Third Millennium Homeopathy Joe Rozencwajg, 2013-02 Dr Joe Rozencwajg aims in this book to simplify demystify and explain what is homeopathy without recourse to sanctification by any official representative of the Techno Chemical Medical Industry He succeeds and at the same time he entertains He gets to the core of homeopathy and relates it to ideas of the 3rd millenium like epigenetics uses modern language like rebooting the patient and brings up to date older concepts like miasms Joe is a polymath and includes references from the Hebrew Bible from Chinese and Indian medicine with many colourful drawings and diagrams He also explains how homeopathy can be verified by modern chemistry and physics and relates this to his unique use of the Fibonacci series of potencies which he prefers to the Swedenborgian potency series introduced in the nineteenth century Hahnemann warned us against writers like Joe who theorise On the other hand Hahnemann was probably an iconoclast and theoriser himself and in that Joe follows him well Joe s theories are based on his experience as a patient and as a homeopath As it says outside a good French restaurant le patron mange ici Come inside and learn from a master
