What Every Man and Woman Should Know about the Bible ... Sidney Calhoun Tapp, 1917 The Routledge Handbook of Male Sex Work, Culture, and Society John Scott, Christian Grov, Victor Minichiello, 2021-03-20 Panoramic and provocative in its scope this handbook is the definitive guide to contemporary issues associated with male sex work and a must read for those who study masculinities male sexuality sexual health and sexual cultures This groundbreaking volume will have a powerful impact on our understanding of this challenging elusive subject While the internet has brought the previously hidden worlds of male sex work more starkly into public view academic research has often remained locked into descriptions of male sex workers and their clients as perverse Drawing from a variety of regions the chapters provide insights into the historical popular cultural social and economic aspects of sex work as well as demographic patterns health outcomes and policy issues This approach shifts thought on male sex work from a hidden social problem to a publicly acknowledged social phenomenon The book challenges myths and reconceptualizes male sex work as a discrete field Importantly it provides a vehicle for the voices of male sex workers and new and established scholars This richly detailed humane and innovative collection retrieves male sex work from silence and invisibility on the one hand and its association with scandal and stigma on the other The findings within have profound implications for how governments approach public health and regulation of the sex industry and for how society can make sense of the complexities of human sexualities A compelling scholarly read and a major contribution to a commercial sector that is often neglected in policy debates on sex work this handbook will be of great interest to scholars of criminology sociology gender studies and cultural studies and all those interested in male sex work

Astrology Alice Sparkly Kat,2021-05-18 Tapping into the political power of magic and astrology for social community and personal transformation In a cross cultural approach to understanding astrology as a magical language Alice Sparkly Kat unmask the political power of astrology showing how it can be channeled as a force for collective healing and liberation Too often magic and astrology are divorced from their potency and cultural contexts co opted by neoliberalism used as a force of oppression or distilled beyond recognition into applications that belie their individual and collective power By looking at the symbolic and etymological histories of the sun moon Saturn Venus Mercury Mars and Jupiter we can trace and understand the politics of magic and challenge our own practices interrogate our truths and reshape our institutions to build better frameworks for communities of care Fearless radical and fresh Sparkly Kat s Postcolonial Astrology ushers in a new wave of astrology revival refusing to apologize for its magickism and connecting its power to the spirituality and politics we need now Intersectional inclusive and geared towards queer and POC communities it uses our historical and collective constructs of the planets sun and moon to re chart our subconscious history redefine the body in the world and assert our politics of the personal in astrology and all things *Sociology, Work, and Organisations* Brian McDonough,Jane Parry,2024-10-23 This
