Noah Gordon, 2012-09-11 The New York Times bestselling author s historical saga of a family of healers from Dark Ages London to Civil War America to modern day Boston In *The Physician* an orphan in eleventh century London Robert Cole becomes a fast talking swindler As he matures his strange gift an acute sensitivity to impending death never leaves him and he yearns to become a healer Arab madrassas are the only authentic medical schools and he makes his perilous way to Persia Christians are barred from Muslim schools but by claiming he is a Jew he studies under the world s most renowned physician Avicenna Cole s journey and love for a woman who must struggle against her only rival medicine make *The Physician* a riveting modern classic In *Shaman* Dr Robert Judson Cole nineteenth century descendent of the first Robert Cole travels from his ravaged Scottish homeland through the operating rooms of antebellum Boston to the cabins of frontier Illinois In the wilderness he befriends the starving remnants of the Sauk tribe who have fled their reservation In the process he absorbs their culture and learns native remedies that enrich his classical medical education He marries a remarkable settler woman he had saved from illness *The Cole* family is drawn into the bloody vortex of the Civil War and their determination to survive in the midst of wilderness and violence will stay with the reader long after the final page In *Matters of Choice* Roberta Jeanne d Arc Cole is the latest first born descendant of Dr Robert Cole Favored to be named associate chief of medicine at a Boston hospital she is married to a surgeon and owns a trophy residence in Cambridge as well as a summer house But everything melts away Her gender and her work at an abortion clinic cost her the hospital appointment Her marriage fails Crushed she goes to her farmhouse in western Massachusetts thinking to sell it and finds an unexpected life How she continues to fight for every woman s right to choose while acknowledging her own ticking clock and maternal yearning makes this prize winning third story of the Cole trilogy relevant and unforgettable *Phantom Fathers* Mary VanderGoot, 2022-08-01 Another story about Maggie Barnes and her family By digging into online genealogy records and talking with their chatty Aunt Lillian Maggie s children discover the World War II struggles of their paternal grandparents and their silent father Ross It s not a story to make kids proud They find it easier to be critical of their flawed family and assume the next generation will do better Like an autopsy *Phantom Fathers* exposes the problems of this thinking Soon enough these critical children will be the parents of their own adult children and they will have their day in court As Maggie s children discover the trauma that tore

through their father's life and the way their grandparents dealt with it brutal events during World War II desperate decisions that fractured the family and a dishonorable emigration to the United States they wonder if they could have done better under the circumstances Ross's silence begins to make sense Most surprising are events that stir the sympathy of disappointed children and open the way to admitting the truth about imperfect ancestors **Theatrical Space** William Faricy Condee,1995-01-01 Too often directors and stage designers approach the architectural layout of theatres as obstructive to the creative process Condee's book teaches theater professionals to work creatively within even the most restrictive theatrical space and transform it into an asset rather than an obstacle Condee has interviewed hundreds of prominent American and British directors designers and actors and provides photographs and groundplans of major American theatres Each chapter tackles a different set of problems offering thoughtful solutions to common obstacles Theatrical Space is not only a useful textbook for students of theatre but also a valuable resource for all directors and designers both young and experienced Paperback edition available April 2002 Cloth version previously published in 1995

A Full House Lillian Ross,2004 *Escape to Midas* Andrew Stickland,2023-08-17 Last year Leo Fischer and Skater Monroe were normal kids living normal lives worrying about school dealing with family issues planning their futures This year they're hiding out on Mars hunted by a psychopathic megalomaniac who happens to be the most powerful individual in the Solar System He claims the two of them are interplanetary terrorists and is demanding their heads on a plate In the thrilling second installment of the Mars Alone Trilogy Leo and Skater together with an artificial intelligence called Taffy whose mind contains the knowledge of an ancient alien civilization must face the consequences of fighting an enemy who has been lying to the entire human race and will stop at nothing to protect his secrets **The Lillian Trilogy** Mary Meriam,2015-12-01 Girlie Calendar Book 3 selected for the 2016 American Library Association Over the Rainbow List A poet can survive anything but a misprint wrote Oscar Wilde flippantly intimating that poets are made half mad by a world of trouble One rootless poet lost in trouble Mary Meriam found an anchor in The Lillian Trilogy which combines in one volume her three recently published poetry collections Word Hot Conjuring My Leafy Muse and Girlie Calendar The poems use a wide variety of poetic forms to capture and command relentless buckets of loss and heartache revealing the untold horrors of her life and turning them around in a magnificent blossoming of longing lust sadness and wit This is very strong fearless stuff beautiful Rhina P Espaillet Mary Meriam is a rare and original poet This is a dazzling book a fusion of anguish and wit and song written in clear and compelling language I love the wildness the inventiveness the always surprising but accurate metaphors She writes of real things real people always musically She uses Mother Goose rhythms and rhymes or echoes of Sapphic meters or settings as grim as any of the Grimm Brothers tales to tell searing truths that move frighten and delight one with the skill of their telling Naomi Replansky Mary Meriam is a frightening poet a frighteningly good poet The intensity of her writing will frighten you but also her technical skill She can put a chill into the most common rhyme The poems speak

like a gust of gorgeous thundering swallows She identifies her models as Christina Rossetti and Charlotte Mew whose Goblin Market and Farmer's Bride rightfully haunt the collection But her real soulmate is Thomas Lovell Beddoes the ultimate poet of the queer and scary whose masterpiece Death's Jest Book was left appropriately unfinished She may ask us to unspook her dreams but we won't succeed The uncanny is too engrained in her sensibility All we can ask is that she continue to keep writing David Bergman Mary Meriam is a poet who takes risks by which I don't mean what you think I mean There's nothing risky about breaking rules that haven't been in effect since 1880 I'm talking about the modern rules the new respectability the advice given in poetry workshops by legions of successful poets whom no one reads Mary doesn't give a shit about Pound's don'ts she's too busy writing fierce gorgeous poems about love and pain She's a true rebel in all her heartfelt singsong vulnerable girly glory Rose Kelleher Mary Meriam is an accomplished technician and imaginative Mother Goose artist who like Mother Goose my favorite collection in the world is almost always serious even tragic along with fun I am floored by poems with lines like the opening of I Learn Today My Mother Lied Not one drop of Jewish blood in me or you my mother cried as if she had a drop to hide We are lucky to have her dissident voice Willis Barnstone Mary Meriam's formalist poems are compressed bliss dreamlike couplets and velvet quatrains honed to a fabric delightfully carnal Like two of her touchstones Frost and Bishop her masterful metrics are handmaidens to her message at play in the fields of passion loss and redemption J Patrick Lewis This is my kind of a poet She speaks as Larkin said of the beautiful and wistful and utterly different Stevie Smith with the authority of sadness She also speaks in the language of tradition She uses old forms fiercely She is rather a fierce poet Oh and a Lesbian You can't ignore that But what does she do Do with words Magic Above all Mary Meriam is a magic poet and if that is what you want as I do this is a book for you John Whitworth **Theatre World**, 1984

The Early Poetry of Charles Wright Robert D. Denham, 2009-01-27 This companion covers Charles Wright's first two trilogies Country Music 1982 and The World of the Ten Thousand Things 1990 providing biographical details information on Wright's sources and influences and historical notes It pays special attention to the way that Wright's poems work together and the links that are formed between them While each poem is given its own commentary the author argues that they work together in a concentrated whole to document a man's spiritual journey **Words on Cassette**, 1999
