Revisiting Centres and Peripheries in Iberian Studies Mark Gant,2019-08-05 Like its predecessor and companion volume New Journeys in Iberian Studies this volume gathers fresh and emerging research in a range of sub fields of Iberian studies from an international range of established academics and early career researchers The book provides rich evidence of the breadth and depth of new research being carried out in the dynamic field of Iberian studies at present As the title suggests a strong thread running through the collection is concerned with investigating the multiple spaces of tension between the centre and periphery that comprise the Iberian cultural system Topically the current situation in Catalonia naturally comes to the fore in a number of chapters and from a range of perspectives However in the revisiting of a range of cultural products and historical processes undertaken by the contributors it can be seen that transoceanic postcolonial relations are not neglected and concerns with history memory and fiction also weave their way through their work

Veinte años de políticas de igualdad Judith Astelarra,2005 El régimen franquista fue un ejemplo sin eufemismos de un modelo patriarcal El movimiento feminista de los años sesenta formó parte de las fuerzas sociales y políticas que trajeron la democracia y el cambio social a España Sus reivindicaciones en contra de la discriminación de las mujeres contribuyeron a la creación de instancias institucionales y a la implementación de políticas de igualdad para terminar con la herencia franquista Veinte años después se puede hacer un balance para ver qué han servido estas políticas y qué cosas han cambiado y cuáles no Este libro recoge una parte de la experiencia del proceso institucional y social de cambio de la realidad de las mujeres Es una mirada a las últimas décadas del siglo XX con vocación de servir para abordar los problemas del siglo XXI

Europe and America Federiga Bindi,2019-04-23 America First is America Alone Foreign policy is like physics vacuums quickly fill As the United States retreats from the international order it helped put in place and maintain since the end of World War II Russia is rapidly filling the vacuum Federiga Bindi s new book assesses the consequences of this retreat for transatlantic relations and Europe showing how the current path of US foreign policy is leading to isolation and a sharp decrease of US influence in international relations Transatlantic relations reached a peak under President Barack Obama But under the Trump administration withdrawal from the global stage has caused irreparable damage to the transatlantic partnership and has propelled Europeans to act more independently Europe and America explores this tumultuous path by examining the foreign policy of the United States Russia and the major European Union member states The book highlights the consequences of US retreat for transatlantic relations and Europe demonstrating that America first is becoming America alone perhaps marking the end of transatlantic relations as we know it with Europe no longer beholden to the US national interest *Revista de España* ,1881

La traición en la historia de España Bruno Padín Portela,2020-04-01 La n mina de traidores que pueblan la historia de Espa a desde la Antig edad cl sica hasta hoy es extensa Sus vidas y sus traiciones componen un nutrido mosaico sobre el que se ha construido una identidad resiliente y esencialista y una historia de h roes y villanos sobre la que acomodarnos Traidores a la naci n como el conde Don Juli n traidores picos y justos como El Cid

traidores al rey como Antonio Pérez o a su sangre como el príncipe Carlos desleales todos Pero también colectivos movimientos sediciosos que buscan romper el orden natural el agazapado enemigo interno que todo lo enturbia judíos luego convertidos en marranos moriscos comuneros catalanes y ya en la época contemporánea los masones y su sociedad secreta los liberales y afrancesados y los comunistas eternamente conjurados Estos dos modelos el traidor políticamente activo y el enemigo oculto pasan de la historiografía española a las tres historiografías nacionalistas la gallega con su enfrentamiento entre el celta y el romano o el español la vasca con su reivindicación de la pureza de sangre y la historiografía catalana con su contraste entre catalanes y españoles Todos estos temas pueden verse a lo largo de este libro en el que la traición y el traidor aparecen como una especie de maldición en la historia de España

El Ateneo, 1888 **Ateneo**, 1888 **Memorias de B. V., Ministro de Mejico en España durante los años 1853, 1854 y 1855** Buenaventura Vivó, 1856 Memorias de Buenaventura Vivó ministro de Méjico en España durante los años 1853, 1854 y 1855 Buenaventura Vivó, 1856 *Historia de los musulmanes de España Libro I & Libro II* Reinhart Dozy, 2016-04 Fruto de largos años de trabajo y de una prodigiosa labor de investigación original la Historia de los musulmanes de España obra cumbre del filólogo e historiador holandés Reinhart P. Dozy provocó de inmediato una verdadera revolución en el campo de los estudios arabícos La utilización de fuentes y documentos de primera mano hasta entonces inexplorados un estilo literario de gran belleza y una estructura narrativa impecable la convirtieron en un clásico de la historiografía moderna Pasado más de un siglo desde su primera edición continúa siendo la obra de referencia erudita a la que recurren los estudiosos del tema y una lectura cautivante para todos aquellos interesados en una de las facetas más apasionantes de la historia de España Publicada ahora en dos tomos La historia de los musulmanes de España comprende el período que media entre los años 711 y 1110 o sea hasta la conquista de Andalucía por los almorávides

Nuevos caminos en la investigación de los años 20 en España Harald Wentzlaff-Eggebert, 2011-04-20 Why the Twenties Recent scholarship has been pointing out more and more clearly that in Spain too the Twenties were a period in which both radical and varied change was being striven for An obsolete mainstream cultural practice was being confronted by an increasing interest in such novelties as sports jazz bands silent movies or even the first stirrings of feminism It is the decade of reviews promoting various isms from ultraism to surrealism and of Valle Inclán's grotesque esperpento which heralded the fall of Primo de Rivera's dictatorship The essays assembled here treat some of these and many other aspects The authors base their contributions on recent criticism and many years of dedication to the field and propose new directions for fertile future investigations
