hear about how their masculinity which many have little or any of are responsible for all of the world's ills. Becoming a man is something that has taken time, guidance, and effort in any age. Including one without all of the delusions and poisons of our own. In this book, a path, a guide to manhood is offered. First off, one must understand that not only is their manhood not evil but rather right, natural, and good but also that males will always feel lost and adrift without starting on this path. They will for all time feel like a fish out of water. It is only through starting on and going through this rigorous journey that they will feel well within their souls. This doesn't mean that the path is easy, of course, far from it. But it is healthy and it is what is needed in this day and age as all others before it and all that are to come. In **To Be A Man: A Guide To Manhood**, you'll learn what this spirit of man is, why it's so important, and how to cultivate it in yourself. The 3 P's of manhood and while they represent a foundation of what being a man is all about. How a man is to handle women in his life. How a man is to handle enemies in his life. How a man is to handle accumulating resources in his life. The inextricable connection between a man's freedom and his sense of manhood. The 2 natural professions of man that every man must develop to feel fulfilled. The relationship between pain, challenge, and growth and what this means for a man. The one and true measure of a man that has held since time began and will until it ends. How to get started on the path to manhood and what this means for every man on it. And much more.
