Yayoi Kusama Obsesion Infinita:

Yayoi Kusama □□□□, 2013 Obsesi n Infinita accompanies the first Latin American retrospective of Yayoi Kusama born 1929 a massive survey of more than 100 works created between 1950 and 2013 It includes her abstract paintings of the 1950s made just prior to her move to New York in 1957 the soft sculptures that followed her move and her friendships with Donald Judd Andy Warhol Claes Oldenburg and Joseph Cornell and the famous happenings of the late 60s It was in these years that Kusama became known as the Polka Dot Princess for her obsessive use of polka dots in installations and performances In 1973 she returned to Japan and in 1977 settled voluntarily in a psychiatric clinic where she has continued to make performances and installations Alongside color reproductions this volume includes archival photographs of Kusama performances and portraits of the artist from the many periods of her career **Trans-Pacific Encounters** Koichi

Hagimoto, 2016-04-26 While the origin of trans pacific contact between Asia and the New World can be traced as far back as the pre Columbian period it was not until the fifteenth century that communication across the Pacific became constant Despite this history the myriad encounters that constitute the basic contours of transpacific studies have often been overshadowed by the traditional emphasis on transatlantic studies In addition although socio political ties between Asia and Latin America have drawn attention among politicians and economists in recent years there continues to be a critical void in the studies of literary cultural and historical relations between the two regions This book challenges this double negligence and engages in a global discussion about the relationship between Asia and the Hispanic world which includes not only Spanish America but also the Philippines under the Spanish empire The essays presented in this volume explore the multidimensional nature of the trans pacific intersection through historical studies as well as literary and cultural criticism Topics investigated include for example the overlooked aspect of the Hispanic Philippines the Orientalized images of Latin American colonial art modernista and vanguardista writings about India and the experience of a Peruvian migrant worker in contemporary Japan The diverse perspectives that the authors offer create a dialogue with each other and together provide an interdisciplinary approach to the understanding of trans pacific encounters both past and present Experiencias

Arte parece, plátano es Laura Revuelta, 2025-09-04 21 hitos que con humor y claridad nos ayudan a entender lo que ha ocurrido en el convulso mercado del arte en el primer cuarto del siglo XXI. Un ensayo vibrante y lleno de sentido que captura el pulso de un arte que ya no quiere ni puede parecerse al del pasado. Joan Fontcuberta. La periodista y crítica de arte Laura Revuelta indaga en las claves para entender por qué un plátano pegado a la pared con cinta aislante expuesto en un museo cuya foto da la vuelta al mundo puede llegar a subastarse por cifras millonarias pese a que casi todos se ríen de él. Esta obra de Maurizio Cattelan es heredera directa del urinario con el que Marcel Duchamp nos sorprendió el siglo anterior. Ya es hora de dar réplica a la manida frase de esto lo haré a mi hijo a la que un avisado creador una vez contestó: El arte contemporáneo son los padres. Arte parece plátano es se propone bajar el arte contemporáneo de su pedestal de esnobismo y acercarlo al público para que se ría con él y no de él. O al menos para que sepa de qué nos reímos exactamente y nadie se quede con cara de tonto. En sus páginas no se da nada por sentado y se repasan y explican algunos de los principales acontecimientos de estos veinticinco años desde la primera cancelación de Picasso por sus comportamientos machistas hasta la aparición de los NFTS y la Inteligencia artificial. Revuelta no se olvida de creadores fundamentales que siguen muy vivos como Duchamp y Warhol de otros que dan que hablar aunque no pasen por su mejor momento como Damien Hirst y de quienes han producido las imágenes más icónicas de lo que llevamos de siglo. Yayoi Kusama, Alicia Framis, Banksy. En ese deseo de no dejar ningún charco sin pisar también se zambulle en temas tan controvertidos como la decolonización de los museos o el activismo climático que pone en el foco mediático las grandes obras. Críticas. Laura Revuelta nos guía con maestría y precisión por las múltiples capas que conforman el sistema del arte actual de las guerras culturales a la omnipresencia de las redes sociales del feminismo al movimiento decolonial. Manuel Borja-Villel. Laura Revuelta ha comprendido enseguida que la gran transformación del siglo XXI es la incorporación de la IA en el arte. Este libro es sobre todo una herramienta valiosa para los nuevos creadores y las posibilidades del siglo XXII. Alicia Framis. Un ensayo vibrante y lleno de sentido que captura el pulso
