VIPASSANA

El camino para la meditación interior

Vipassana Sabiduria Perenne

Mahasi Sayadaw

Vipassana Sabiduría Perenne:

Hablemos de nosotras Miriam Al Adib Mendiri, 2021-03-04 Durante toda mi vida profesional como ginecóloga he escuchado cientos de testimonios en los que observo el daño que hace la falta de conexión con nuestros propios cuerpos Y esto es algo que se da independientemente del nivel cultural o de la condición socioeconómica La desposesión del cuerpo es un proceso invisible asentado en todo tipo de tabúes y que se da en todas las etapas de la sexualidad femenina Se alimenta del miedo la vergüenza la culpa la vulnerabilidad el estigma la desvalorización En este libro hablaremos de sexualidad de cómo vivimos el sufrimiento y la felicidad el placer y el dolor el amor y el miedo Porque no es posible ser felices sin coherencia y no es posible ser coherentes si no sabemos quiénes somos qué hay en nuestra naturaleza cuáles son nuestras creencias y limitaciones con todas sus luces y sombras **Bibliografía española**, 2003 **El Despertar del Buda Interior** Surya Das, 2006-06-30 El mensaje más apremiante y radical del budismo nos muestra que cada uno de nosotros posee la sabiduría la conciencia el amor y la fuerza del Buda que todos llevamos dentro y que en la mayoría permanece dormida En este libro Lama Surya Das nos muestra cómo podemos despertar a aquello que realmente somos y de esta forma hollar el sendero de la libertad y paz de un vivir pleno de significado y compasión Utilizando un lenguaje vivo y claro y apoyado en numerosas meditaciones y prácticas aplicables en la vida cotidiana este hermoso libro nos proporciona un puente entre Oriente y Occidente pensado con el fin de facilitar al lector occidental un acceso inmediato que le permita comprender y poner en práctica la genuina enseñanza budista Una obra extraordinaria donde se añan la esencia del budismo zen el don de la meditación vipassana y las profundas enseñanzas tibetanas y que ofrece una comprensión plena del budismo encarnado en el tradicional Noble Sendero ctuple y sus Tres Enseñanzas para la iluminación integrándolas en la cultura occidental y haciéndolas accesibles al lector contemporáneo La marejada del posthumanismo Edgar Varela Barrios, Ernesto José Piedrahita, 2020-08-31 La marejada del posthumanismo compila diversos análisis con miradas originales y críticas presentadas por especialistas acerca del humanismo y su relación con el posthumanismo en la era actual El lector descubrir advertencias sustentadas en profundidad acerca de los retos que estos avances representan para las ciencias administrativas y la gestión pública en particular y para la vida de las sociedades modernas en general Los impactos de los progresos de la inteligencia artificial la robótica la biotecnología y las ciencias han sido durante varios lustros el centro de análisis de especialistas de múltiples disciplinas científicas naturales sociales e ingenieriles entre otras escuelas y líneas filosóficas artistas e interesados en temas del desarrollo en su expresión más polimorfa y amplia Asimismo la discusión sobre el humanismo el posthumanismo y el llamado transhumanismo es medular hoy en la filosofía política y moral y establece un complejo diálogo transversal entre la filosofía las humanidades las ciencias naturales y las ciencias sociales e incluso implica ecos en campos como el management y las políticas públicas Las diferentes contribuciones de los autores que han participado en esta obra sobre el posthumanismo y el transhumanismo deben entenderse desde una perspectiva centrada en el papel que juegan las enormes transformaciones

científico técnicas del mundo en términos de una cuarta revolución digital biotecnológica e informacional. Por lo tanto es de vital importancia la existencia de laboratorios de políticas públicas en la perspectiva de fomentar la reflexión académica y la organización de líneas de investigación científico social y humanista para darle un escenario institucional a espacios de formación con el fin de analizar las disrupciones y pensar la postmodernidad, el posthumanismo y el transhumanismo como ejemplos vertebrales para analizarlos en sus impactos sobre las gobernanzas, las administraciones y las políticas públicas.

Esencias del Dharma Jose Maria Risco, 2025-05-04. *Esencias del Dharma* introduce a los principios esenciales del pensamiento budista, presenta una exploración concisa y rigurosa de los fundamentos doctrinales del budismo. A través de un análisis de conceptos centrales como anicca, impermanencia, dukkha, sufrimiento, sunyata, vacuidad y karuna, compasión. Esta obra examina su interrelación y su relevancia dentro del marco filosófico budista. El texto ofrece una introducción sistemática a estas nociones clave respaldada por referencias a fuentes primarias y secundarias, constituyéndose en un recurso valioso para estudiantes e investigadores interesados en una comprensión profunda de la filosofía budista. Libros españoles, 1979.

Libros españoles en venta, 1996. **Vipassana** Joseph Goldstein, Jack Kornfield, 1996-02-01. El camino de la meditación vipassana es un viaje hacia el entendimiento de nuestros cuerpos, de nuestras mentes y de nuestras vidas. Una vía hacia la verdadera experimentación de la vida. Este libro incluye los obstáculos a la meditación desde las dudas y los miedos hasta el dolor de rodillas y cómo superarlos, cómo integrar una vida de acción responsable con una vida sin apegos o cómo entender la ley del karma. **Mindfulness y vipassana** Mahasi Sayadaw, 2021-06. Este libro contiene las enseñanzas clave del reconocido maestro de vipassana Mahasi Sayadaw, seguramente el maestro de meditación más influyente del siglo XX. Numerosos nombres relevantes del mundo de la mindfulness y la meditación: Jack Kornfield, Jon Kabat Zinn, Joseph Goldstein o Sharon Salzberg han bebido de su método. El texto está pensado para todo tipo de practicantes de mindfulness. Muestra el método sistemático basado en las enseñanzas del Buda sobre los cuatro fundamentos de la atención tal y como están explicados en el famoso Discurso sobre el mindfulness, Satipatthana Sutta, que nos conduce de forma gradual a purificar el apego, la aversión y la ignorancia y que nos lleva a experimentar directamente los estadios sucesivos del despertar que culminan en el logro del nibbana o iluminación. *La sabiduría del corazón* Jack Kornfield, 2024-12-04. En tu interior posees capacidades ilimitadas para el amor extraordinario, la alegría, la comunión con la vida o la libertad inquebrantable y en este libro sabrás cómo despertarlas. Esta es la guía más accesible, completa y esclarecedora de la psicología budista jamás publicada en Occidente. Una visión de la radiante dignidad humana, un viaje a la más alta expresión de las capacidades del ser humano y un camino práctico para realizarlas en nuestra propia vida. En otras palabras, una guía del poder transformador de la psicología budista para meditadores y profesionales de la salud mental budistas y no budistas por igual.
