Wagenman, 2020-11-20 It is fascinating that in all the media reports and discussions of the church s abuse of power in the early years of the twenty first century few if any seemed to notice that the accusation of the church s misuse of power presupposed a shared understanding of the positive use of power within the church that had been violated Rather than an interest in the sociological aspect of this question this book examines the more ontological and normative aspects of it That is it investigates and discerns the foundational theological framework of culture and society and the location and purpose of the church within them As a cultural force and societal institution what does the church constructively bring to the human community      *The Sacrifice of Praise* Herman Bavinck, 2021-10-05 In *The Sacrifice of Praise* Herman Bavinck pastorally guides the reader through the importance of the public profession of faith Bavinck s careful treatment includes explorations of the unifying power of a common ecumenical confession of faith the blessing of the diversity of believers and reasonable instruction for those facing persecution for publicly identifying with Christ Theological practical straightforward and devotional *The Sacrifice of Praise* gives readers a fresh appreciation for the importance of confessing one s faith This is an updated English translation of the original Dutch edition and includes a new introduction and scriptural citations *The Sacrifice of Praise* gives us the impression of a spring flower in the midst of the sharp cold fierce spring winds an Elim in the desert of daily worries hardships quarrels and murmurings May the Lord God grant that it is the forerunner of a beautiful refreshing abundantly fruit bearing summer From a 1901 review in *De Bazuin* a Dutch religious paper      T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed

orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields

*Seeing God* Hans Boersma, 2018 Winner of the Christianity Today Book Award in Theology Ethics 2019 To see God is our heart's desire our final purpose in life But what does it mean to see God And exactly how do we see God with our physical eyes or with the mind's eye In this informed study of the beatific vision Hans Boersma focuses on vision as a living metaphor and shows how the vision of God is not just a future but a present reality Seeing God is both a historical theology and a dogmatic articulation of the beatific vision of how the invisible God becomes visible to us In examining what Christian thinkers throughout history have written about the beatific vision Boersma explores how God trains us to see his character by transforming our eyes and minds highlighting continuity from this world to the next Christ centered sacramental and ecumenical Boersma's work presents life as a never ending journey toward seeing the face of God in Christ both here and in the world to come
