Writing Qualitatively Johnny Saldana, 2018-04-09 *Writing Qualitatively: The Selected Works of Johnny Saldana* showcases the diverse range of writing styles available to qualitative researchers through the work of one of the most internationally cited and referenced methodologists. The traditional academic journal article still holds its place as a convention of published scholarship, but Saldana illustrates how a variety of approaches to research documentation can evocatively represent social life and one's self in intriguing ways. *Writing Qualitatively* assembles journal articles, book chapters, ancillary materials, texts from keynote addresses, and previously unpublished work that illustrate Saldana's eclectic body of inquiry. Each piece is prefaced with author comments on the selection and how readers themselves might venture into comparable writing styles. Multiple methodologies and writing examples are included, ranging from case studies to action research, from poetry to ethnodramatic play scripts, from confessional tales to autoethnographies, and from textbook materials to classroom session designs. An introduction to the collection discusses Saldana's writing processes and how qualitative researchers and educators can extend their own imaginations and creativity to find new forms of scholarly presentation and representation. *Writing Qualitatively* serves as a supplemental text for undergraduate and graduate courses in qualitative inquiry, educational research, ethnography, and arts-based research. This unique anthology demonstrates to students, professors, and professional researchers how academic scholarship can be reported through a breadth of literary genres, elements, and styles.

Modes of Thinking for Qualitative Data Analysis Melissa Freeman, 2016-09-20 *Modes of Thinking for Qualitative Data Analysis* argues for engagement with the conceptual underpinnings of five prominent analytical strategies used by qualitative researchers: Categorical Thinking, Narrative Thinking, Dialectical Thinking, Poetical Thinking, and Diagrammatical Thinking. By presenting such disparate modes of research in the space of a single text, Freeman not only draws attention to the distinct methodological and theoretical contributions of each, she also establishes a platform for choosing among particular research strategies by virtue of their strengths and limitations. Experienced qualitative researchers, novices, and graduate students from many disciplines will gain new insight from the theory-practice relationship of analysis advanced in this text.

Completing Your Qualitative Dissertation Linda Dale Bloomberg, Marie Volpe, 2018-11-06 *Completing Your Qualitative Dissertation* offers comprehensive step-by-step guidance and practical tools for navigating the personal and professional challenges that can arise during the qualitative dissertation journey. Authors Linda Dale Bloomberg and Maria Volpe skillfully blend the conceptual, theoretical, and practical, empowering readers to successfully master both the content and the process of their qualitative dissertations. The Fourth Edition has been thoroughly updated to respond to developments in the field, allowing the book to have wider application for dissertation work within the evolving world of qualitative inquiry. Included in this edition is a new chapter titled *Achieving Alignment Throughout Your Dissertation*, a greater focus on how all qualitative traditions can encompass activist research and social justice inquiry, and enhanced

coverage on the role of the researcher emphasizing the importance of reflexivity and approaching research critically
