Yes And Daily Meditations:

Yes, And... Richard Rohr, 2013 This perennial book features daily meditations each written by Rohr and adapted or excerpted from his many written and recorded works The meditations are arranged around seven themes Methodology Scripture as validated by experience and experience as validated by tradition are good scales for one's spiritual worldview Foundation If God is Trinity and Jesus is the face of God then it is a benevolent universe God is not someone to be afraid of but is the Ground of Being and on our side Frame There is only one Reality Any distinction between natural and supernatural sacred and profane is a bogus one Ecumenical Everything belongs and no one needs to be scapegoated or excluded Evil and illusion only need to be named and exposed truthfully and they die in exposure to the light Transformation The separate self is the problem whereas most religion and most people make the shadow self the problem This leads to denial pretending and projecting instead of real transformation into the Divine Process The path of descent is the path of transformation Darkness failure relapse death and woundedness are our primary teachers rather than ideas or doctrines Goal Reality is paradoxical and complementary Non dual thinking is the highest level of consciousness Divine union not private perfection is the goal of all religion Yes and is an excellent daily prayer resource for fans of Richard Rohr's work and those who are looking for an alternate way to live out their faith a way centered in the open minded search for spiritual relevance of a transforming nature

Real change can according to Osho only come from a personal rebellion a rebellion based on yes yes to existence yes to nature yes to yourself Humanity has been guided by traditions which are all life negative the results of endless wars a planet in danger and a humanity losing direction are obvious results of these traditions Only a total affirmation of life in an absolute yes to nature can bring a new earth and a totally new humanity into being Rebellion is a very silent individual phenomenon that will go on spreading without making any noise and without leaving any footprints behind It will move from heart to heart in deep silences

Eager to Love Richard Rohr,2020-03-05 Francis of Assisi is one of the most beloved of all saints Both traditional and entirely revolutionary he was a paradox He was at once down to earth and reaching toward heaven grounded in the rich history of the Church while moving toward a new understanding of the world beyond Globally recognized as an ecumenical teacher Richard Rohr started out and remains a Franciscan friar The loving inclusive life and preaching of Francis of Assisi make him a recognizable and beloved saint across many faith traditions He was as Rohr notes a master of making room for it and letting go of that which was tired or empty Francis found an alternative way to follow Jesus one that disregarded power and privilege and held fast to the narrow path of the Gospel Rohr helps us look beyond the birdbath image of the saint to remind us of the long tradition founded on his revolutionary radical and life changing embrace of the teachings of Jesus Rohr draws on Scripture insights from psychology and literary and artistic references to weave together an understanding of the tradition as first practiced by St Francis Rohr shows how his own innovative theology is firmly grounded in the life and teaching of this great saint and provides a perspective on how his alternative path to the divine can deepen and enrich our spiritual lives The audio edition of this book can be downloaded via Audible
