Word 2015 Manual:

The Oxford Handbook of Word Classes Eva van Lier, 2023 This handbook explores multiple facets of the study of word classes also known as parts of speech or lexical categories The contributions showcase the importance of word classes for the whole discipline of linguistics while also highlighting the many ongoing debates in the areas and outlining fruitful avenues for future research

Manual of Romance Word Classes Anna-Maria De Cesare, Giampaolo Salvi, 2024-09-02 Word classes are linguistic categories serving as basis in the description of the vocabulary and grammar of natural languages While important publications are regularly devoted to their definition identification and classification in the field of Romance linguistics we lack a comprehensive state of the art overview of the current research This Manual offers an updated and detailed discussion of all relevant aspects related to word classes in the Romance languages In the first part word classes are discussed from both a theoretical and historical point of view The second part of the volume takes as its point of departure single word classes described transversally in all the main Romance languages while the third observes the relevant word classes from the point of view of specific Romance based varieties The fourth part explores Romance word classes at the interface of grammar and other fields of research The Manual is intended as a reference work for all scholars and students interested in the description of both the standard major Romance languages and the smaller lesser described Romance based varieties
