Vivid Awareness Khenchen Thrangu, 2011-01-11 Powerful guidance on how to work with strong emotions in overwhelming circumstances through Buddhist meditation from a renowned Tibetan Buddhist master In the summer of 1957 the revered Buddhist teacher and scholar Khenpo Gangshar foresaw the difficulties that would soon fall upon Tibet and began teaching in a startling new way that enabled all those who heard him to use the coming difficulties as the path of Dharma practice The teaching consisted of the essential points of mahamudra and dzogchen both view and practice presented in a way that made them easy for anyone to use even in the most difficult of circumstances Khenchen Thrangu Rinpoche was one of the grateful recipients of these teachings which he regards as among the most important he has ever been given He transmits them here for the benefit of all of us who strive to practice in challenging times They include contemplations on the ephemeral nature of both joy and suffering meditations for resting the mind and guidance for cultivating equanimity in any situation These instructions are exceptionally concise and easy to follow They could save your life too giving you the tools to stabilize the mind even in the most terrifying and challenging of circumstances Pema Chodron author of Taking the Leap

**Vivid Awareness** Rinpoche Thrangu, 2011 The instructions in this book are a distillation of the essential points of the esoteric Tibetan Buddhist practices of Mahamudra and Dzogchen Intended to help people to face life's difficulties they include essentials of Buddhist philosophy contemplations on the ephemeral nature of both joy and suffering meditations for resting the mind and guidance for maintaining equanimity in real life circumstances Khenchen Thrangu a modern meditation master describes in this book his studies with a teacher of great renown who remained in Tibet after the Chinese invasion The deceased elder master known as Khenpo Gangshar is still renowned as a dynamic unconventional teacher widely respected for his spiritual achievement He foresaw the difficulties coming in Tibet and realized that he had to give people some straightforward instructions that would be easy to remember and to use because the country would soon be engulfed in turmoil and be in need of spiritual help

**The Tantric Path of Indestructible Wakefulness** Chogyam Trungpa, 2013-04-08 Chogyam Trungpa explores the the vajrayana teachings of the tantric path in this final volume of his masterpiece on Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Chogyam Trungpa's magnum opus The Profound Treasury of the Ocean of Dharma will resonate with new and senior students of Buddhism In this third and final volume Chogyam Trungpa's examines the vajrayana teachings of the tantric path The vajrayana or diamond vehicle also referred to as tantra draws upon and extends the teachings of the hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ngondro to prepare themselves for initiation into the vajrayana path before going further Having done so they

then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more
