Working On Earth Class And Environmental Justice

Ailbhe Darcy, David Wheatley

Working On Earth Class And Environmental Justice:

Working on Earth Christina Robertson, Jennifer Westerman, 2015-02-25 This collection of essays examines the relationship between environmental injustice and the exploitation of working class people Twelve scholars from the fields of environmental humanities and the humanistic social sciences explore connections between the current and unprecedented rise of environmental degradation economic inequality and widespread social injustice in the United States and Canada The authors challenge prevailing cultural narratives that separate ecological and human health from the impacts of modern industrial capitalism Essay themes range from how human survival is linked to nature to how the use and abuse of nature benefit the wealthy elite at the expense of working class people and the working poor as well as how climate change will affect cultures deeply rooted in the land Ultimately *Working on Earth* calls for a working class ecology as an integral part of achieving just and sustainable human development

Cli-Fi and Class Debra J. Rosenthal, Jason de Lara Molesky, 2023-10-09 Since its emergence in the late twentieth century climate fiction or cli fi has concerned itself as much with economic injustice and popular revolt as with rising seas and soaring temperatures Indeed with its insistent focus on redressing social disparities cli fi might reasonably be classified as a form of protest literature As environmental crises escalate and inequality intensifies literary writers and scholars alike have increasingly scrutinized the dual exploitations of the earth s ecosystems and the socioeconomically disadvantaged Cli Fi and Class focuses on the representation of class dynamics in climate change narratives With fifteen essays on the intersection of the economic and the ecological addressing works ranging from the novels of Joseph Conrad Cormac McCarthy and Octavia Butler to the film *Black Panther* and the Broadway musical *Hadestown* this collection unpacks the complex ways economic exploitation impacts planetary well being and the ways climatic change shapes those inequities in turn

Historical Dictionary of Environmentalism Peter Dauvergne, 2024-02-26 *Historical Dictionary and Environmentalism Third Edition* provides a balanced and wide ranging overview of the most important events issues organizations ideas and people shaping the direction of environmentalism worldwide This book is global in scope covering a large range of perspectives and

countries with a focus on the period since 1960 This book contains a chronology an introduction and an extensive bibliography The dictionary section has more than 400 cross referenced entries on organizations people issues events and countries shaping environmentalism This book is an excellent resource for students researchers and anyone wanting to know more about environmentalism Teaching and Learning Strategies for Sustainable Development Enakshi Sengupta,Patrick Blessinger,Taisir Subhi Yamin,2020-05-27 This timely book explores the sustainable development goals how well universities have been able to integrate them into their curriculum and how universities can institutionalize the goals and sustainable development into their strategic plans and institutional culture **Justice on Earth** Manish Mirshra-Marzetti,Jennifer Nordstrom,2018-03-14 This highly anticipated anthology presents a powerful and penetrating look at environmental justice from some of the key thinkers and activists in Unitarian Universalism today Fourteen activist ministers and lay leaders apply a keen intersectional analysis to the environmental crisis revealing ways that capitalism white supremacy patriarchy and other systems of oppression intersect with and contribute to ecological devastation They also explore how spiritual practices congregational organizing and progressive theology can inform faith based justice work in the twenty first century These prophetic voices from a wide range of perspectives reveal new approaches and opportunities for more holistic accountable and connected justice efforts Each essay is accompanied by suggested ways to take the next steps for further learning and action *Utah Historical Quarterly* J. Cecil Alter,2016 List of charter members of the society v 1 p 98 99 **A History of Irish Women's Poetry** Ailbhe Darcy,David Wheatley,2021-07-01 A History of Irish Women s Poetry is a ground breaking and comprehensive account of Irish women s poetry from earliest times to the present day It reads Irish women s poetry through many prisms mythology gender history the nation and most importantly close readings of the poetry itself It covers major figures such as M ire Mhac an tSaoi Eavan Boland Eil an N Chuillean in as well as neglected figures from the past Writing in both English and Irish is considered and close attention paid to the many different contexts in which Irish women s poetry has been produced and received from the anonymous work of the early medieval period through the bardic age the coterie poets of Anglo Ireland the nationalist balladeers of Young Ireland the Irish Literary Revival and the advent of modernity As capacious as it is diverse this book is an essential contribution to scholarship in the field *The Earth, the City, and the Hidden Narrative of Race* Carl C. Anthony,2017-10-16 This book by Carl C Anthony offers a new story about race and place intended to bridge long standing racial divides The long ignored history of African American contributions to American infrastructure and the modern economic system is placed in the larger context of the birth of the universe and the evolution of humanity in Africa The author interweaves personal experiences as an architect planner environmentalist and black American with urban history racial justice cosmology and the challenge of healing the environmental and social damage that threatens the future of humankind Thoughtful writing about race urban planning and environmental and social equity is sparked by stories of life as an African American child in post World War II Philadelphia a student and civil rights activist in

1960s Harlem a traveling student of West African architecture and culture and a pioneering environmental justice advocate in Berkeley and New York This book will appeal to everyone troubled by racism and searching for solutions including individuals exploring their identity and activists eager to democratize power and advance equitable policies in historically marginalized communities This is a rich insightful encounter with an American urbanist with a uniquely expansive perspective on human origins who sets forth what he calls an inclusive vision for a shared planetary future **Routledge**

Handbook of Religion and Ecology Willis Jenkins, Mary Evelyn Tucker, John Grim, 2016-07-22 The moral values and interpretive systems of religions are crucially involved in how people imagine the challenges of sustainability and how societies mobilize to enhance ecosystem resilience and human well being The Routledge Handbook of Religion and Ecology provides the most comprehensive and authoritative overview of the field It encourages both appreciative and critical angles regarding religious traditions communities attitude and practices It presents contrasting ways of thinking about religion and about ecology and about ways of connecting the two terms Written by a team of leading international experts the Handbook discusses dynamics of change within religious traditions as well as their roles in responding to global challenges such as climate change water conservation food and population It explores the interpretations of indigenous traditions regarding modern environmental problems drawing on such concepts as lifeway and indigenous knowledge This volume uniquely intersects the field of religion and ecology with new directions within the humanities and the sciences This interdisciplinary volume is an essential reference for scholars and students across the social sciences and humanities and for all those looking to understand the significance of religion in environmental studies and policy
