Violence Against Negative Voices:

Violence Against Negative Voices Pastor (Mrs) Shade Olukoya, 2016-05-29 Violence against negative voices is a book released by the Holy Spirit to enable the reader invoke the fire of vengeance upon stubborn pursuers. The author has given us a brilliant expose on the power of the voices, the mystery of the spoken word and the yardsticks for discerning the difference between negative and positive voices. Thoroughly researched, exhaustive and offered in an easy to read format, *Violence Against Negative Voice* is a must read for readers who are ready to silence every voice emanating from the kingdom of darkness. The prayer points are explosive; the subject is handled with compassion and the reader is carried along through the use of practical illustrations. With this book in your hands, victory is sure. *Interventions against child abuse and violence against women* Carol Hagemann-White, Liz Kelly, Thomas Meysen, 2019-10-28 This book offers insights and perspectives from a study of Cultural Encounters in Intervention Against Violence CEINAV in four EU countries. Seeking a deeper understanding of the underpinnings of intervention practices in Germany, Portugal, Slovenia and the United Kingdom, the team explored variations in institutional structures and traditions of law, policing and social welfare. Theories of structural inequality and ethics are discussed and translated into practice. The Power of a Woman's Voice in Medieval and Early Modern Literatures Albrecht Classen, 2012-02-13 The study takes the received view among scholars that women in the Middle Ages were faced with sustained misogyny and that their voices were seldom heard in public and subjects it to a critical analysis. The ten chapters deal with various aspects of the question and the voices of a variety of authors, both female and male, are heard. The study opens with an enquiry into violence against women, including in texts by male writers Hartmann von Aue, Gottfried von Straßburg, Wolfram von Eschenbach, which indeed describe instances of violence but adopt an extremely critical stance towards them. It then proceeds to show how women were able to develop an independent identity in various genres and could present themselves as authorities in the public eye. Mystic texts by Hildegard of Bingen, Marie de France and Margery Kempe, the medieval conduct poem known as *Die Wilsbeckin*, the *Devout Books of Sisters* composed in convents in South West Germany but also quasi-historical documents such as the memoirs of Helene Kottaner or Anna Weckerin's cookery book demonstrate that far more women were in the public gaze than had hitherto been assumed and that they possessed the self-confidence to establish their positions with their intellectual and their literary achievements. **The Victim's Voice in the Sexual Misconduct Crisis** Mary L. Schuster, 2019-11-19 *The Victim's Voice in the Sexual Misconduct Crisis* investigates how a victim's voice, identity, credibility and proof are challenged or established in the current sexual misconduct crisis. Using communication and rhetorical analysis, gender studies and law and society perspectives, Mary Schuster examines concerns such as victim impact statements offered in sentencing hearings of convicted offenders, due process and Title IX requirements in campus sexual assault investigations and laws and Title VII standards governing workplace sexual harassment complaints. Schuster also analyzes the testimony offered in the 1991 and 2018 U.S. Senate

Judiciary Hearings regarding the Supreme Court nominations of Clarence Thomas and Brett Kavanaugh social movements such as Me Too and global activists efforts to challenge gender stereotypes and hierarchies This book argues that we cannot outlaw or legislate away sexual misconduct but must instead focus on cultural social and systemic changes in order to change the current climate Moreover the author argues for zero tolerance for sexual misconduct but recommends a gradation of punishment or sanctions for offenders offering examples of successful educational and therapeutic efforts to alter misconceptions regarding sexual misconduct Scholars of gender studies communication legal studies and rhetoric will find this book particularly useful

Young People in the Global South Kate Pincock, Nicola Jones, Lorraine van Blerk, Nyaradzayi Gumbonzvanda, 2024-01-24 *Young People in the Global South* Voice Agency and Citizenship explores the spatial relational affective and material dimensions of adolescents and young people s civic engagement and political participation in lower and middle income contexts This textbook questions how the everyday politics of exercising voice and agency is experienced at different scales from the interpersonal to the global It explores how structural inequalities and marginalisation as well as social norms and attitudes shape how voice agency and participation are expressed by diverse young people in particular contexts with unique histories Contributing authors focus on the experiences of young people who are marginalised based on age gender sexuality disability citizenship status and geographical location Together they show how ageing through adolescence enables or constrains agency and voice Textbook features include case studies on Africa Asia the Middle East and Latin America as well as reflective accounts authored by adolescents and young people themselves and discussion questions Filling a key gap in the knowledge about the concerns and experiences of young people in contexts beyond the Global North this textbook will be of interest to academics students and practitioners in the fields of childhood and youth studies international development social movements human geography sociology and comparative politics The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Deaf Liberation Theology Revd Dr Hannah Lewis, 2013-05-28 Following years of theology of deafness based on the premise that Deaf people are simply people who cannot hear this book breaks new ground Presenting a new approach to Deaf people theology and the Church this book enables Deaf people who see themselves as members of a minority group to formulate their own theology rooted in their own history and culture Deconstructing the theology and practice of the Church Hannah Lewis shows how the Church unconsciously oppresses Deaf people through its view of them as people who cannot hear Lewis reclaims Deaf perspectives on Church history examines how an essentially visual Deaf culture can relate to the written text of the Bible and asks Can Jesus sign This book pulls together all these strands to consider how worship can be truly liberating truly a place for Deaf people to celebrate who they are before God

The Voice of Violence Joel P. Rhodes, 2001-04-30 The tide of 1960s political upheaval while mistaken at the time by some as a unified assault against America carried out by revolutionaries at home and

abroad was actually hundreds of locally constructed expressions of political discourse reflecting the influences of race class gender and local conditions on each unique group of practitioners This is a comparative study of how radicals at the local level staged displayed and ultimately narrated symbolic acts of performative violence against the symbols of the American system The term performative violence refers to a method of public protest whereby participants create the conditions in which their violent actions become a political text a powerful symbol with a strong historical precedent Recognizing the textuality of history this interdisciplinary examination deconstructs the performative violence within its historically specific and socially constructed contexts using four representative case histories of late 1960s and early 1970s activism These are the African American rioters in Kansas City the Black Panther Party in Detroit campus radicals at Kansas State University and activists at the University of Kansas Rather than focusing on the major clashes of the Vietnam era this book contributes to recent scholarship on the 1960s which has attempted to offer a more textured analysis of the era s activism particularly its political violence based on more local studies

Inequality and Violence Anna Cornelia Beyer, 2016-05-23 With Theory of International Politics Kenneth Waltz established Neo realism as a major school of thought in IR which still remains a dominant approach within the discipline in the Anglo American world and beyond *Man the State and War* his first contribution to the debate in IR and the predecessor to Theory of International Politics received praise for its presentation of a discussion on the causes of international warfare as well as the possibilities of its prevention on three different levels of analysis the individual the state and the international system This book reflects on the arguments presented in *Man the State and War* from a contemporary perspective Do Waltz s ideas still hold firm ground in the discipline The book alerts to the perceived necessity of combining conceptions of governance and authority with considerations on the reduction of inequality at the individual state and international level Inequality in particular has received increased attention as a cause for violence at all three levels since Waltz published *Man the State and War* The book also addresses Waltz s rejection of supranationalism as the remedy for war a view that has been challenged since he wrote the book One theme stands out from today s perspective the establishment and maintenance of good global governance can be considered the most important aspect for the prevention of war
