Visible Women Tales Of Age Gender And Invisibility

Lee Sartain

Visible Women Tales Of Age Gender And Invisibility:

Visible Women Christine Bell, 2012-01-17 *Visible Women* is a reflective questioning subjective self indulgent and moving narrative exploration of the experiences of women growing older and not disappearing What lies behind stories of older women becoming invisible and disregarded How true are they where do they come from and what do they mean How might they be challenged and what other stories can be told The core of the book is the poetic representation of the thoughts and lives of a group of women between 50 and 70 Their narratives are drawn from the email correspondence between the author and her seven co researchers Starting with a search for the anecdotal and mythical invisible woman the author's own story is woven into and becomes part of the journey The landscape which is beautifully observed in clear non academic language takes us through feminist and poststructuralist theory existentialism autobiography journalism fictional writing art film poetry and the internet In examining the bones of tales of invisibility Christine Bell is motivated by indignation as much as curiosity

Working with Domestic Violence and Abuse Across the Lifecourse Lorraine Radford, Dr Ravi Thiara, 2021-06-21 Spanning children's and adult's services this book explores the nature and impact of domestic abuse and violence DVA throughout the lifecourse It highlights evidence informed practice and serves as an accessible and invaluable resource for all working with and supporting those dealing with DVA Structured around three core themes of coercive control developmental experiences of violence and the importance of an intersectional understanding of DVA this book highlights the need for a coordinated whole family approach in safeguarding work in this area Chapters move through different stages of life addressing topics such as children living with domestic violence abuse in young people's relationships mental illness substance use and adolescent to parent abuse Following significant changes in this field including the introduction of coercive control as a legal offence and the global impact of COVID on DVA cases this is a timely and much needed resource

Creative Practitioner Inquiry in the Helping Professions Jane Speedy, Jonathan Wyatt, 2014-09-11 This beautiful volume offers a range of research possibilities for practitioners Bringing together the work of a community of scholars whose work blurs the edges between the arts and social sciences in the name of practice based inquiry *Creative Practitioner Inquiry in the Helping Professions* offers engaging and accessible exemplars alongside clear explanations of the theoretical understandings and backgrounds to the approaches offered The book's contributors are teachers doctors social workers counsellors psychotherapists health and community workers and organisational consultants together they passionately engage in arts based research as an effective and accessible instrument of inquiry knowledge dissemination and social change

Invisible Activists Lee Sartain, 2007-04 Behind the historical accounts of the great men of the National Association for the Advancement of Colored People lies the almost forgotten story of the black women who not only participated in the organization but actually helped it thrive in the early twentieth century South In *Invisible Activists* Lee Sartain examines attitudes toward gender class and citizenship of African American activists in Louisiana and

women's roles in the campaign for civil rights in the state. In the end, he argues it was women working behind the scenes in Louisiana's branches of the NAACP who were the most crucial factor in the organization's efficiency and survival. During the first half of the twentieth century, especially in the darkest days of the Great Depression when membership waned and funds were scarce, a core group of women maintained Louisiana's NAACP. Fighting on the front line, Sartain explains, women acted as grassroots organizers running public relations campaigns and membership drives, mobilizing youth groups and promoting general community involvement. Using case studies of several prominent female NAACP members in Louisiana, Sartain demonstrates how women combined their fundraising skills with an extensive network of community and family ties to fund the NAACP and increasingly to undertake the day-to-day operations of the local organizations themselves. Still, these women also struggled against the double obstacles of racism and sexism that prevented them from attaining the highest positions within NAACP branch leadership. Sartain illustrates how the differences between the sexes were ultimately woven into the political battle for racial justice, where women were viewed as having inherent moral superiority and hence the potential to lift the black population as a whole. Sartain concludes that despite the societal traditions that kept women out of leadership positions in the early stages of the civil rights movement, their skills and their contributions as community matriarchs provided the keys to the organization's progress. Highly original and essential to a comprehensive study of the NAACP, *Invisible Activists* gives voice to the many individual women who sustained the influential civil rights organization during a time of severe racial oppression in Louisiana. Without such dedication, Sartain asserts, the organization would have had no substantial presence in the state.

[The Bloomsbury Handbook to Ageing in Contemporary Literature and Film](#) Sarah Falcus, Heike Hartung, Raquel Medina, 2023-06-29 Across more than 30 chapters spanning migration, queerness, and climate change, this handbook captures how the interdisciplinary and intersectional endeavor of Ageing studies has shaped contemporary literary and film studies. In the early 21st century, the literary study of age and ageing in its cultural context has come of age; it has come to supplement and challenge a public discourse on ageing seen mainly as a political and demographic problem in many countries of the world. Following a tripartite structure, it looks first at literary and film genres and how they have been shaped by knowledge about age and ageing, incorporating both narrative genres as well as poetry, drama, and imagery. The second section includes chapters on key themes and concepts in Ageing Studies, with examples from film and literature. The third section brings together case studies focussing on individual artists, national traditions, and global ageing. Containing original contributions by pioneers in the field as well as new scholars from across the globe, it brings together current scholarship on ageing in literary and film studies and offers new directions and perspectives.

[Gendered Inequalities in Paid and Unpaid Work of Women in India](#) Vibhuti Patel, Nandita Mondal, 2022-03-25 This book explores Indian women's economic contribution through paid and unpaid work in different sectors of the economy and society in extremely diverse life situations and geographical locations. It highlights gender implications of interlinkages between local, national,

regional and global dimensions of women's paid and unpaid work in India. It encompasses a vast canvas of life worlds of working women in the metropolitan, urban, peri-urban, rural, tribal areas in manufacturing, agricultural, fisheries, sericulture, plantation and service sectors of the Indian economy. It provides nuanced insights into intersectional marginalities of caste, class, ethnicity, religion, and gender. The chapters are based on primary data collection and triangulation of qualitative and quantitative research methodologies. It presents the multiple marginalities of Indian women in the globalized political economy of the 21st century. It not only focuses on emerging issues but also suggests evidence-based policy imperatives. This book is an essential read for researchers, scholars, policymakers, practitioners, and students of women's gender studies.

Introduction to Child and Adolescent Mental Health Maddie Burton, Clive Sealey, 2025-10-25. Are you looking to develop your expertise in child and adolescent mental health? This comprehensive guide is updated to help you: 1. understand the current social, political, and ideological contexts of child and adolescent mental health; 2. develop an understanding of child and adolescent development and mental health conditions; 3. identify appropriate mental health promotion strategies and mental health interventions for working with children and adolescents; 4. assess appropriate group work and communication strategies for improving the mental health of children and adolescents; 5. improve knowledge and practice of child and adolescent safeguarding, rights, and culture. Written by a multi-disciplinary team of passionate experts, this book introduces important theories while showing how they can be applied to real-world practice. Packed with examples and activities to get you thinking and learning, it is an essential introduction for anyone interested in or working to improve child and adolescent mental health.

Gender-Technology Relations H. Corneliussen, 2011-11-24. Through empirical material as well as theoretical discussions, this book explores developments in gender-technology relations from the 1980s to today. The author draws on her long-lasting research in the field, providing insight in both historical and more recent discussions of gender in relation to computers and computing.

Girls Transforming Sanna Lehtonen, 2013-05-08. This book explores representations of girlhood and young womanhood in recent English language children's fantasy by focusing on two fantastic body transformation types: invisibility and age-shifting. Drawing on recent feminist and queer theory, the study discusses the tropes of invisibility and age-shifting as narrative devices representing gendered experiences. The transformations offer various perspectives on a girl's changing body and identity and provide links between real life and fantastic discourses of gender, power, invisibility, and aging. The main focus is on English language fantasy published since the 1970s, but the motifs of invisibility and age-shifting in earlier tales and children's books are reviewed. This is the first study of children's fantasy literature that considers these tropes at length. Novels discussed are from both critically acclaimed authors and the less well-known. Most of the novels depicting invisible or age-shifting girls are neither thoroughly conventional nor radically subversive but present a range of styles. In terms of gender, children's fantasy novels can be more complex than they are often interpreted to be.

Feminism, Economics and Utopia Karin Schonpflug, 2008-03-26. Answering a range of questions and

written by a rising star in feminist economics this book provides explanations of the different kinds of feminism the evolution of feminist thought and the history and sources of utopias as a theoretical and or literary tool

Reviewing **Visible Women Tales Of Age Gender And Invisibility**: Unlocking the Spellbinding Force of Linguistics
