Herrmann,Tony E. Adams,2024-08-13

Assessing Autoethnography provides readers with multiple ways to analyze autoethnographies and other forms of personal narrative writing. Given the proliferation of such forms across academic contexts, the book offers a guide of what autoethnography is, why it matters, and how to do it. Taking each of the three parts of auto ethnography in detail, Herrmann and Adams provide criteria and points of discussion to ensure robust assessment of an autoethnographic work as a whole. Every chapter is accompanied with exemplars and considers issues such as ethics, storytelling, and good writing. The book discerns the kinds of personal experiences that often work best for autoethnographic projects and provides ways to evaluate fieldwork interviews and representations. Written by two experts in the field, *Assessing Autoethnography* offers guidance to scholars and dissertation advisors across diverse disciplines in producing autoethnographic work and utilizing autoethnographic methods. The book will be of interest to researchers in the fields of Communication Studies, Education, Sociology, Women's and Gender Studies, Critical Race Studies, Mass Communication, English, and other related disciplines.

The Ethnographic I Carolyn Ellis, 2004-01-13. A methodological textbook on autoethnography should be easily distinguishable from the standard methods text. Carolyn Ellis, the leading proponent of these methods, does not disappoint. She weaves both methodological advice and her own personal stories into an intriguing narrative about a fictional graduate course she instructs. In it, you learn about her students and their projects and understand the wide array of topics and strategies that fall under the label autoethnography. Through Ellis's interactions with her students, you are given useful strategies for conducting a study, including the need for introspection, the struggles of the budding ethnographic writer, the practical problems in explaining results of this method to outsiders, and the moral and ethical issues that get raised in this intimate form of research. Anyone who has taken or taught a course on ethnography will recognize these issues and appreciate Ellis's humanistic, personal, and literary approach toward incorporating them into her work. A methods text or a novel, *The Ethnographic I* answers yes to both.

Qualitative Research and Complex Teams Judith Davidson, 2018-09-28. Most qualitative researchers work on teams at some point. *Qualitative Research and Complex Teams* charts new methodological territory by providing hands-on help for qualitative researchers working on team projects. Useful to those working with a purely qualitative research design or mixed methods, the text provides a unique focus on writing and communications, offering strategies for all stages of the process, from research design to final product. This volume provides an overview of the research related to team-based work, as well as a discussion of relevant changes in approaches to writing in the field. Readers will learn how to initiate team-based work through a digital tool kit, approach organizational systems to insure efficiency, and undertake the process of bringing together and training diverse teams. Jargon-free, this book provides strong guidance for thinking about the joint arenas of methodological and substantive writing, and it develops ways to further the aims of both as the project proceeds.

Studies in the Hebrew Bible, Qumran, and the Septuagint James C. VanderKam, Peter W. Flint, Emanuel Tov, 2006-01-01. With contributions by many of his colleagues and former students, this volume pays homage to

Eugene Ulrich Chief Editor of the Cave 4 Biblical Scrolls and a foremost expert on the Biblical Scrolls the Canon of the Hebrew Bible Old Testament and the Septuagint In line with Professor Ulrich s areas of scholarship and interest the almost 30 essays are grouped in three main sections The Hebrew Bible Old Testament including the Biblical Scrolls from the Judaean Desert Qumran and the Non Biblical Scrolls from the Judaean Desert and the Septuagint and Other Ancient Versions The volume includes a tribute to Eugene Ulrich and ends with a cumulative bibliography and several useful indices **The Routledge Handbook of Wine and Culture** Steve Charters, Marion Demossier, Jacqueline Dutton, Graham Harding, Jennifer Smith Maguire, Denton Marks, Tim Unwin, 2022-04-26 This title was a prize winner at the OIV International Organisation of Vine and Wine Awards 2023 The link between culture and wine reaches back into the earliest history of humanity The Routledge Handbook of Wine and Culture brings together a newly comprehensive interdisciplinary overview of contemporary research and thinking on how wine fits into the cultural frameworks of production intermediation and consumption Bringing together many leading researchers engaged in studying these phenomena it explores the different ways in which wine is constructed as a social artefact and how its representation and use acquire symbolic meaning Wine can be analysed in different ways by varying disciplines involved in exploring wine and culture anthropology economics and business geography history and sociology and as text The Handbook uses these as lenses to consider how producers intermediaries and consumers use and create cultural significance Specifically the work addresses the following how wine relates to place belief systems and accompanying rituals how it may be used as a marker of the identity and mechanisms of civilising processes often in conjunction with food and the arts how its framing intersects with science and nature the ideologies and power relations which arise around all these activities and the relation of this to wine markets and public institutions This is essential reading for researchers and students in education for the wine industry and in the humanities and social sciences engaged in understanding patterns of human ingenuity and interaction such as sociology anthropology economics health geography business tourism cultural studies food studies and history
