Bret Hinsch

Women In Early Imperial China Asia Or Pacific Or Perspectives:

Women in Early Imperial China Bret Hinsch, 2010-08-16 After a long spell of chaos the Qin and Han dynasties 221 BCE 220 CE saw the unification of the Chinese Empire under a single ruler government and code of law During this era changing social and political institutions affected the ways people conceived of womanhood New ideals were promulgated and women's lives gradually altered to conform to them And under the new political system the rulers consorts and their families obtained powerful roles that allowed women unprecedented influence in the highest level of government Recognized as the leading work in the field this introductory survey offers the first sustained history of women in the early imperial era Now in a revised edition that incorporates the latest scholarship and theoretical approaches the book draws on extensive primary and secondary sources in Chinese and Japanese to paint a remarkably detailed picture of the distant past Bret Hinsch's introductory chapters orient the nonspecialist to early imperial Chinese society subsequent chapters discuss women's roles from the multiple perspectives of kinship wealth and work law government learning ritual and cosmology An enhanced array of line drawings a Chinese character glossary and extensive notes and bibliography enhance the author's discussion Historians and students of gender and early China alike will find this book an invaluable overview

Women in Early Medieval China Bret Hinsch, 2018-10-05 This important study provides the only comprehensive survey of Chinese women during the early medieval period of disunion which lasted from the fall of the Eastern Han dynasty in 220 AD to the reunification of China by the Sui dynasty in 581 AD also known as the Six Dynasties Bret Hinsch offers rich descriptions of the most important aspects of female life in this era including family and marriage motherhood political power work inheritance education and religious roles He traces women's lived experiences as well as the emotional life and the ideals they pursued Building on the best Western and Japanese scholarship Hinsch also draws heavily on Chinese primary sources and scholarship most of which is unknown outside China As the first study in English about women in the early medieval era this groundbreaking book will open a new window into Chinese history for Western readers

Women in Early Imperial China Bret Hinsch, 2002 Written for his dissertation at Harvard in 1993 Hinsch's history National Chung Cheng U Taiwan fascinating study of women during the Qin and Han periods in China provides a useful addition to the history of ancient women as well as life in early imperial China The lives of women and their roles are examined in several contexts including cosmology kinship law government learning and ritual Annotation copyrighted by Book News Inc Portland OR

Prosperity's Predicament Isabel Brown Crook, Christina Kelley Gilmartin, 2013-09-26 This classic in the annals of village studies will be widely read and debated for what it reveals about China's rural dynamics as well as the nature of state power markets the military social relations and religion Built on extraordinarily intimate and detailed research in a Sichuan village that Isabel Crook began in 1940 the book provides an unprecedented history of Chinese rural life during the war with Japan It is an essential resource for all scholars of contemporary China

North Korea Heonik Kwon, Byung-Ho

Chung,2012-03-12 This timely pathbreaking study of North Korea's political history and culture sheds invaluable light on the country's unique leadership continuity and succession. Leading scholars Heonik Kwon and Byung Ho Chung begin by tracing Kim Il Sung's rise to power during the Cold War. They show how his successor his eldest son Kim Jong Il sponsored the production of revolutionary art to unleash a public political culture that would consolidate Kim's charismatic power and his own hereditary authority. The result was the birth of a powerful modern theater state that sustains North Korean leaders' sovereignty now to a third generation. In defiance of the instability to which so many revolutionary states eventually succumb, the durability of charismatic politics in North Korea defines its exceptional place in modern history. Kwon and Chung make an innovative contribution to comparative socialism and postsocialism as well as to the anthropology of the state. Their pioneering work is essential for all readers interested in understanding North Korea's past and future, the destiny of charismatic power in modern politics, the role of art in enabling this power.

Wife or Worker? Nicola Piper, Mina Roces,2004-09-01 This volume challenges the dominant discourse that perceives Asian women as either mail order brides or overseas workers. Providing the first sustained critique of the artificial analytical division between brides and workers, the book demonstrates women's transition from brides to workers and from workers to brides. Focusing on how women workers use marriage as a strategy to gain citizenship and how migrants for marriage become workers, the authors present these modern Asian women in their multidimensional roles as wives, workers, mothers, and citizens. The case studies explore a wide gamut of experiences including Filipino caregivers in Canada, Thai sex workers in Germany, Filipino brides in Australia, Singaporean expatriates in Shanghai, Taiwanese families split between Taiwan and California, Asian migrants for marriage in Japan, and Filipino domestic helpers in Spain and Italy. All of these show the multiplicity of roles women maintain and emphasize the point that marriage, work, and migration are inextricably linked. Contributions by Maria W. L. Chee, Michelle Lee, Deirdre McKay, Pat Mix, Tomoko Nakamatsu, Rogelia Pe Pua, Nicola Piper, Mina Roces, Katie Willis, and Brenda Yeoh.

Making the Foreign Serve China Anne-Marie Brady,2003-09-08 This book provides the first detailed analysis of a crucial and distinctive element of Chinese foreign policy. Anne Marie Brady follows the development of the Chinese Communist Party's foreign affairs system since 1921, focusing on *waishi*, the external policies intended to influence and control both foreigners themselves as well as Chinese citizens' contact with and perception of outsiders. The term also comprises China's external relations, both official state-to-state and so-called unofficial or people-to-people diplomacy. In effect, *waishi* activities encompass all matters related to foreigners and foreign things, not merely diplomacy. By managing the foreign presence in China and China's contacts with the outside world and by controlling the Chinese population, the author argues that *waishi* has proven to be one of the most effective tools in the CCP's repertoire for building and then sustaining its hold on power. Drawing for the first time on policy documents that underpin the phenomena they describe, Brady analyzes trends and developments in *waishi* during each chronological period. The book elucidates how the CCP's policies evolved. In the 1930s

the need for a broad united front in international relations warred with the desire to control the foreign presence in China in the 1940s and 1950s the Sino Soviet alliance and ridding China of the traces of the semi colonial past took precedence in the 1960s the Sino Soviet split led to China's claim as the center of world revolution and in the past twenty years of reform the focus has been the ongoing quest to create a modern nation state as China opens up to the outside world The author considers waishi's deeper meaning as an overriding approach to the foreign which links state to state diplomacy with the management of the foreign presence in China Her groundbreaking research is based on a previously unexplored genre of waishi materials almost all classified in Chinese extensive interviews with waishi officials and foreign participant

When the Earth Roars Gregory Smits, 2014-03-21 Japan which is among the most earthquake prone regions in the world has a long history of responding to seismic disasters However despite advances in earthquake related safety technologies the destructiveness of the magnitude 9 class earthquake and tsunami that struck the country on 3 11 raised profound questions about how societies can deal effectively with seismic hazards This important book places the devastating earthquake tsunami and nuclear meltdown disaster in historical perspective examining conceptions of earthquakes since the seventeenth century the diverse ways actual earthquakes and their aftermath played out and their enduring social and scientific significance By looking backward Gregory Smits identifies future pitfalls to avoid and assesses the allocation of resources for dealing with future earthquake and tsunami disasters He criticizes Japan's postwar quest for earthquake prediction and the concept of characteristic earthquakes Smits argues that earthquakes are so chaotic as to be unpredictable not only geologically but also in their social and cultural effects Therefore he contends the best hope for future disaster mitigation is antiseismic engineering and flexible disaster relief capabilities As the first sustained historical analysis of destructive earthquakes and tsunamis this book is an essential resource for anyone interested in Japan natural disasters seismology and environmental history

Pan-Asianism Sven Saaler, Christopher W. A. Szpilman, 2011-04-16 This first volume in a two volume set provides the only comprehensive Western language history of Pan Asianism through primary sources and commentaries The book argues that Pan Asianism often though unfairly associated with the Yellow Peril has been a powerful political and ideological force in modern Asia It has shaped national identities and strongly influenced the development of international relations across Asia and the Pacific Scholars have long recognized the importance of Pan Asianism as an ideal of Asian solidarity regional cooperation and integration but also as an ideology that justified imperialist expansion and military aggression Yet sustained research has been hampered by the difficulty of accessing primary sources Thoroughly remedying this problem this unique sourcebook provides a wealth of documents on Pan Asianism from 1850 to 1920 many translated for the first time from Asian languages All sources are accompanied by expert commentaries that provide essential background information Providing an essential overview of Pan Asianism as it developed throughout modern Asia this collection will be an indispensable tool for scholars in history political science international relations and sociology Its accessible presentation
