Voyagers The Secrets Of Amenti Volume II:

Voyagers Anna Hayes,1999-09-01 The Forbidden Knowledge and Ancient Secrets of human lineage are revealed prepare for a new level of revelation Voyagers The Secrets of Amenti is the most authoritative text available on the purposes processes and mechanics of human evolution preparation for the monumental events that will occur between 2000 2017 humanity s true origins and evolutionary destiny and the hidden purposes for the New Age Movement [The Original Great Pyramid and Future Science](#) Noel Huntley,2010-10-14 Find out why the advanced sciences of ancient Egypt were lost and where they came from and furthermore that this knowledge was merely a legacy from the earlier days of the original pyramid The Great Pyramid was restored and rebuilt numerous times sometimes extensively Find out what its original purposes were and how it was built The pyramid will not be understood until man has an understanding of the much bigger picture of reality into which the pyramid fits Find out what limits official science and how far it can progress with its current scientific methodology **UFO Disclosure** Michael Luke Sullivan,2025-10-28 A unique perspective on the contemporary UFO disclosure process that will change the way we see ourselves and our history on this planet **The “Nonsense” Papers** James W. Astrada,2013-11-01 In the first volume of his Nonsense Papers series James W Astrada explored the controversial discussion of extraterrestrial influence on the human species and planet Earth Now on the precipice of the Digital Age humanity is evolving at an astonishing ratebut are we evolving quickly enough to be entrusted with our advances As we face the estimate that the human population may swell to ten billion by 2050 we must demand debate on how this finite planet can handle humanitys uncontrolled growth This second installment of Astradas series continues to focus on humanitys perilous journey to connect with the power cosmic and abandon our primitive and ignorant beliefs of the paranormal and the mystic It also looks at the origins of humanity Darwinism geo engineering the dangers inherent as humans try to control the weather and more The race is on for the individual to ascend this reality we live in to finally reconnect with the galactic families of sentient beings that await us if we try to master our humanity and all of its obstacles Are we the greatest threat to our own existence Are we ready for contact from another world *THE SKEPTIC PSYCHIC: An Autobiography Into The Acceptance Of The Unseen* Suzy Graf,2010-01-18 I started to write in the fall of 2004 during the night in order to return to sleep I was learning developing as a medium and an animal communicator and I learned that if I wrote my dreams or what my pretend friends were telling me through dreams then I would be left alone and could return to sleep No I was not crazy just a struggling would be psychic searching to understand the unknown and when I began this path my searching I found little literary assistance Yes the celebrity psychics all had their autobiographies in print but something was missing I needed to learn HOW they learned not WHAT they learned I needed to understand the beginning phases of mediumship not the perfected exercises of the adept With this mission in mind I journaled my experiences and edited them into The Skeptic Psychic an Autobiography into the Acceptance of the Unseen The Skeptic Psychic has two purposes first it entices the reader

to expand their imagination beyond what we currently perceive as reality and it offers my experiences and my reactions my fear to these situations as a comfort and encouragement for the reader to challenge their own suspicions and limitations I am now a working psychic offering animal readings or mediumship as well as leading meditations teaching classes and offering energy healing and my students and clients often comment how at peace and naturally talented I am and I smile For I know that I had lived through a myriad of experiences that with time had taught me to acclimate and accept the unseen But I am far from naturally talented and I feel that The Skeptic Psychic could help aspiring psychics or anyone contemplating the unknown to better understand that they are not alone in what they are experiencing I composed The Skeptic Psychic from chronological journal entries that span from August of 2005 through March of 2006 The book opens just after I attended a weekend retreat that posed the possibility that adults could believe in fairies and aliens The more I questioned if fairies could exist the more I discovered that they did Later that year I confronted my apprehension when sensing that aliens were near as well And as 2005 changed into 2006 I learned to overcome my fears and to accept the unseen I realize that my story and the fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf

Suicide Jon Klimo, Pamela Rae Heath, 2006-06-12 This provocative study explores what happens to those who commit suicide Drawing on communications from the spirits of more than 100 successful suicides it offers an intriguing look at what the dead themselves say about suicide its repercussions and their experiences in the afterlife Bringing together the channeled messages of three types of suicide traditional suicide assisted suicide and the suicide mass murder adopted by terrorists the book covers a wide range of topics including why people commit suicide what it is like to cross over adjustment problems what suicides would say to those left behind and what they would tell others thinking of taking their own lives Additionally the book conveys powerful messages from suicide bombers warning potential terrorists of the serious karmic consequences that await them For anyone contemplating suicide or euthanasia the book offers profound sometimes unsettling insight into the ramifications of these acts

The Emerging New Science Noel Huntley, 2013-01-22 It is not unusual today to hear references to the New Science Scientists in many disciplines recognise the need for a new paradigm a science encompassing all facets of knowledge current mainstream science metaphysics the paranormal religions philosophy New Age ancient knowledge The Emerging New Science presents the big picture and can accommodate all fields of knowledge embracing life mind the universe and consciousness well beyond the narrow field of current science which only handles the surface of the universe and in fact is essentially limited to non harmonic laws and principles with subsequent non harmonic technologies resulting in pollution harmful energies to life extreme inefficiencies of

energy generation and deficiencies in energy supplies The multiverse is a holographic fractal system of ordered dimensional levels for the evolution of consciousness There is no dualism infinite regression once the subjectivity objectivity illusion is understood The purposes of life and the universe are known today though not realised by the general public and the scientific community However one must firstly know what life itself is Is it merely matter mechanisms or is there something else Science in pushing its boundaries into more advanced regions of knowledge such as in particular the origin of life and the universe without a shift or expansion of its existing paradigm must either utterly admit failure or arrogantly grossly alter truth by forcing the miracles of creation to fit into its hugely limited framework Leading visionary physicist Richard Feynman states it succinctly What we need is imagination we have to find a new view of the world **American Book Publishing Record** ,1999 **Books in Print Supplement** ,2002 **Cumulated Index to the Books** ,1999 **Bibliographic Guide to Psychology** New York Public Library. Research Libraries,1999 The Secrets of Amenti Anna Hayes,Ashayana Deane,2002-10 Earth is poised at the cusp of a Great New Age long predicted in Hopi prophecies Humanity will now determine whether this New Age will become an age of Enlightenment or a New Dark Age of One World Order dominion *Forthcoming Books* Rose Arny,1999-04 The Snark Decoded Cathy Bower,1997 **Le livre des morts de l'Égypte ancienne est un livre d'initiation** S. Mayassis,1955 *Voyagers II* Outlet,Outlet Book Company Staff,Random House Value Publishing Staff,1987-09-01 **Secret Voyagers Volume Two** Ron Haseman,2016-10-22 Magic An invisible force which many people totally disbelieve in Yet most of the natural forces allowing us to exist are also invisible such as that behind our now dependable Electricity though experimentation first caused much fear and concern A Magical force was realised and often used during our early centuries until a few of those having taken on the ruling of the masses considered it hazardous to their own personal aims of supremacy and wealth History tells us that most people experimenting with this unseen energy were hastily dispatched in one way or another under the weak excuse of them being heretics or in league with the devil However one very competent man cleverly managed to engineer his life long lore into a time locked legacy for his future family descendants Covertly passing from generation to generation this powerful bequest begins to defy all modern achievements and previously known science but there are still some shadowy people who established in high places believe they have reason to condemn magic in any form Try reading the Secret Voyagers volumes as the series continues Life s discoveries and possibilities are endless **The Voyagers** Robert Shubow,1997 *Secret Voyagers Volume Three New Dimensions* Ron Haseman,2019-12-09 NEW DIMENSIONS The third volume in the series of SECRET VOYAGERS Now able to make use of other dimensions they have recently discovered in this universe of ours the brothers realise that time itself can be extremely adaptable either by sheer accident or with a little skill and practice Following an innocent observation during their holiday they free a previously considered mythical creature which in becoming a loyal friend proves to be more naturally versed in magic than they could ever have imagined Eventually finding a person who until now seemed almost

determined to evade them they fast become aware of a race of people virtually forgotten in this world as well as their reasons for disappearance many decades before In the meantime unrealised occurrences begin to emerge that are not for their own future well being Voyagers 1 & 2 Bob Italia,1990
