This Muslim American Life Moustafa Bayoumi, 2015-09-18 Winner of the 2016 Evelyn Shakir Non Fiction Arab American Book Award A collection of insightful and heartbreaking essays on Muslim American life after 9 11 Over the last few years Moustafa Bayoumi has been an extra in *Sex and the City 2* playing a generic Arab a terrorist suspect or at least his namesake Mustafa Bayoumi was in a detective novel the subject of a trumped up controversy because a book he had written was seen by right wing media as pushing an anti American pro Islam agenda and was asked by a U S citizenship officer to drop his middle name of Mohamed Others have endured far worse fates Sweeping arrests following the terrorist attacks of September 11 2001 led to the incarceration and deportation of thousands of Arabs and Muslims based almost solely on their national origin and immigration status The NYPD with help from the CIA has aggressively spied on Muslims in the New York area as they go about their ordinary lives from noting where they get their hair cut to eavesdropping on conversations in caf s In *This Muslim American Life* Moustafa Bayoumi reveals what the War on Terror looks like from the vantage point of Muslim Americans highlighting the profound effect this surveillance has had on how they live their lives To be a Muslim American today often means to exist in an absurd space between exotic and dangerous victim and villain simply because of the assumptions people carry about you In gripping essays Bayoumi exposes how contemporary politics movies novels media experts and more have together produced a culture of fear and suspicion that not only willfully forgets the Muslim American past but also threatens all of our civil liberties in the present

Prehistories of the War on Terror A. J. Yumi Lee, Karen R. Miller, 2024-09-24 Reveals fundamental continuities between the contemporary War on Terror and earlier U S imperial conflicts *Prehistories of the War on Terror* examines the longstanding American project of classifying enemies who challenge U S power abroad as terrorists To do so the volume brings disparate episodes of U S military empire building into dialogue across time and space From settler colonial wars in the nineteenth century American West to twentieth century wars of conquest in Asia and the Pacific the collection s essays argue that the United States has drawn both materially and ideologically on older systems of empire in the conflicts through which it has waged the present day War on Terror Attending to the local histories from which these conflicts emerged and examining the effects of U S intervention in these sites contributors analyze the cultural frameworks for understanding and remembering past conflicts that confirm challenge or refigure the logics of the War on Terror This volume reveals how contestations over sovereignty extraction and inequality must be suppressed and flattened in public discourse to maintain a coherent vision of a totalizing War on Terror Together the contributors illustrate that there was no single road that led to 9 11 or the War on Terror Rather they argue that we must follow multiple paths into the past to fully understand our present and to fight for a more just future Contributors Moustafa Bayoumi Joo Ok Kim Janne Lahti A J Yumi Lee Naveed Mansoori Karen R Miller Kalyan Nadiminti Tim Roberts Colleen Woods
