framing the problems of rape in south africa: gender, race, class and state histories

gender inequalities and patriarchy

Rape has become the best understood pathology in contemporary as well as a demonstration of contemporary patriarchy. (Munro)

The role of patriarchy has been long recognised in the study of rape.

In South Africa, rape is widely recognised as a symbol of patriarchy and the gender inequalities.

Rape is both a tool and indicator of the patriarchal gender relations and the perpetuation of patriarchal domination in post-apartheid South Africa.

Black and postcolonialism have been the main theoretical framework of research in contemporary patriarchy.

- 1. 'patriarchy' may be defined as a system of power relations in the particular manifestations of various patriarchal culture different societies.
- 2. This may be a modernised or a traditional system of patriarchy and, accordingly, may be a patriarchal system of power, which is a patriarchal system of power, and the system of power relations.

Slaves of the State Dennis Childs, 2015-02-27 The Thirteenth Amendment to the United States Constitution passed in 1865 has long been viewed as a definitive break with the nation s past by abolishing slavery and ushering in an inexorable

march toward black freedom *Slaves of the State* presents a stunning counterhistory to this linear narrative of racial social and legal progress in America Dennis Childs argues that the incarceration of black people and other historically repressed groups in chain gangs peon camps prison plantations and penitentiaries represents a ghostly perpetuation of chattel slavery He exposes how the Thirteenth Amendment's exception clause allowing for enslavement as punishment for a crime has inaugurated forms of racial capitalist misogynist incarceration that serve as haunting returns of conditions Africans endured in the barracoons and slave ship holds of the Middle Passage on plantations and in chattel slavery Childs seeks out the historically muted voices of those entombed within terrorizing spaces such as the chain gang rolling cage and the modern solitary confinement cell engaging the writings of Toni Morrison and Chester Himes as well as a broad range of archival materials including landmark court cases prison songs and testimonies reaching back to the birth of modern slave plantations such as Louisiana's Angola penitentiary *Slaves of the State* paves the way for a new understanding of chattel slavery as a continuing social reality of U S empire one resting at the very foundation of today's prison industrial complex that now holds more than 2.3 million people within the country's jails prisons and immigrant detention centers

Conflict in Central America Tine Destrooper, 2014-06-05 In *Come Hell or High Water: Feminism and the Legacy of Armed Conflict in Central America* Tine Destrooper analyzes the political projects of feminist activists in light of their experience as former revolutionaries She compares the Guatemalan and Nicaraguan experience to underline the importance of ethnicity for women's activism during and after the civil conflict The first part of the book traces the influence of armed conflict on contemporary women's activism by combining an analysis of women's personal histories with an analysis of structural and contextual factors This critical analysis forms the basis of the second part of the book which discusses several alternative forms of women's activism rooted in indigenous practices The book thereby combines a micro and macro level analysis to present a sound understanding of post conflict women's activism Gender, Sexuality, and Power in Latin America Since Independence

William E. French, Katherine Elaine Bliss, 2007 Integrates gender and sexuality into the main currents of historical interpretation concerning Latin America *African Diasporic Women's Narratives* Simone A. Activist Approaches to Social Justice Dolores Delgado Bernal,Rebeca Burciaga,Judith Flores Carmona,2017-10-02 While the genre of testimonio has deep roots in oral cultures and in Latin American human rights struggles the publication and subsequent adoption of *This Bridge Called My Back* Moraga Anzald a 1983 and more recently *Telling to Live* Latina Feminist Testimonios Latina Feminist Group 2001 have demonstrated the power of testimonio as a genre that exposes brutality disrupts silencing and builds solidarity among women of colour Within the field of education scholars are increasingly taking up testimonio as a pedagogical methodological and activist approach to social justice which transgresses traditional paradigms in academia Unlike the more usual approach of researchers producing unbiased knowledge the testimonio challenges objectivity by situating the individual in communion with a collective experience marked by marginalization oppression or resistance This approach has resulted in new understandings about how marginalized communities build solidarity and respond to and resist dominant culture laws and policies that perpetuate inequity This book contributes to our understanding of testimonio as it relates to methodology pedagogy research and reflection in pursuit of social justice A common thread among the chapters is a sense of political urgency to address inequities within Chicana o and Latina o communities This book was originally published as a special issue of *Equity Excellence in Education*
