Bullying in schools is often discussed but sexual harassment in schools and how it differs from bullying is often overlooked In fact though sexual harassment committed both by fellow students and school personnel is more common and yet more easily and quickly dismissed by those involved though its consequences for the victim can be profound This book provides parents teachers school officials and others with a framework comparing and contrasting sexual harassment and bullying as they relate to the behavior laws and impact on children The author describes

the responsibility of the school district and how parents and other adults can navigate the schools policies barriers and responsibilities She argues that children should not be subjected to bullying OR sexual harassment that it is the school s responsibility to make the harassment or bullying stop and that parents and other caring adults often need to be involved and advocate for the child even against resistance from those in the school system Throughout the book the author uses examples of actual cases that have made it to the courts and have been precedent setting and cases in which she has been involved as an expert witness or as a consultant Resources for readers are also provided at the end of the book *Poisonous Tales*
Hilary Hamnett,2023-05-17 Dangerous dark and difficult to detect poisons have been a common character in literature from ancient times to the modern day Their ability to perform deadly deeds at a distance is a common device for creating dramatic tension and playing on our real life fears But what is fact and what is pure fiction From Shakespeare and Dickens to Hugo and Poe the macabre world of literary poisonings is as large as it is fascinating Utilising real forensic science *Poisonous Tales* explores the real science inspiring the toxins and tinctures in our favourite works Could a poison really mimic death in *Romeo and Juliet* What is the cause of the mad Hatter s malady in *Alice in Wonderland* And could a stone from the stomach of a goat really have been used as an antidote in *Harry Potter and the Half Blood Prince* Through these and many more cases we discover the captivating truth in the texts and how real life tragedies can replicate themselves in fiction
