

PRODUCT OVERVIEW

The fourth generation of the Golf and Jetta, known as the A4 platform, was introduced in 1999. When introduced, three trim levels were offered (GL, GLS, and GLX). The Jetta was available in GL, GLS, and GLX trim levels, first as a 4-door sedan, and beginning in the 2001, as a wagon. The Golf was available as both 2- and 4-door hatchbacks, in GL and GLS trim levels. GTI models were only available as 2-door hatchbacks (GLS, GLX models).

External badging was not used to identify the different models. The engine versions were however displayed on the rear of the vehicles. Available engines are listed below.

All models feature chrome accents and soft textured painted surfaces. The rear seat has a one third two third split with a center seat head rest and shoulder belt. Side airbags for the front seats are also standard equipment for all models.

The only individual option available during the model's introduction was the CD changer. All models are pre-wired for dealer installation.

Additional optional equipment became available throughout the production span of the A4 vehicles. Late model high-tech options included ESP (Electronic Stabilization Program), Tiptronic 5-speed automatic transmission, 5-speed manual transmission, ASR (Anti Slip Regulation), Volkswagen
