Born to Walk Dan Rubinstein, 2015-04-01 The case for getting back on our feet The humble act of putting one foot in front of the other transcends age geography culture and class and is one of the most economical and environmentally responsible modes of transit Yet with our modern fixation on speed this healthy pedestrian activity has been largely left behind At a personal and professional crossroads writer editor and obsessive walker Dan Rubinstein travelled throughout the U S U K and Canada to walk with people who saw the act not only as a form of transportation and recreation but also as a path to a better world There are no magic bullet solutions to modern epidemics like obesity anxiety alienation and climate change But what if there is a simple way to take a step in the right direction Combining fascinating reportage eye opening research and Rubinstein's own discoveries Born to Walk explores how far this ancient habit can take us how much repair is

within range and guarantees that you'll never again take walking for granted **Anne Brigman** Kathleen Pyne, 2020-06-23 The life and work of an essential photographer whose feminism and pictorialist images distanced her from the mainstream In the first book devoted to Anne Brigman 1869-1950 Kathleen Pyne traces the groundbreaking photographer's life from Hawaii to the Sierra and elsewhere in California revealing how her photographs emerged from her experience of local place and cultural politics Brigman's work caught the eye of the well-known photographer Alfred Stieglitz who welcomed her as one of the original members of his Photo Secession group He promoted her work as exemplary of his modernism and praised her Sierra landscapes with female nudes work that at the time separated Brigman from the spiritualized upper-class femininity of other women photographers Stieglitz later drew on Brigman's images of the expressive female body in shaping the public persona of Georgia O'Keeffe into his ideal woman artist This nuanced account reasserts Brigman's place among photography's most important early advocates and provides new insight into the gender and racialist dynamics of the early twentieth-century art world especially on the West Coast of the United States **Engaged Urbanism** Ben Campkin, Ger Duijzings, 2016-11-25 Engaged Urbanism showcases the exciting ways in which urbanists are responding to this question and working towards fairer cities Its authors offer succinct candid and carefully illustrated commentaries on the trials and successes of risk-taking research revealing how they collaborate across fields of expertise inventing or adapting methods to suit bespoke situations Featuring novel uses and combinations of practice from activism architectural design and undercover journalism to film sculpture performance and photography in a diversity of cities such as Beirut Johannesburg Kisumu London and Rio de Janeiro Engaged Urbanism demonstrates how some of the greatest challenges for present and future populations are being rigorously and creatively addressed **Creativity** Stan Lai, 2025-11-04 Asia's legendary playwright director Stan Lai has written one of the unique works of our time explaining that the mysterious act of creativity is actually a traceable function of mind and there is a path to learn creativity through unlearning many of our habits picked up in life His special map as well as tailor-made exercises lays out an awe-inspiring yet practical guide from a lifetime of creative work revered in Asia by artists and business leaders alike Through his extensive experience the greatest living Asian playwright shows us how to cultivate a creative app that works within us Matthieu Ricard says Stan Lai teaches us how to see and how to do Praised by Jack Ma Ang Lee and other luminaries this book is a rewrite by the author of his book that is the most prominent work on creativity in China having sold over 700,000 copies Robert Wilson calls the work foundational support for arts and culture Stan Lai is uniquely qualified to write on creativity because he not only has four decades of creative experience widely acclaimed as the greatest playwright in the Chinese language but is also a dedicated educator Shannon Jackson calls the work A must-read from an internationally renowned artist Can creativity be taught Most of the books and training in this area deal with skills for jumpstarting alternative thinking brainstorming and other exercises but do not deal with creativity itself They don't tackle the obvious question What is creativity and how can I get it As one of the world's

leading artists Lai explains that the reason we don't think creativity can be taught is that we don't really understand what happens in the mysterious process. By slowing down the moment of inspiration, Lai lets us see exactly the elements involved in this complex process that lasts only an instant. Then he shows you how to prepare for this moment through his unique Map of Creativity. This is a whole path of training in creativity which he explains clearly and with humour and compassion and tailor-made exercises. Travis Preston says Stan Lai guides us to the center of the creative moment and the ultimate unity of the spiritual and physical worlds. Creativity is a milestone in understanding and learning the creative act. Born in America, raised in Taiwan, with a career spanning the Chinese diaspora, Lai believes that we are all born creative but the source to creativity has been blocked by life. How to take down the barriers that are blocking the source from us is a task of unlearning many things that have become habits and put us into a so-called non-creative mode. Taking his cue from his Buddhist training that wisdom and method are both needed for success in any endeavour, he explains how wisdom has mysteriously vanished from education systems all over. Most teaching in creativity focuses on method, which one learns in one's art. But we need another type of training more urgently: the training for wisdom, which can only happen in the domain of life. To do so, you must first be. To discover your creativity, you must first discover yourself. Octaviano Sainz says: This book is not a manual but a statement of belief, an enduring message about how each of us can go beyond our limits.

Performance Drawing Maryclare Foá, Jane Grisewood, Birgitta Hosea, Carali McCall, 2020-09-03. What is performance drawing? When does a drawing turn into a performance? Is the act of drawing in itself a performative process, whether a viewer is present or not? Through conversation, interviews, and essays, the authors illuminate these questions and what it might mean to perform and what it might mean to draw in a diverse and expressive contemporary practice since 1945. The term performance drawing first appeared in the subtitle of Catherine de Zegher's *Drawing Papers*. 20 Performance Drawings in particular, with reference to Alison Knowles and Elena del Rivero. In this book, it is used as a trope and a thread of thinking to describe a process dedicated to broadening the field of drawing through resourceful practices and cross-disciplinary influence. Featuring a wide range of international artists, this book presents pioneering practitioners alongside current and emerging artists. The combination of experiences and disciplines in the expanded field has established a vibrant art movement that has been progressively burgeoning in the last few years. The Introduction contextualises the background and identifies contemporary approaches to performance drawing. As a way to embrace the different voices and various lenses in producing this book, the authors combine individual perspectives and critical methodology in the five chapters. While embedded in ephemerality and immediacy, the themes encompass body and energy, time and motion, light and space, imagined and observed, demonstrating how drawing can act as a performative tool. The dynamic interaction leads to a collective understanding of the term performance drawing and addresses the key developments and future directions of this applied drawing process.

At Home with Ivan Vladislavić Gerald Gaylard, 2023-03-31 *At Home With Ivan Vladislavić* is the first comprehensive analysis of the works of Ivan Vladislavić Bringing a flaneur s internal GPS to postcolonial Johannesburg Vladislavić established a critical sense of home via an intimate knowledge of geography and history This sense of belonging can have positive ecological effects as we tend to protect what we know The flaneur s deep word

hoard also helped him to develop a minimalist style which was not only a means of living sustainably in the city but in its humour and close attention to detail a way to make greening the city more of a joy than a duty In this way Vladislavi created a culture of sustainability Introduction and Chapter 6 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Gender and Memory in the Postmillennial Novels of Almudena Grandes Lorraine Ryan, 2021-04-22

Almudena Grandes is one of Spain's foremost women's writers having sold over 1.1 million copies of her *episodios de una guerra interminable* her six volume series that ranges from the Spanish Civil War to the democratic period the myriad prizes awarded to her 18 in total confirm her pre-eminence This book situates Grandes's novels within gendered philosophical and mnemonic theoretical concepts that illuminate hidden dimensions of her much studied work Lorraine Ryan considers and expands on existing critical work on Grandes's oeuvre proposing new avenues of interpretation and understanding She seeks to debunk the arguments of those who portray Grandes as the proponent of a sectarian eminently biased Republican memory by analysing the wide variety of gender and perpetrator memories that proliferate in her work The intersection of perpetrator memory with masculinity ecocriticism medical ethics and the child's perspectives confirms Grandes nuanced engagement with Spanish memory culture Departing from a philosophical basis Ryan reconfigures the Republican victim in the novels as a vulnerable subject who attempts to flourish thus refuting the current critical opinion of the victim as overly empowered The new perspectives produced in this monograph do not aim to suggest that Grandes is an advocate of perpetrator memory rather it suggests that Grandes is committed to a more pluralistic idea of memory culture whereby her novels generate understanding of multiple victim perpetrator and gender memories an analysis that produces new and meaningful engagements with these novels Thus Ryan contends that Grandes's historical novels are infinitely more complex and nuanced than heretofore conceived

Storied Deserts Celina Osuna, Aidan Tynan, 2024-06-28 *Storied Deserts* makes a crucial and critical intervention in the field of environmental humanities by showcasing an emerging body of research on desert places from around the world Deserts despite dominant stereotypes of wasteland and barrenness are culturally and ecologically abundant places This edited volume sets out to reimagine the world's desert places and the very concept of the desert itself taking a boldly interdisciplinary and multicultural approach Authors engage in literary ecocriticism and ecopoetics film and visual studies critical theory personal and transdisciplinary reflection creative practices and historical scholarship Through their diverse range of perspectives contributors show how arid lands have been and can be understood as sites of narrative production places where signs and imaginaries are born from the materialities of space and entanglement In this way this volume highlights how the storied matter of the Earth's deserts informs lived realities environmental histories cinematic and literary imaginaries political conflicts and even intellectual categories such as the human and the elemental Ultimately this book shows that reimagining desert places can help us to grapple with the epochal challenges of the Anthropocene It is an

important and engaging collection for scholars and students across disciplines that helps establish the value of desert humanities The New Nature Writing Jos Smith,2017-05-04 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com In the last decade there has been a proliferation of landscape writing in Britain and Ireland often referred to as The New Nature Writing Rooted in the work of an older generation of environment focused authors and activists this new form is both stylistically innovative and mindful of ecology and conservation practice The New Nature Writing Rethinking the Literature of Place connects these two generations to show that the contemporary energy around the cultures of landscape and place is the outcome of a long standing relationship between environmentalism and the arts Drawing on original interviews with authors archival research and scholarly work in the fields of literary geographies ecocriticism and archipelagic criticism the book covers the work of such writers as Robert Macfarlane Richard Mabey Tim Robinson and Alice Oswald Examining the ways in which these authors have engaged with a wide range of different environments from the edgelands to island spaces Jos Smith reveals how they recreate a resourceful and dynamic sense of localism in rebellion against the homogenising growth of clone town Britain

Journey: The Way of the Disciple Richard Littledale,2017-03-01 An accessible and thought provoking devotional look at the nature of discipleship through the lens of pilgrimage What do we learn about God whilst on the move which could not be learnt whilst stationary From Abraham Moses Ruth to Jesus himself and the apostle Paul the Bible is full of stories of people on the move and Journey looks at what we can learn from looking at the Christian life as one of pilgrimage The chapters cover subjects such as provisions needed on the journey communications and companions along the way distractions from the path the growth of new monasticism and death as journey s end With questions for personal reflection included after each chapter this is much more than a book about pilgrimage it encourages the reader to learn to journey through life in an attitude of pilgrimage revealing that it is often in the very act of journeying that we find our deepest spiritual insights
