newspaper there's no reason you can't read and enjoy Shakespeare's sonnets or Jane Eyre. But no one should attempt to read the Great Books without a guide and a plan. Bauer will show you how to allocate time to reading on a regular basis, how to master difficult arguments, how to make personal and literary judgments about what you read, how to appreciate the resonant links among texts within a genre, what does Anna Karenina owe to Madame Bovary, and also between genres. In her best-selling work on home education, *The Well Trained Mind*, the author provided a road map of classical education for parents wishing to home school their children; that book is now the premier resource for home schoolers. In *The Well Educated Mind*, Bauer takes the same elements and techniques and adapts them to the use of adult readers who want both enjoyment and self-improvement from the time they spend reading. Followed carefully, her advice will restore and expand the pleasure of the written word.
