Virtual Politics Identity And Community In Cyberspace Politics And Culture Series:

Virtual Politics Dr David Holmes, Llb, 1997-12-08 Virtual Politics is a critical overview of the new digital body politic with new technologies framing the discussion of key themes in social theory This book shows how these new technologies are altering the nature of identity and agency the relation of self to other and the structure of community and political representation

Citizenship and Identity Engin F Isin, Patricia K Wood, 1999-12-07 Through a detailed introductory discussion of the relation between the civil and the political and between recognition and representation this book provides a comprehensive vocabulary for understanding citizenship It uses the work of T H Marshall to frame the critical interrogation of how ethnic technological ecological cosmopolitan sexual and cultural rights relate to citizenship The authors show how the civil political and social meanings of citizenship have been redefined by postmodernization and globalization

The Virtual Community, revised edition Howard Rheingold, 2000-10-23 Howard Rheingold tours the virtual community of online networking Howard Rheingold has been called the First Citizen of the Internet In this book he tours the virtual community of online networking He describes a community that is as real and as much a mixed bag as any physical community one where people talk argue seek information organize politically fall in love and dupe others At the same time that he tells moving stories about people who have received online emotional support during devastating illnesses he acknowledges a darker side to people s behavior in cyberspace Indeed contends Rheingold people relate to each other online much the same as they do in physical communities Originally published in 1993 The Virtual Community is more timely than ever This edition contains a new chapter in which the author revisits his ideas about online social communication now that so much more of the world s population is wired It also contains an extended bibliography

Culture and Politics in the Information Age Frank Webster, 2002-01-04 This volume addresses these key issues through an analysis of important theoretical debates on issues such as digital democracy cultural politics and transnational communities Featuring contributors from both sides of the Atlantic the book contains a series of case studies on new social movements including campaigns on the environment gender animal rights and human rights It combines cutting edge research with theoretical material and makes an important contribution to this highly topical and rapidly growing area This book will be invaluable reading for students in areas including Politics Communications and IT Sociology and Cultural Studies

Technoculture and Critical Theory Simon Cooper, 2003-08-29 The author explores the work of major thinkers and cultural movements that have grappled with the complex relationship between technology politics and culture Subjects such as the Internet cloning warfare fascism and Virtual Reality are placed within a broad theoretical context which explores how humanity might through technology establish a more ethical relationship with the world Examining the philosophy of writers such as Heidegger Benjamin Lyotard Virilio and Zizek and cultural movements such as Italian Futurism this book marks a timely intervention in critical theory debates The broad scope of the book will be of vital interest to those in the fields of philosophy critical theory cultural studies

politics and communications *Palestine, Israel, and the Politics of Popular Culture* Rebecca L. Stein, Ted Swedenburg, 2005-07-13 This important volume rethinks the conventional parameters of Middle East studies through attention to popular cultural forms producers and communities of consumers The volume has a broad historical scope ranging from the late Ottoman period to the second Palestinian uprising with a focus on cultural forms and processes in Israel Palestine and the refugee camps of the Arab Middle East The contributors consider how Palestinian and Israeli popular culture influences and is influenced by political economic social and historical processes in the region At the same time they follow the circulation of Palestinian and Israeli cultural commodities and imaginations across borders and checkpoints and within the global marketplace The volume is interdisciplinary including the work of anthropologists historians sociologists political scientists ethnomusicologists and Americanist and literary studies scholars Contributors examine popular music of the Palestinian resistance ethno racial passing in Israeli cinema Arab Jewish rock Euro Israeli tourism to the Arab Middle East Internet communities in the Palestinian diaspora caf culture in early twentieth century Jerusalem and more Together they suggest new ways of conceptualizing Palestinian and Israeli political culture Contributors Livia Alexander Carol Bardenstein Elliott Colla Amy Horowitz Laleh Khalili Mary Layoun Mark LeVine Joseph Massad Melani McAlister Ilan Papp Rebecca L Stein Ted Swedenburg Salim Tamari **Political Communication in a New Era** Philippe Maarek, Gadi Wolfsfeld, 2005-08-18 This book seeks to provide readers with a cross national perspective concerning the art of political communication in a field increasingly affected by globalization fragmentation of political audiences and the rise of professional communications experts a field concerned not only with how leaders are chosen but also with how they govern Structured in two sections Political Communication in a New Era examines both methods of gathering and disseminating information in a time of technological transformation and developments in the uses of political communication across the globe Contributors offer perspectives from Canada France Germany Israel Italy and the United States *Handbook of Information Technology in Organizations and Electronic Markets* Angel Salazar, Steve Sawyer, 2007 The rapid growth in the adoption and diffusion of information technologies has important implications for practitioners academics and policy makers The widespread use of information technologies is challenging traditional business models and reshaping socio economic paradigms as well as promoting new social relations jobs and working structures By synthesizing prior research and providing a strong foundation for future research the aim of this book is to contribute to our practical and conceptual understanding of the technological behavioral organizational social and economic issues and their inter relationship in organizations and electronic markets The book covers five broad aspects technological innovations and trends organizational change and knowledge management strategic transformation and social and economic transformation Contributions include works by scholars from recognized international communities of academics practitioners and policy makers *Virtual Globalization* David Holmes, 2002-11-01 This book examines the interrelationship between telecommunications and tourism in

shaping the nature of space place and the urban at the end of the twentieth century They discuss how these agents are instrumental in the production of homogenous world spaces and how these in turn presuppose new kinds of political and cultural identity This work will be of essential interest to scholars and students in the fields of sociology geography cultural studies and media studies *Technically Together* Michele A. Willson, 2006 *Technically Together* takes the reader on a thoughtful tour of the key writings on community and technology and the current debates that surround them to provide a clear understanding of the challenges new technologies present for theories of social interaction
