## **Writing Down The River Into The Heart Of The Grand Canyon:**

*Expressing New Mexico* Phillip B. Gonzales, 2022-09-13 The culture of the Nuevomexicanos forged by Spanish speaking residents of New Mexico over the course of many centuries is known for its richness and diversity Expressing New Mexico contributes to a present day renaissance of research on Nuevomexicano culture by assembling eleven original and noteworthy essays They are grouped under two broad headings expressing culture and expressing place Expressing culture derives from the notion of expressive culture referring to fine art productions such as music painting sculpture drawing dance drama and film but it is expanded here to include folklore religious ritual community commemoration ethno-political identity and the pragmatics of ritualized response to the difficult problems of everyday life Intertwined with the concept of expressive culture is that of place in relation to New Mexico itself Place is addressed directly by four of the authors in this anthology and is present in some way and in varying degrees among the rest Place figures prominently in Nuevomexicano character contributors argue They assert that Nuevomexicanos and Nuevomexicanas construct and develop a sense of self that is shaped by the geography and culture of the state as well as by their heritage Many of the articles deal with recent events or with recent reverberations of important historical events which imbues the collection with a sense of immediacy Rituals traditions community commemorations self concepts and historical revisionism all play key roles Contributors include both prominent and emerging scholars united by their interest in and fascination with the distinctiveness of Nuevomexicano culture **Writing the Goodlife** Priscilla Solis Ybarra, 2016-05-12 Winner of the Western Literature Association's 2017 Thomas J Lyon Book Award in Western American Literary and Cultural Studies Mexican American literature brings a much needed approach to the increasingly urgent challenges of climate change and environmental injustice Although current environmental studies work to develop new concepts Writing the Goodlife looks to long established traditions of thought that

have existed in Mexican American literary history for the past century and a half. During that time period, Mexican American writing consistently shifts the focus from the environmentally destructive settler values of individualism, domination, and excess toward the more beneficial refrains of community, non-possessiveness, and humility. The decolonial approaches found in these writings provide rich examples of mutually respectful relations between humans and nature, an approach that Priscilla Solis Ybarra calls *goodlife* writing. *Goodlife* writing has existed for at least the past century, Ybarra contends, but Chicana/o literary history's emphasis on justice and civil rights eclipsed this tradition and hidden it from the general public's view. Likewise, in ecocriticism, the voices of people of color most often appear in deliberations about environmental justice. The quiet power of *goodlife* writing certainly challenges injustice, to be sure, but it also brings to light the decolonial environmentalism heretofore obscured in both Chicana/o literary history and environmental literary studies. Ybarra's book takes on two of today's most discussed topics: the worsening environmental crisis and the rising Latino population in the United States, and puts them in literary-historical context from the U.S.-Mexico War up to today's controversial policies regarding climate change, immigration, and ethnic studies. This book uncovers 150 years worth of Mexican American and Chicana/o knowledge and practices that inspire hope in the face of some of today's biggest challenges. [At Home on this Earth](#) Lorraine Anderson, Thomas S. Edwards, 2002. The first chronological presentation of U.S. nature writing by key women authors of the last two centuries. [Grand Canyon to Hearst Ranch](#) Elizabeth Austin, 2020-02-21. Finalist for the 2020 WILLA Literary Award Creative Nonfiction. Inspired by her first breathtaking trip in the Grand Canyon, Harriet Hunt Burgess dedicated her life to saving land for future generations. Beginning in the 1970s, she persevered through four decades, overcoming daunting obstacles and taking extraordinary risks to conserve hundreds of thousands of acres of land in the American West. Without Burgess, iconic and irreplaceable landscapes like the Lake Tahoe region and the California coast would be much different today. As Harriet Burgess once explained, "The land we save is our legacy. It's what we give to our children." The Grand Canyon was the catalyst for Harriet's conservation mission and the spark for Grand Canyon to Hearst Ranch. Author Elizabeth Austin has interwoven her own exhilarating and life-changing dory trip through the depths of the Grand Canyon with the compelling story of Harriet's early life and five of her most significant conservation achievements as founder-president of the American Land Conservancy. **Meditations of Walt Whitman** Chris Highland, 2010-01-01.
