The Unheard Voices Community Organizations And Service Learning:

The Unheard Voices Randy Stoecker, Elizabeth A. Tryon, 2009-08-21 Service learning has become an institutionalized practice in higher education. Students are sent out to disadvantaged communities to tutor, feed and help organize communities. But while the students gain from their experiences, the contributors to *The Unheard Voices* ask: Does the community? This volume explores the impact of service learning on a community and considers the unequal relationship between the community and the academy. Using eye-opening interviews with community organization staff members, *The Unheard Voices* challenges assumptions about the effectiveness of service learning. Chapters offer strong critiques of service learning practices from the lack of adequate training and supervision to problems of communication and issues of diversity. The book's conclusion offers ways to improve service learning so that future endeavors can be better at meeting the needs of the communities and the students who work in them.

CD Utilizing practical examples from diverse contexts across five continents, it looks at how communities are empowering themselves and bringing about systemic change. *Liberating Service Learning and the Rest of Higher Education: Civic Engagement* Randy Stoecker, 2016-05-23 This book questions the prioritization and theoretical philosophical underpinnings of the core concepts of service learning: 1. learning, 2. service, 3. community and 4. change. By liberating service learning, the author suggests reversing the prioritization of the concepts, starting with change, then community, then service, and then learning. In doing so, the author clarifies the benefits and purpose.
