Feminism and Men Steven Schacht, Doris Ewing, 1998-10 Too often feminism has been defined as a woman only arena or in competitive terms of male versus female privilege rather than a cooperative effort to improve the quality of life for everyone Contributors to FEMINISM AND MEN argue that the feminist movement should no longer view with suspicion those men who have proved themselves sympathetic to issues of gender equity
The Way of the Conscious Warrior P. T. Mistlberger, 2019-09-27 The early 21st century is a complex time presenting unique challenges for men This book examines many of those challenges from dysfunctional relationships and confusion about what it means to be male in the postmodern world to understanding the dark side of the masculine psyche as well as how to apply the best qualities of warrior consciousness to experience overall success and fulfilment in life

Masculinity Studies and Feminist Theory Judith Kegan Gardiner, 2002-01-09 Why is there so much talk of a crisis of masculinity How have ideas of manhood been transformed by feminism Does feminism hold the key to the development of more egalitarian forms of masculinity Masculinity Studies and Feminist Theory addresses central questions about the analysis and construction of masculinity in contemporary society The volume examines the ways male privilege and power are constituted and represented and explores the effect of such constructions on both men and women With subjects ranging from Robert Bly's Iron John to Tom Hank's niceness this collection overturns old paradigms about identity victimization and dominant and alternative forms of masculinity to advance new dialogues between masculinity studies and feminist theory Looking particularly at literature film and classroom practices Masculinity Studies and Feminist Theory links the analysis of masculinities with feminism's ethical and political agenda for the future Its authors share a conviction that such a link not only reveals the persistence now more subtle and varied of male entitlement but also promises to create an enriched and reinvigorated feminism for a new century Why is there so much talk of a crisis of masculinity How have ideas of manhood been transformed by feminism Does feminism hold the key to the development of more egalitarian forms of masculinity Masculinity Studies and Feminist Theory addresses central questions about the analysis and construction of masculinity in contemporary society The volume examines the ways male privilege and power are constituted and represented and explores the effect of such constructions on both men and women With subjects ranging from Robert Bly's Iron John to Tom Hank's

niceness this collection overturns old paradigms about identity victimization and dominant and alternative forms of masculinity to advance new dialogues between masculinity studies and feminist theory Looking particularly at literature film and classroom practices Masculinity Studies and Feminist Theory links the analysis of masculinities with feminism s ethical and political agenda for the future Its authors share a conviction that such a link not only reveals the persistence now more subtle and varied of male entitlement but also promises to create an enriched and reinvigorated feminism for a new century

Numen, Old Men Joseph Gelfer, 2016-09-17 Since the early 1990s there have been various movements designed to encourage masculine spirituality All these movements share a concern that spirituality has become too feminine and that men s experiences of the spiritual are being marginalized The task of masculine spirituality is to promote authentic masculine characteristics within a spiritual context Numen Old Men examines these characteristics to argue that masculine spirituality is thinly veiled patriarchy The mythopoetic evangelical and Catholic men s movements are shown to promote a hetero patriarchal spirituality by appealing to either combative and oppressive neo Jungian archetypes or biblical models of man as the leader of the family Numen Old Men examines spiritualities that aim to honour and transcend both the masculine and feminine and offers gay spirituality as an example of masculine spirituality that resists patriarchy **Feminism with Men**

Steven P. Schacht, Doris W. Ewing, 2004-10-08 How can men participate in feminism as a full and equal partner respecting gender differences yet sharing a common vision with women for an oppression free future This book provides both male and female perspectives academic insights and practical suggestions for pro feminist men seeking new ways to increase mutual understanding and to create cooperative efforts with feminist women **Him/Her/Self** Peter G. Filene, 1999-01-14 When first published in 1975 Him Her Self was a pathbreaking book At a time when scholars were just beginning to explore women s history Peter Filene expanded his inquiry to include both both genders He was the first to claim the men too had a history grounded in gendered experience Since then much has changed not only in the lives and attitudes of American men and women but in the ways that historians think about gender But Him Her Self remains the only book that analyzes the interactions between American men and women comprehensively during the past century In this third edition Filene brings his concise and forceful analysis of 20th century gender history up to the present He describes the new men s movements of the 1980s and 1990s ranging from pro feminist to anti feminist He expands his discussion of the gay and lesbian experience especially in the years since AIDS He assesses the women s movement weighing both its achievements and the antifeminist reactions of the past quarter century Finally he enlarges the conceptual scope of the book focusing not only on social roles of men and women but also on their dynamic sense of identity of self in historical time When Him Her Self first appeared women s history was in its infancy Gender as a category of analysis was barely a glow on the scholarly horizon and the idea that manhood was a topic of historical investigation was practically unimagined In that early dawn of feminist scholarship Peter Filene s pioneering work was a godsend It was essential reading for both undergraduate and graduate students eager

to understand the workings of gender in history and desperate for models of scholarship that broke the mold of traditional historical writing Peter Filene's path breaking study did both Elaine Tyler May from the Foreword
