What's Cooking Mom? Narratives about Food and Family Tanya M. Cassidy, 2015-12-01 What's Cooking Mom offers original and inventive narratives including auto ethnographic discussions of representations discourses and practices about and by mothers regarding food and families These narratives discuss the multiple strategies through which mothers manage feeding themselves and others and how these are shaped by international and regional food politics by global and local food cultures and by their own ethical values and preference as well as by those of the ones they feed *What's Cooking, Mom?* Tanya M. Cassidy, Florence Pasche Guignard, 2015 What's Cooking Mom offers original and inventive narratives including auto ethnographic discussions of representations discourses and practices about and by mothers regarding food and families When it comes to food choices or lack thereof mothers stand at the intersection of several strong and sometimes conflicting forces and interests for instance those in the food industry and public health policies Daily decisions about food are usually thought of in a Western context as a matter of personal choice and private matter but as the chapters in this volume show there are important cross cultural variations associated with these issues With diverse global and comparative cross cultural narratives this volume is posed to offer important literary and ethnographic perspectives These narratives discuss the multiple strategies through which mothers manage feeding themselves and others and how these are shaped by international and regional food politics by global and local food cultures and by their own ethical values and preference as well as by those of the ones they feed Many of these mothers ask themselves and others How will I feed my child but often also have to consider the question What should we eat or avoid consuming The answers to these questions make for fascinating and sometimes sad stories that anyone interested in maternal considerations about consumption and family will find invaluable

After the Happily Ever After Linda Rose Ennis, 2017 This book is about the two tiered system and invisible imbalance that operates within the framework of the family It is about the fantasy of the happily ever after which the wedding industry promotes and Western society reinforces Why are we hanging onto this faux happiness at the expense of our future well being Why don't we wonder what happened after they lived happily ever after and if in fact they really do What I hope to achieve by writing this book is to rattle the cage of young brides about to embark on this journey to talk about these issues with their future partners and to set the system up in a more equal way so no one is caught off guard if and when things crumble It will be difficult to achieve this task because no one wants to think about things falling apart before the marriage even begins and most certainly it sours the sweetness of the fantasy of the happily ever after as we know it What we don't realize is that there will be less bitterness and upset for the family especially for the children if we pursue this line of thinking Isn't that the real happily ever after **Our Last Family Countess and Related Stories** Antonio Barolini,

An inspiring collection of recipes preserved on gravestones with fascinating interviews from the families celebrating the beloved food legacies of their dearly departed. For so many food is a touching nostalgic thing that brings us together. So much so that some families choose to remember their loved ones through the dishes they made and the food that brought comfort to those around them by immortalizing their recipes on their gravestones. Rosie Grant, the creator behind GhostlyArchive, has been searching out and documenting this interesting phenomenon. In *To Die For*, Rosie collects 40 recipes she's found across the globe carved into headstones or associated with a grave that has a story to share. Each recipe is accompanied by an interview with the remaining family plus photography of the food, the gravestone, and any memorabilia the family wanted to share. Recipes include Spritz Cookies, Homemade Fudge, Chicken Soup, French Silk Pie, Guava Cobbler, and more. Thoughtfully and respectfully explored, Rosie has documented this connection between food legacy and family remembering the deceased through the recipes they most loved and giving their families a platform to share their loved one's story and cherished dish with the world.
