Summary of You Can Heal Your Life Alexander Cooper,2021-08-30 Summary of You Can Heal Your Life You are nothing but your habits Acharya Prashant The topic of habits is something we have all heard of either positively or negatively at one point in life or the other Even with much prevalence to the topic of habits and how much they can do for us some people still find it easy to live life randomly without incorporating the necessary healthy habits into their lives Without trying to put too much sophistication into it a habit is something we often do It suddenly at some point of repetition becomes an unconscious pattern of behavior We are sometimes aware that we are making habits while there are others who do not even know they are habits Habits are essential to who we are and when we can realize which habits are part of us the better I had a habit of waking up in the morning to a bottle of soda and while this was something I did unconsciously it became part of me and almost destroyed my overall health as my blood sugar levels were off the charts I knew I was drinking soda too often I knew my blood sugar level was rising but I always related it to something else like I sat down too much and did not get enough physical exercise overall when the doctor asked I didn t mean to lie seriously but this was part of my daily routine and I did not know that it was in any way hurting me This is how we do a lot of things and do not even know how much damage we are doing to ourselves our health and our relationships in general This issue affects all aspects of your life and as I said earlier they can make you or break you Another example is my best friend Peter he had a habit of putting off things until the last minute and while he was a skilled artist he never got to show off the best of his skills as he always rushed his work With my research I was able to change my entire life and my friend s habit of timing and how he worked and his working relationships got better with every client as almost everyone had something good to say about his work and he even earned more than he ever did when he put things off till the last minute In this book healthy habits I will be walking you through the process of rebuilding your habits to healthy ones which can benefit you in all aspects of your life I will cut across some of the most important aspects of life and help you develop some of the best habits that will help you live the best life ever Remember you are nothing but your habits and if your habits can define you you have no reason not to take them seriously This book Healthy Habits will be a fun ride because it will discuss so many aspects of your life and open up some of the things you never knew were terrible habits Before moving forward you need to promise yourself that you will make this practical because no matter how good any information is without any action it will always amount to nothing So promise yourself that as you go through the pages of this book you will decide to take proper action when due and watch how your life will be transformed right before your eyes Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get

Hay's You Can Heal Your Life* Everest Media,2022-03-24T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I have written this book to share with you what I know and teach It incorporates portions of my little blue book Heal Your Body which has become widely accepted as an authoritative work on the mental patterns that create dis eases in the body 2 We create our experiences by our thoughts and feelings We create the situations and then we give our power away by blaming others for our frustration When we create peace and harmony in our minds we will find it in our lives 3 If you want your world to be reflective of your beliefs you must accept yourself at your own value If you want to believe that life is lonely and that nobody loves you that is what you will find in your world However if you are willing to release that belief and affirm for yourself that Love is everywhere and I am loving and lovable then it will become true for you 4 We treat ourselves the way our parents treated us We scold and punish ourselves in the same way We also love and encourage ourselves in the same way if we were loved and encouraged as children All is Well Louise Hay,Mona Lisa Schulz, MD,
