**Gender Innovation in Political Science** Marian Sawer, Kerry Baker, 2018-06-16 In this book leading gender scholars survey the contribution of feminist scholarship to new norms and knowledge in diverse areas of political science and related political practice They provide new evidence of the breadth of this contribution and its policy impact Rather than offering another account of the problem of gender inequality in the discipline the book focuses on the positive contribution of gender innovation It highlights in a systematic and in depth way how gender innovation has contributed to sharpening the conceptual tools available in different subfields including international relations and public policy At the same time the authors show the limits of impact in core areas of an increasingly pluralised discipline This volume will appeal to scholars and students of political science and international relations

**Women in Politics** Lois Duke

Whitaker,1999 This book is designed as a reader on the topic of women and politics to aid in integrating the study of women in the political system It provides relevant research on women and politics across a spectrum of topics and perspectives With a feminist theoretical framework it examines some gender differences in political attitudes and voting looks at gender cultural elections in the mass media and group politics and examines how women have fared in competing for public office Also discussed are the various branches of government and how women are or are not participating the functions of government and explore women and national public policy and women in regard to activism empowerment changing roles and cultural expression

**Disability and Political Representation** Elizabeth Evans,Stefanie Reher,2024-03-15 Disability and Political Representation explores how disabled people experience the various stages and aspects of the representation process drawing upon extensive empirical research and a variety of qualitative and quantitative data It discusses why increasing the number of disabled politicians matters not only as a matter of justice and equality but also to better represent the issues and interests of importance to disabled people Evans and Reher identify a variety of ableist barriers prevent disabled people from fully participating in the political process from disenfranchisement and inaccessible polling stations to prejudice within parties and a lack of financial support for candidates who require adjustments The work shows that while the preferences of disabled citizens are currently under represented in parliament disabled representatives often draw on their lived experience to advocate for their interests The concept of experiential representation is developed to help scholars and practitioners better navigate the concept of political representation specifically as it relates to disability Thus the book explores how disability can help us think about the contours of political representation It presents and analyses a range of diverse and original data including qualitative data generated from interviews with disabled politicians and activists in the UK quantitative survey data on the political attitudes and participation of disabled citizens from across Europe and data from survey experiments examining voter perceptions of disabled politicians in the UK and the US

**Women, Partisanship, and the Congress** J. Evans,2005-04-15 As women increasingly play a role and gain even greater prominence in congressional politics they need to navigate the at times conflicting demands of loyalty to party culture responsiveness to party leadership political goals and the need to get re elected Based on extensive interviews and historically informed this book examines differences between Republican and Democratic political cultures how these differences affect women members of congress as they pursue agendas and seek to bolster their electability and the effectiveness of women within an institution traditionally dominated by men

**Resisting Citizenship** Martha A. Ackelsberg,2013-01-11 Political participation in America supposedly the world s strongest democracy is startlingly low and many of the civil rights and economic equity initiatives that were instituted in the 1960s and 70s have been abandoned as significant proportions of the populace seem to believe that the civil rights battle has been won However rates of collective engagement like community activism are surprisingly high In Resisting Citizenship renowned feminist political scientist Martha Ackelsberg argues that

community activism may hold important clues to reviving democracy in this time of growing bureaucratization and inequality. This book brings together many of Ackelsberg's writings over the past 25 years combining her own field work and interviews with cutting edge research and theory on democracy and activism. She explores these efforts in order to draw lessons and attempt to incorporate knowledge about current notions of democracy from those who engage in non traditional participation those who have in many respects been relegated to the margins of political life in the United States. Women in Congress, 1917-2006 Matthew Andrew Wasniewski, 2006. Contains profiles contextual essays historical images and appendices that provide information about the 229 women who have served in Congress from 1917 through 2006. **Congress and Its Members** Roger H. Davidson, Walter J. Oleszek, Frances E. Lee, Eric Schickler, 2019-07-12. I think Congress and Its Members is a near perfect example of what a textbook is supposed to be. It provides a clear foundation of factual knowledge for students along with an accessible summary of the current state of scholarly knowledge in the field and well chosen examples from today's headlines to better enable students to understand the implications of what they have read. James B. Cottrill, St. Cloud State University. The Gold Standard for Congress Courses for Over Thirty Years. Congress and Its Members offers comprehensive coverage of the U.S. Congress and the legislative process by examining the tension between Congress as a lawmaking institution and as a collection of politicians constantly seeking re-election. The highly anticipated Seventeenth Edition considers the 2018 elections and the Trump administration discussing the agenda of the new Congress White House Capitol Hill relations party and committee leadership changes judicial appointments and partisan polarization in addition to covering changes to budgeting campaign finance lobbying public attitudes about Congress reapportionment rules and procedures. Always balancing great scholarship with currency this bestseller features lively case material along with relevant data charts exhibits maps and photos.
