@ Worship Teresa Berger, 2017-07-14 A host of both very old and entirely new liturgical practices have arisen in digital mediation from the live streaming of worship services and pray as you go apps to digital prayer chapels virtual choirs and online pilgrimages Cyberspace now even hosts communities of faith that exist entirely online These digitally mediated liturgical practices raise challenging questions Are worshippers in an online chapel really a community at prayer Do avatars that receive digital bread and wine receive communion Worship proposes a nuanced response to these sometimes contentious issues rooted in familiarity with and sustained attention to actual online practices Four major thematic lines of inquiry form the structure of the book After an introductory chapter the following chapters look at digital presence virtual bodies and online participation ecclesial communities in cyberspace digital materiality visuality and soundscapes and finally the issues of sacramental mediation online A concluding chapter brings together the insights from the previous chapters and maps a way forward for reflections on digitally mediated liturgical practices Worship is the first monograph dedicated to exploring online liturgical practices that have emerged since the introduction of Web 2 0 Bringing together the scholarly tools and insights of liturgical studies constructive theology and digital media theories it is vital reading for scholars of Theology and Religion with as well as Sociology and Digital Culture more generally

The Power of Music Michael L. Brown, 2019-01-08 Music can either Connect You to God or Drive You to the Devil God created the human race to enjoy music and to make music and through music the world has been dramatically changed for good and for evil In this fascinating book Michael L Brown takes the reader on a journey through the history of music from classical to rock and from hip hop to gospel showing just how transformative music has been and how much God wants to use it to change the world again Brown contends that it is time for all Christians to make a concerted effort to recover the potential of anointed music and song in our assemblies and in society in our services and on the streets in studios and in schools The

counterculture revolution of the 1960s only succeeded with the help of satanically inspired music and mind altering drugs Could it be that today s Jesus revolution can only succeed with the help of Spirit inspired music and a life altering encounter with God What else will produce the necessary change in our perspective After reading this book believers will never again listen to music the same They will finally understand its power and divine origin but more importantly they will know how God wants to use it to usher in a global outpouring that will change the world forever This book will show you how music can either indoctrinate or educate you spark rebellion or patriotism and drive you to the devil or draw you closer to God This book will stir up musicians artists and worshippers everywhere to dive deeper into an appreciation and adoration of the One Himself who created sounds songs and melodies BECKAH SHAE Dove Award Nominated Singer Songwriter Musicians and non musicians alike will be inspired by the powerful ways God intends to use music in today s end time drama BOB SORGE Author of Exploring Worship A Practical Guide to Praise and Worship Dr Brown has written a must read for all musicians singers and songwriters who desire to harness the power of music to glorify Jesus change the atmosphere and release heaven s sound on the earth KELANIE GLOECKLER Worship Leader and Songwriter Executive Director of Access Worship International
