The Twelve Sacred Principles Of Karma:

The Twelve Sacred Principles of Karma Steven L. Hairfield, 2009-06 Taking in a sweeping introspection from the abusive beginnings of my childhood to my military deployment into Vietnam to my incredible sojourn in the Far East I fully realized that my journey was set in motion at the very moment of my birth This is absolutely remarkable Who would have figured out that from my early experiences with my father I would come to honor and thank him for all what he had given me Who would have known that I would meet my first teacher a Zen Master living close to a war torn village who would guide me to follow my intuitive senses Who had pre planned and planted the urge for me to fly to India of all places so I could meet my Master Teachers and walk the path of the Master Christ all the while teaching me to interact with consciousness to utilize meditation and to fully understand Karma Admit it now if not Karma did you plan all this for me Individual life is such a truly wondrous gift such a perfect tool to use as our body of perfection moves forward and evolves throughout its journey I have had the opportunity to study with the most magnificent people ever placed in this world Tibetan Monks My life began from very difficult beginnings which ultimately led me to the halls of monasteries in the Far East to learn the truths of life These truths are now being shared with you in the pages of this book They contain not only the information on Karma but also to the way they are taught Some of these stories are very humorous in the techniques which were used by my teachers The words contained within the pages are to enlighten and to empower you in all that you do I had the wonderful opportunity to study the Tibetan Buddhist path to full consciousness in this life and it is my humble desire to share that knowledge with you Many years have passed since my sojourn in the Far East but the knowledge is more ingrained in me today than when originally taught I have since traveled the halls of academia until achieving my Ph D and know that academia is not able to teach a person who they truly are along with the magnificence of being human It is my desire today through writing seminars and interacting with people to get them to reach for their own divine nature Read more at [www innercirclepublishing com](http://www.innercirclepublishing.com) or [www hairfield com](http://www.hairfield.com)

The Science and Practice of Humility Jason Gregory, 2014-10-09 Humility being open and receptive to all experience is the key to becoming one with the spontaneous patterns of the universe Integrates classic teachings of Hinduism and Buddhism with principles of quantum physics to reveal the science of the enlightened masters Reveals how we are each capable of shifting from the aggressive path of the warrior to the humble path of the sage Explains how the key to catching the current acceleration of conscious evolution is humility From Krishna and Lao tzu to Buddha and Jesus each enlightened master discovered how being receptive to all experience was the key to becoming one with the universe and its spontaneous patterns of order and chaos Revealing humility as the purest expression of this receptivity Jason Gregory integrates classic teachings of Hinduism Buddhism Taoism and Hermeticism with principles from quantum physics to explain the science of humility as practiced by the ancient masters The author shows how driven by fear the human mind creates the ego In its greedy and arrogant quest to protect the self and its desires the ego forges the illusion of separation weaving

complex patterns of reality that shield us from our unity with all beings and result in attitudes of aggression selfishness and competition He reveals how the iconic clash between this complex aggressive path of the warrior and the simple path of the sage is reflected in the polarized state of the modern world Yet this state also reflects the accelerating wave of conscious evolution we are now experiencing The key to catching this evolutionary wave is humility the reversal of complexity into simplicity the ancient science of mental alchemy that represents the Great Work of Eternity

Rao, Anand C Paranjpe, 2023-03-06 Professors Ramakrishna Rao and Anand Paranjpe are two distinguished psychologist philosophers who pioneered what has come to be known as Indian psychology In this authoritative volume they draw the contours of Indian psychology describe the methods of study define the critical concepts explain the central ideas and discuss their implications to psychological study and application to life The main theme is organized around the theme that psychology is the study of the person They go on to present a model of the person as a unique composite of body mind and consciousness Consciousness is conceived to be qualitatively and ontologically different from all material forms The goal of the person is self realization which consists in the realization of the true self as distinct and separate from the manifest ego It is facilitated by cultivating consciousness which leads to some kind of psycho spiritual symbiosis personal transformation and flowering of one's hidden human potentials *Reality/The Inconceivable Truth* Michael Duncan, 2014-01-16 This book's aim is to impart the ultimate purpose of human existence and that goal is called self realization it is to restore our lost connection with our divine friend who is and has always been situated within the core of our hearts The conscious effort of reviving one's relationship with the Lord's localized feature is also known as the dovetailing process The author Mike Duncan seeks to imbue to his readers a taste of the stunning truth about God a taste said to be so sweet that it is sure to motivate the sincere truth seeking soul to investigate the eternal transcendental science by which one can come to know everything about Him The author concludes that this science of self realization established personally by God is the eternally approved method of approaching Him It is the only means by which one can rise above the illusory bodily conception of life to the spiritual platform the platform of reality on which everything is known In the present degraded age of Kali the age of quarrel there is a special potency which is available to persons who accept the descending spiritual authority His Divine Grace Srila Prabhupada is the latest descendant from the spiritual world who is authorized by the Lord to present Him to the inhabitants of this mortal world His Grace is instructing as follows One who is ignorant of the scientific knowledge of the soul does not look inside the body to find happiness in the soul The living being covered by the material body does not see the happiness within himself but runs after happiness in the material world When one understands his real identity as spiritual being he can understand the supreme spiritual being Krishna and the real happiness exchanged between Krishna and one's self SB 7 13
