When Children Kill A Social Psychological Study Of Youth Homicide:

When Children Kill Katharine Kelly, Mark Douglas Totten, 2002-05 Some were raised in social environments conducive to extreme violence where they witnessed experienced and were trained in the use of violence Others found themselves frustrated and angry by their life circumstances These experiences contributed to a lack of empathy for their victims and limited their insights into the enormity of their actions *The Routledge International Handbook of Juvenile Homicide* Kathleen M. Heide, 2023-12-22 The Routledge International Handbook of Juvenile Homicide is the definitive work on juvenile homicide This volume provides an up to date comprehensive and in depth exploration of what is known about juveniles involved in murder Taking an interdisciplinary approach to juvenile homicide this handbook brings together the leading experts in social sciences mental health and law from many countries The volume covers the phenomenon of juvenile homicide from beginning to end by addressing the questions why do kids kill all the way to how does society stop them from killing The tough issues involved in sentencing youths who take the lives of others often deliberately and in horrific ways are confronted through chapters addressing the legal issues child development factors risk assessment public attitudes and ethical concerns The volume brings together research specifically conducted for this volume in addition to summaries and discussions of clinical and empirical findings Each chapter ends with key takeaway points Contributors include psychologists psychiatrists criminologists sociologists lawyers economists biologists epidemiologists and public health and public policy experts Uniquely they examine murder by juveniles across the globe The volume includes research pertaining to the causes correlates and theoretical explanations of juvenile homicide offending Moving beyond discussions of juvenile homicide offenders JHOs as a homogenous group the volume includes research on specific types of JHOs and research investigating age and gender differences among JHOs In addition it draws attention to the empirical factors associated with juvenile homicide offending effective treatment of JHOs recidivism and prevention of violent behavior The volume also makes recommendations for policy and practice including how to shift government policy from punishing lawbreakers to saving lives This volume is essential reading for scholars and students researching youth violence juvenile homicide across a variety of disciplines including criminology criminal justice law psychology psychiatry sociology social work public health and education It is also an invaluable reference for mental health professionals practitioners in the juvenile and criminal justice systems policymakers and government leaders *The Dynamics of Murder* R. Barri Flowers, 2012-11-26 In recent years there has been a surge in school shootings workplace homicides hate violence and deadly terrorist attacks in the United States This has resulted in a greater focus on homicidal behavior its antecedents ways to recognize warning signs of at risk victims and offenders and preventive measures It has also led to increased efforts by lawmakers to create and pass tough crime legislation as well as improved federal state and local law enforcement response to murder and other violent crimes *The Dynamics of Murder Kill or Be Killed* is a multifaceted probe of murder offenses offenders victims and characteristics of

homicide in American society This book breaks new ground in homicide studies by examining issues generally ignored or neglected among researchers Topics include murders occurring in the workplace and in schools those perpetrated by gangs and terrorists those incited by bias and intimate and intrafamilial murders The book discusses sexual killers serial and mass murderers and suicide It also examines psychological and sociological theories on murder and violence as well as the increasing role the Internet plays in these crimes Case studies of actual murderers are included including serial killers Gerald and Charlene Gallego mass murderer Byran Koji Uyesugi the murder suicide case of Sahel Kazemi and the intrafamilial murders committed by Charles Stuart and Sarah Marie Johnson A comprehensive exploration of the crime of murder in American society this fascinating study is an essential resource for researchers criminologists and other professionals in a wide range of disciplines

Juvenile Lifers Simone Deegan, 2021-02-14 This book is the first Australian study based on extensive fieldwork of the personal backgrounds and processes by which juveniles get drawn into risky and violent situations that culminate in murder Drawing on interviews with every juvenile under sanction of life imprisonment in the State of South Australia 2015-2019 it investigates links in the chain of events that led to the lethal violence that probably would have been broken had there been appropriate intervention Specifically the book asks whether the existing criminal justice frame is the appropriate way to deal with children who commit grave acts The extent to which prison facilitates and or inhibits the mental emotional and social development of juvenile lifers is a critical issue Most if not all will be released at some point with key issues of risk public protection and rehabilitation probability of desistance coming sharply to the fore In addition this book is also the first to capture how significant others including mothers fathers grandparents and siblings are affected when children kill and the level of commitment these relatives have towards supporting the prisoner in his or her quest to build a positive future Written in a clear and direct style this book will appeal to students and scholars of criminology sociology and penology practitioners working in social policy and all those interested in the lives and backgrounds of juvenile offenders

Children, Families and Violence Brian Howe, Katherine Covell, 2008-09-15 This book examines the risk factors surrounding children at risk of experiencing and perpetrating violence and looks at the positive role that children's rights can play in their protection The authors propose that violence in childhood is not spontaneous that children are raised to become violent in poorly functioning families

Violence and Nonviolence Gregg Barak, 2003-02-24 Gregg Barak's Violence and Nonviolence is a thoughtful comprehensive examination of violence in the United States Structurally and conceptually this book works Barak addresses violence in an interdisciplinary way addressing history psychology biology cultural studies and sociology Moreover Barak does an excellent job of discussing the intersection of race class and gender and those relationships with violence Heather Melton University of Utah Clearly the strength of this book is its comprehensive and reciprocal approach I found this to be an enjoyable and provocative book that treats the topic holistically and offers a vision for overcoming current patterns of violence I am convinced that this is an important work that

will ultimately be well received by undergraduates graduate students violence specialists and general readers Mathew T Lee University of Akron I think that the strengths of this book are twofold Barak s approach disaggregates violence into interpersonal institutional and structural violence which is very important yet rarely done the latter part of the book explores the pathways to nonviolence an underrepresented area in the study of violence Charis Kubrin Sociology George Washington University I have devoted close to 20 years studying and teaching about violence and I must say that this is a comprehensive book I strongly believe that Barak has done an outstanding review of the extant literature and touches upon key issues of central concern to those of us who are social scientific experts on violence Walter Dekeseredy Ohio University Violence and Nonviolence Pathways to Understanding is the first book to provide an integrative systematic approach to the study of violence and nonviolence in one volume Eminent scholar and award winning author Gregg Barak examines virtually all forms of violence from verbal abuse to genocide and treats all of these expressions of violence as interpersonal institutional and structural occurrences In the context of recovery and nonviolence Barak addresses peace and conflict studies legal rights social justice and various nonviolent movements Employing an interdisciplinary framework Barak emphasizes the importance of culture media sexuality gender and social structure in developing a comprehensive theory of these two separate but inseparable phenomena This innovative and accessible volume includes Figures tables and illustrations that reinforce important concepts and relationships Introduces a new original theory of reciprocal violence and nonviolence Numerous case studies on violence and recovery throughout the book Chapter summaries and review questions to aid student comprehension Models of nonviolence such as mutuality altruistic humanism positive peacemaking and resiliency Designed to be a core text for graduate and undergraduate courses on violence in criminology sociology criminal justice and social work departments Violence and Nonviolence is also an outstanding supplementary text for violence against women and criminal behavior courses This book will transform the way students and readers think about violence nonviolence and the reciprocal relationship between the two
