threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, dispises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious Elite created gods of intimidation and fear to control others and solicit money. *The Awakening of Global Consciousness* is a must read for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions. **Autocar**, 2004
