terms Left with a limited ability to disclose feelings and form relationships she expressed herself through photography creating a secret portfolio of pictures teeming with emotion authenticity and humanity With limitless resilience she knocked down every obstacle in her way determined to improve her lot in life and that of others by tirelessly advocating for the rights of workers women African Americans and Native Americans No one knew that behind the detached veneer was a profoundly intelligent empathetic and inspired woman a woman so creatively gifted that her body of work would become one of the greatest photographic discoveries of the century

Vivian Maier Pamela Bannos,2018-09-19 Many know her as the reclusive Chicago nanny who wandered the city for decades constantly snapping photographs which were unseen until they were discovered in a seemingly abandoned storage locker When the news broke that Maier had recently died and had no surviving relatives Maier shot to stardom almost overnight Bannos contrasts Maier s life has been created mostly by the men who have profited from her work Maier was extremely conscientious about how her work was developed printed and cropped even though she also made a clear choice never to display it

Vivian Maier: Self-Portraits ,2013-10-29 The original instant classic which set the world afire The first book to introduce the phenomenon that is the life story and work of Vivian Maier A good street photographer must be possessed of many talents an eye for detail light and composition impeccable timing a populist or humanitarian outlook and a tireless ability to constantly shoot shoot shoot shoot and never miss a moment It is hard enough to find these qualities in trained photographers with the benefit of schooling and mentors and a community of fellow artists and aficionados supporting and rewarding their efforts It is incredibly rare to find it in someone with no formal training and no network of peers Yet Vivian Maier is all of these things a professional nanny who from the 1950s until the 1990s took over 100 000 photographs worldwide from France to New York City to Chicago and dozens of other countries and yet showed the results to no one The photos are amazing both for the breadth of the work and for the high quality of the humorous moving beautiful and raw images of all facets of city life in America s post war golden age It wasn t until local historian John Maloof purchased a box of Maier s negatives from a Chicago auction house and began collecting and championing her marvelous work just a few years ago that any of it saw the light of day Presented here for the first time in print Vivian Maier Street Photographer collects the best of her incredible unseen body of work Please note that all blank pages in the book were chosen as part of the design by the publisher
