The Twelve Powers Charles Fillmore, Cora Fillmore, 2006 This book offers two Unity favorites in one volume Charles Fillmore's *The Twelve Powers of Man* is a metaphysical look at twelve expressions of the divine inherent in each of us Expressions such as love faith strength zeal imagination and others are discussed In *Christ Enthroned in Man* Mrs Fillmore helps the reader put the twelve powers to practical use by outlining exercises to develop faith and willpower recognize and use intuition and let go of unwanted conditions in the body and in life situations

The Twelve Powers of Man Charles Fillmore, 2014-09-01 Evolution is the result of the development of ideas in mind What we are is the result of the evolution of our consciousness and that consciousness is the result of seed ideas sown in our mind *The Twelve Powers of Man* is a metaphysical analysis of the twelve expressions of the divine power inherent in each of us Expressions such as love faith strength zeal and imagination are discussed Jesus prophesied the advent of a race of men who would sit with Him on twelve thrones judging the twelve tribes of Israel This book explains the meaning of this mystical reference what and where the twelve thrones are and what attainments are necessary by man before he can follow Jesus in this phase of his regeneration Regeneration follows generation in the development of man Generation sustains and perpetuates the human regeneration unfolds and glorifies the divine It is not expected that beginners in the study of metaphysical Christianity will understand this book It deals with forces that function below and above the field of the conscious mind The average religious thinker knows nothing about the subconscious mind and very little about the superconscious this book presupposes a working knowledge of both This book aims to clear up the mystery that ever envelops the advent life and death of Jesus To the superficial reader of the Gospels His life was a tragedy and so far as concerns the kingly reign that was prophesied it was a failure Yet those who understand the subtlety of the soul and supremacy of Spirit see that Jesus was conqueror of a psychic force that was destroying the human race

Drawing upon the principles of New Thought philosophy, Fillmore articulates twelve powers including faith, strength, and wisdom, conceptualizing them as divine attributes inherent within all people. His clear and accessible prose invites readers into a meditative dialogue, merging self-help with spiritual introspection while situating his arguments within a broader context of early 20th-century American spirituality and psychology, influenced by contemporaneous thinkers such as Ralph Waldo Emerson and Ernest Holmes.
