Contained Empowerment and the Liminal Nature of Feminisms and Activisms Victoria A. Newsom, 2022-12-19 Contained Empowerment and the Liminal Nature of Feminisms and Activisms examines the processes by which activist successes are limited and outlines a theoretical framing of the liminal and temporal limits to social justice efforts as contained empowerment With a focused lens on the third wave and contemporary forms of feminism the author investigates feminist activity from the early 1990s through responses and reactions to the overturning of *Roe v Wade* in 2022 and contrasts these efforts with anti feminist white supremacist and other structural normalizing efforts designed to limit and repress women's gendered and reproductive rights This book includes analyses of celebrity activism girl power transnational feminist NGOs digital feminisms and the feminist mimicry applied by practitioners of neo liberal and anti feminism Victoria A Newsom concludes that the contained nature of feminist empowerment illustrates how activists must engage directly with intersectional challenges and address the multiplicities of structural oppressions in order to breach containment *Voicing Demands* Sohela Nazneen, Maheen Sultan, 2014-01-16 *Voicing Demands* is a collection of analytical narratives of what has happened to feminist voice a key pathway to women's empowerment These narratives depart from the existing debate on women's political engagement in formal institutions to examine feminist activism for building and sustaining constituencies through raising negotiating and legitimizing women's voice under different contexts Bringing together the reflections and

experiences of feminist researchers and activists in South Asia the Middle East Africa and Latin America this unique volume explores how various global trends such as the development of transnational linkages the rise of conservative forces the NGOization of feminist movements and an increase in the power of donors have created opportunities and challenges for feminist voice and activism
