The Traders Trading Owls With Athens:

The Traders Peter Kroha, 2014-09-14 The Traders Trading Owls with Athens Market manipulation political intrigue and a series of savage murders in New York seemingly related to sizeable losses on investments in Greek bonds Where is the connection Who is responsible for these crimes Tom Hatherley surprisingly lands a summer internship at Phoenix Capital an opaque and secretive hedge fund that is considering speculating against sovereign debt A publication on a clandestine website sends shares and bonds into a tailspin threatening to bring the entire European Union to its knees and indirectly unleashing a series of brutal crimes What seemed like the perfect internship becomes a desperate struggle to stay alive

Democracy and Knowledge Josiah Ober, 2008-09-15 When does democracy work well and why Is democracy the best form of government These questions are of supreme importance today as the United States seeks to promote its democratic values abroad Democracy and Knowledge is the first book to look to ancient Athens to explain how and why directly democratic government by the people produces wealth power and security Combining a history of Athens with contemporary theories of collective action and rational choice developed by economists and political scientists Josiah Ober examines Athenian democracy's unique contribution to the ancient Greek city state's remarkable success and demonstrates the valuable lessons Athenian political practices hold for us today He argues that the key to Athens's success lay in how the city state managed and organized the aggregation and distribution of knowledge among its citizens Ober explores the institutional contexts of democratic knowledge management including the use of social networks for collecting information publicity for building common knowledge and open access for lowering transaction costs He explains why a government's attempt to dam the flow of information makes democracy stumble Democratic participation and deliberation consume state resources and social energy Yet as Ober shows the benefits of a well designed democracy far outweigh its costs Understanding how democracy can lead to prosperity and security is among the most pressing political challenges of modern times Democracy and Knowledge reveals how ancient Greek politics can help us transcend the democratic dilemmas that confront the world today *Creators, Conquerors, and Citizens* Robin Waterfield, 2018-01-02 Covering roughly eight centuries from the age of Homer 8th century BC to the end of the Hellenistic period late first century BC this book will

provide general readers with a comprehensive and accessible narrative history of ancient Greece **Law and Transaction**

Costs in the Ancient Economy Dennis P. Kehoe, David Ratzan, Uri Yiftach, 2015-11-11 A critical element of economic performance from antiquity to the present [Athenian Democratic Origins](#) Geoffrey de Ste. Croix, 2004-03-26 In these interconnected essays the late Geoffrey de Ste Croix defends the institutions of the Athenian democracy showing that they were much more practical rational and impartial than has usually been acknowledged A major essay provides a new view of Aristotle's use of sources in The Constitution of the Athenians on which so much of our knowledge of Athenian constitutional history depends Ste Croix also argues that commercial factors had much less influence on Greek politics than modern

scholars tend to assume and that there was no such thing in any Greek state as a commercial aristocracy As always he works out these general positions with the utmost lucidity and pungency and in meticulous detail Though written in the 1960s these hitherto unpublished essays by a great radical historian will still constitute a major contribution to contemporary debate The editors and other specialists have supplied an updating Afterword to each chapter and the book contains a thorough index

Money and Monetary Policy in Early Times Arthur Robert Burns,1927 **The Nation** ,1905 **Athenian Power in the Fifth Century BC** Leah Lazar,2024-01-03 Athenian Power in the Fifth Century BC provides a new analysis of the fifth century BC Athenian empire a central topic in ancient Greek history Challenging orthodox approaches which have been mostly empirical monolithic and focused on Athens the book argues that Athenian power was flexible and a matter of negotiation between the Athenians and their allies It brings the allies to centre stage as active agents and considers how the Athenian empire operated in different regions The first three chapters focus on political fiscal and religious interactions between the Athenians and their allies in Athenian contexts The subsequent three chapters then offer studies of the empire in three different regions the North Aegean Rhodes and the straits between the Aegean and the Black Sea showing how the empire employed overlapping but differentiated regional strategies This book is distinct from previous contributions in three key ways First it offers new perspectives on well known Athenian epigraphic and literary sources while also utilising different categories of non Athenian evidence including varied forms of material culture Second it provides sophisticated economic analysis Third the monograph makes use of critical historical comparison with other imperial powers with later Athenian power and with the operation of fifth century Athenian power in different regions **The Athenian Empire** Lisa Kallet,John H. Kroll,2020-11-05 Coinage played a central role in the history of the Athenian naval empire of the fifth century BC It made possible the rise of the empire itself which was financed through tribute in coinage collected annually from the empire s approximately 200 cities The empire s downfall was brought about by the wealth in Persian coinage that financed its enemies This book surveys and illustrates with nearly 200 examples the extraordinary variety of silver and gold coinages that were employed in the history of the period minted by cities within the empire and by those cities and rulers that came into contact with it It also examines how coins supplement the literary sources and even attest to developments in the monetary history of the period that would otherwise be unknown This is an accessible introduction to both the history of the Athenian empire and to the use of coins as evidence The Political Economy of Classical Athens Barry O'Halloran,2018-11-26 Recently there has been a welcome revival of scholarly interest in the economy of classical Greece In the face of increasingly compelling arguments for the existence of a market economy in classical Athens the Finleyan orthodoxy is finally relinquishing its long dominion In this book Barry O Halloran seeks to contribute to this renewed debate by re interrogating the ancient evidence using more recent economic interpretative frameworks The aim is to re evaluate accepted orthodoxies and present the economic history of this emblematic city state in a new light More specifically it analyses the economic foundations of Athens

through the prism of its navy Its macroeconomic approach utilises an employment demand model through which enormous naval defence expenditures created an exceptional period of demand led economic growth

Not My Grandfather's Wall Street: Diaries of a Derivatives Trader David von Leib,2015-09-14 Not all financial careers are the peachy keen easy ones This is an important story that reads more like fact than fiction across the huge exponential growth of derivatives trading and the repeated financial crises of the past 35 years I was fascinated by all the constant twists and turns and the characters encountered Well done Silvio Santini author of Wall Street Journeyman There is little doubt that fractal rhythms and cycles exist in markets In the spirit of the recent popular movie The Forecaster the author touches upon some of these rhythms through his unique market experiences A thrilling view from the front lines of markets from the 1980 Hunt Silver Crisis through to the medicated Politburo markets of today Dimitri Chavatsiotis Macro Portfolio Manager Follow the path of a numbers oriented young man through a start stop career on Wall Street that includes involvement with the 1980 Hunt Silver Crisis the 1987 Stock Market Crash the 1999 fall from grace of a guru hedge fund manager the mysterious death of a famous international banker life working for a short crazed global value equity manager and a path into the world of retail oriented wealth management Is it all true No but it could be loosely crafted historical fiction based on an actual career that spanned three decades a period where derivatives trading went from nonexistent to big business

Coinage History Bridget Langston,2025-03-29 Coinage History explores the captivating story of how coins evolved from simple barter systems to complex economic drivers shaping empires and trade Delving into the origins of coinage in ancient civilizations the book highlights how these early forms of currency facilitated trade networks and influenced political power Intriguingly the standardization of coinage allowed for efficient taxation and wealth accumulation crucial for state development The book progresses chronologically initially examining the pre coinage era and the limitations of barter It then explores the dawn of coinage in regions like Lydia and Greece analyzing manufacturing techniques and designs Further it investigates how coinage spurred trade across vast distances exemplified by Roman coinage s impact on empire expansion Coinage History provides a well researched account of coinage s enduring influence using archaeological findings and historical texts

Old World Roots of the Cherokee Donald N. Yates,2014-01-10 Most histories of the Cherokee nation focus on its encounters with Europeans its conflicts with the U S government and its expulsion from its lands during the Trail of Tears This work however traces the origins of the Cherokee people to the third century B C E and follows their migrations through the Americas to their homeland in the lower Appalachian Mountains Using a combination of DNA analysis historical research and classical philology it uncovers the Jewish and Eastern Mediterranean ancestry of the Cherokee and reveals that they originally spoke Greek before adopting the Iroquoian language of their Haudenosaunee allies while the two nations dwelt together in the Ohio Valley

Athens and the Cyclades Brian Rutishauser,2012-10-04 This volume examines the history and economy of the Cyclades during the late sixth to late fourth centuries BC While certain aspects of geography in the Cyclades remained

constant the islands were able to adapt to changing conditions and hegemony imposed from outside the region in order to increase their levels of economic prosperity Hunter-trader-trapper ,1909 **Leadership through the Classics** Gregory P Prastacos,Fuming Wang,Klas Eric Soderquist,2013-02-01 The unforeseeably complex socio economic and environmental challenges of the 21st century must be tackled by placing faith in the power of mankind to integrate established wisdom and new knowledge and in our ability to collaborate for a sustainable future Departing from this a global 2011 conference debating papers devoted to the impact of ancient philosophy focusing on Confucius and Aristotle in modern leadership and management was organized by Hanban the Athens University of Economics Business and the University of International Economics Business Beijing China A rich sourcebook for a broad audience this unique volume presents the wide array of conference contributions by international thought leaders Departing from a foundation of general concepts of ethics and leadership the book then delves into questions about how philosophy shape emerging economic and business systems to end with direct lessons from ancient philosophy for contemporary business challenges **Dinars and Dirhams** ,2021-02-01 The present volume is dedicated to Michael L Bates Curator Emeritus of Islamic Coins at the American Numismatic Society For more than forty years Michael has been a major figure in the field of Islamic numismatics through his writing teaching and being a resource for scholars students and collectors The list of contributors to this volume and the range of their contributions are testament to Michael s continued and vital influence on numismatic and historical studies This volume was previously published by the Jordan Center for Persian Studies University of California Irvine **The Pericles Commission** Gary Corby,2010-11-09 Nicolaos walks the mean streets of Classical Athens as an agent for the promising young politician Pericles His mission is to find the assassin of the statesman Ephialtes the man who brought democracy to Athens and whose murder has thrown the city into uproar It s a job not made any easier by the depressingly increasing number of dead witnesses But murder and mayhem don t bother Nico what s really on his mind is how to get closer much closer to Diotima the intelligent and annoyingly virgin priestess of Artemis and how to shake off his irritating twelve year old brother Socrates The Pericles Commission is the first in an exciting new series by first time novelist Gary Corby who takes us to Ancient Greece at one of the most exciting times in history In this wonderfully approachable historically rich novel Athens is brought vividly to life in a mystery engaging from the first page to last **The Ancient Mariners** Lionel Casson,2020-05-05 Written by the renowned authority on ancient ships and seafaring Lionel Casson The Ancient Mariners has long served the needs of all who are interested in the sea from the casual reader to the professional historian This completely revised edition takes into account the fresh information that has appeared since the book was first published in 1959 especially that from archaeology s newest branch marine archaeology Casson does what no other author has done he has put in a single volume the story of all that the ancients accomplished on the sea from the earliest times to the end of the Roman Empire He explains how they perfected trading vessels from mere rowboats into huge freighters that could carry over a thousand tons how they

transformed warships from simple oared transports into complex rowing machines holding hundreds of marines and even heavy artillery and how their maritime commerce progressed from short cautious voyages to a network that reached from Spain to India **Stones of Destiny** John R. Poss, 1975
