Thiselton, 1980 This lucidly written survey of hermeneutics includes a thorough examination of the extent of the contribution of philosophy to the interpretation of the Bible as well as a detailed original treatment of the work of Heidegger Bultmann Gadamer and Wittgenstein Notes full bibliography indexes **The Cambridge Companion to Biblical Interpretation** John Barton, 1998-07-28 This guide to the state of biblical studies features 20 chapters written by scholars from North America and Britain and represents both traditional and contemporary points of view Anthony C Thiselton and the Grammar of Hermeneutics Robert Knowles, 2014-07-08 A provisional and preliminary attempt to show how the formative hermeneutical thinking of Anthony C Thiselton once systematized and critiqued can begin to resolve the major problems found in the discipline of hermeneutics today most notably its varying disunities theoretical practical and inter disciplinary This book aims to show that the formative thinking of Anthony C Thiselton provides valuable insights for a programmatic construction towards a unified hermeneutical theory This construction provides powerful keys for unlocking six contemporary problems in hermeneutics disorganization complexity abstraction theoretical disunity on several levels inter disciplinary polarization and irresponsible interpretation Robert Knowles exhaustive analysis engages critically and creatively *The Hebrew Bible and Philosophy of Religion* Jaco Gericke, 2012-11-01 This study pioneers the use of philosophy of religion in the study of the Hebrew Bible After identifying the need for a legitimate philosophical approach to Israelite religion the volume traces the history of interdisciplinary relations and shows how descriptive varieties of philosophy of religion can aid the clarification of the Hebrew Bible s own metaphysical epistemological and moral assumptions Two new interpretative methodologies are developed and subsequently applied through an introduction to what the biblical texts took for granted about the nature of religious language the concept of deity the properties of Yhwh the existence of gods religious epistemology and the relation between religion and morality

The Bible in Culture Larry W. Caldwell, 2025-07-08 How to Read and Interpret Scripture Across Cultures How can believers across cultures faithfully read and apply Scripture in a way that honors both the biblical text and their unique cultural contexts In *The Bible in Culture* Larry Caldwell introduces ethnohermeneutics a revolutionary yet biblical approach to reading Scripture with rather than for the world Drawing from decades of experience living overseas Caldwell demonstrates that every culture has its own tools for understanding meaning and shows how God uses these to communicate the truth of his word This approach is rooted in observing how Jesus Paul and others in the early church interpreted Scripture and in following their examples Through real life illustrations interactive activities and case studies readers will discover how they can also read and interpret God s word in their own cultures This book will challenge your assumptions about the interpretive task encouraging and equipping you to rethink how the Bible can be understood across every people

group in various cross cultural multicultural and multigenerational contexts **Linguistics and the Bible** Stanley E. Porter, Christopher D. Land, Francis G. H. Pang, 2019-07-12 In 2016 the Centre for Biblical Linguistics Translation and Exegesis CBLTE a research center located at McMaster Divinity College hosted the annual Bingham Colloquium Scholars from around North America were invited to participate in a collegial and collaborative dialogue on what is currently happening or could happen at the intersection of linguistics and biblical studies particularly in regards to the linguistic study of biblical languages their translation and the way that linguistic methods can contribute to the interpretation of the biblical texts This volume of essays publishes many of the presentations that took place at the Colloquium **The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today** Anthony C. Thiselton, 2013-06 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements Theological Hermeneutics in the Classical Pentecostal Tradition L. William Oliverio, 2012-08-01 In Theological Hermeneutics in the Classical Pentecostal Tradition L William Oliverio Jr accounts for the development of Classical Pentecostal theological hermeneutics through four hermeneutical types and concludes with a philosophical basis for future Pentecostal theological hermeneutics within the contours of a hermeneutical realism The New Interpreter's® Handbook of Preaching , 2010-11-01 The New Interpreter's Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery This resource is both scholarly and practical It focuses on the most distinctive feature and greatest strength of homiletics as a discipline It is rooted in interdisciplinary scholarship and it develops theory geared to practice Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition When theory and practice critique each other it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it A guiding question throughout will be Will it preach The answers will be offered in the sense that here is something that works well rather than here is something to try Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ The contributors are homileticians preachers and writers in various disciplines who are committed to the pulpit through practice *The Ministry of Women in the New Testament*

Dorothy A. Lee, 2021-02-16 Respected scholar Dorothy Lee considers evidence from the New Testament and early church to show that women's ministry is confirmed by the biblical witness. Her comprehensive examination explores the roles women played in the Gospels and the Pauline corpus with a particular focus on passages that have been used in the past to limit women's ministry. She argues that women in the New Testament were not only valued as disciples but also given leadership roles which has implications for the contemporary church.

Hermeneutics Anthony C. Thiselton, 2009-10-09 Here Anthony Thiselton brings together his encyclopedic knowledge of hermeneutics and his nearly four decades of teaching on the subject to provide an ideal textbook which takes the reader through the time honoured interpretation techniques of the past and on to modern times.

Biblical Interpretation in the Russian Orthodox Church Alexander I. Negrov, 2008 Alexander Negrov surveys the history of biblical interpretation within the history of the Russian Orthodox church from the Kiev period tenth to thirteenth centuries until the Synodal period 1721-1917. He presents a coherent analysis of the essential elements of Orthodox biblical hermeneutics as it developed over a period of several centuries critical to the defining of the Orthodox church.

BOOK JACKET *Congregational Hermeneutics* Dr Andrew Rogers, 2015-12-28 Despite many churches claiming that the Bible is highly significant for their doctrine and practice questions about how we read the Bible are rarely made explicit. Based on ethnographic research in English churches *Congregational Hermeneutics* explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations. Characterised as hermeneutical apprenticeship this is not just a matter of learning certain skills but of cultivating hermeneutical virtues such as faithfulness, community, humility, confidence and courage. These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational hermeneutics: tradition, practices, epistemology and mediation. Concluding with what hermeneutical apprenticeship might look like in practice, this book is constructively theological about what churches actually do with the Bible and will be of interest to scholars, students and practitioners.

Reading the Word of God in the Presence of God Vern S. Poythress, 2016-03-16 Biblical interpretation is typically viewed as concerned with understanding the human author's intended meaning. However for Christians the Bible is first and foremost God's Word and must be understood in that light. Helping Christians approach the Bible with God in mind, this book sets forth a more nuanced approach to biblical interpretation that pays attention to both the human and divine origins of these sacred texts. Whether it's reviewing the three basic steps of interpretation or emphasizing the importance of paying attention to the Christ-centered character of both the Old and New Testaments, this book is a much needed resource for the church as it wrestles to defend the authority of Scripture in our increasingly relativistic world.

What Is Truth? James Emery White, 2006-09-01 **SEARCHING FOR ABSOLUTES IN A POSTMODERN WORLD** In this postmodern age truth, especially religious or moral truth, is widely criticized and constantly challenged yet perhaps more important than ever. It was this realization that led James Emery White to examine the concepts of truth as held by five twentieth century theologians: Cornelius Van Til, Millard J.

Erickson Francis A Schaeffer Donald G Bloesch Carl F H Henry Reading the Bible as a Postexilic Biblical Author Read T. N. Huu-Thien, 2025-01-31 Millions of Christians read the Bible not only to know what happened in ancient biblical times but also to find God's message to them. Consequently the Bible is the best selling book of all time. However scholars have observed that over the past two hundred years biblical interpretation in the West has traditionally focused mainly on studying what the text meant. For Western biblical scholars the study of what the Bible means to readers today falls within the realm of theological studies rather than biblical studies. In contrast Asian biblical interpretation is holistic studying both what the text meant and what it means. Interestingly this book demonstrates that long before any modern biblical reading approaches emerged the Chronicler as demonstrated in the book of Chronicles read his biblical sources to actualize the messages of those biblical materials in ways relevant to his postexilic audience. The Chronicler's reading is similar to Asian biblical readings. This book proposes a reading approach that synthesizes the strengths of the Chronicler's reading and two modern biblical reading approaches employed by Asians to achieve the dual aim of biblical interpretation and make biblical reading meaningful and applicable to modern readers. *A Ricoeurian Analysis of Identity Formation in Philippians* Scott Ying Lam Yip, 2023-06-01 Winner of the Outstanding Theological Research Book Award 2024 Scott Ying Lam Yip presents the first specialized narrative study devoted to the identity formation processes in Philippians based on Paul Ricoeur's narrative theory. Yip demonstrates that the Christian identity of the Philippian community is shaped amidst competing narratives with divergent comprehensions and suggests that it is within an intra Jewish contestation of testimonies that Paul updates his understanding of God and contends with a group of Jewish Christian leaders regarding the meaning of his suffering. Yip argues that Paul faces a double contestation of narrative in which both the political authorities and a group of Jewish Christian leaders see his imprisonment as futile and unnecessary alerting him to an emerging crisis in which the Philippian community's conviction in suffering with him has begun to decline. It is thus essential for Paul to synthesise and install a new paradigmatic story of Christ so that his suffering can be discerned as the defining mark of God's renewed manifestation in an era of Christ's eschatological Lordship. Yip explores the means by which Paul in a contestation of authority for the reappropriation of God's past work contrasts the future oriented temporality of his testimony with the past oriented one of the Jewish Christian leaders. He concludes that Paul affirms the value of his present suffering in truthfulness and installs his testimony to be the exemplary story for the Philippian community. **Translating the Bible** Stanley E. Porter, Richard S. Hess, 2004-10-13 Stanley E Porter offers a keynote contribution to this collection of essays on the various issues involved in translation of the Bible and when accurately rendering the message of the Bible when words seem to obfuscate rather than enhance clarity. Contributions offer a survey of the current versions of the Gospels available with commentary and analysis of their success and popularity. Particular attention is given to the Contemporary English Version CEV with a critical review provided of the reviews of this Bible translation to date.
